Another South Carolina Paper Supporting Ike

COLUMBIA, S. C. (AP)—The Columbia Record said today the national Democratic party proved its ineptitude during the party's convention in Chicago.

In its lead editorial, the Record said "the national Democratic confusion in Chicago, put on under the klieg lights of television proved conclusively to all who read, saw or heard the goings on, that the national Democratic party of today is not competent to control anything—even itself."

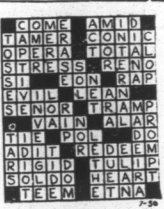

The paper charged the party could not make up its mind. "Take the so-called loyalty oath farago as perfect a demonstration as could have been devised."

The Record defined a Democrat of today as "a person who doesn't know his fractional mind, even on his own party rules."

The editorial ended with a question. "How then can the party affront the nation's voters intelligence by asking them to return it to power and corruption?"

DAILY CRYPTOQUOTE—Here's how to work it:

A XYDLBAAXR
is LONG FELLOW

One letter simply stands for another. In this example A is used for the three L's, X for the two O's, etc. Single letters, apostrophies, the length and formation of the words are all hints. Each day the code letters are different.

Richmond Paper Is Out For Ike

RICHMOND, Va. (AP)—The Richmond News-Leader today endorsed Dwight D. Eisenhower for president, the first time in the newspaper's history it has endorsed a Republican presidential candidate.

In the past, Editor Jack Kilpatrick said, if the News-Leader did not endorse a Democrat it refrained from endorsing any candidate. It did not endorse any candidate in 1948.

"Twenty years of power have left the Democratic party... a victim of its own obesity," the paper said.

"To return a Democratic administration for another four years, even with so able a man as Adlai Stevenson at its head, would effect no perceptible change. The same fat cats, grown sleek on 20 years of cream, still would come fawning at the White House door."
