## Living Costs Hit New High Sixth Month

**WASHINGTON, (P)**—The cost of living hit an all-time high for the sixth month in a row, during the July 15-Aug. 15 period, the Bureau of Labor Statistics reported today.

The bureau said retail prices jumped two-tenths of one per cent during that period, assuring more than 1,250,000 railroad workers a two-cents an hour wage boost under their cost of living escalator contracts.

Wage rates of some 200,000 Northern textile workers and some aircraft and city transit workers also are affected by the new figure.

Retail prices in all major groups, except among and house furnishings, increased during the July-August period.

Biggest jump-six-tenths of one per cent—was reported for fuel, electricity and refrigeration. Retail foods and rents rose three-tenths of one per cent. Apparel dropped one-tenth of one per cent. House furnishings remained unchanged.

The new cost of living figure is 12.3 per cent higher than June 15, 1950, and 3 per cent more than a year ago.

The boost in food costs resulted chiefly from a 4.1 per cent increase in egg prices and a 2.6 per cent increase in meats, poultry and fish.

## Nixon Says Charge Just A Hiss Smear

**SACRAMENTO, Calif., (P)**—Sen. Richard M. Nixon said today the charge he was "morally wrong" in using \$17,000 from an outside political fund was just another "smear" from the Alger Hiss crowd.

The youthful Republican vice presidential nominee promised his supporters the attack on his moral character would not "slow up my attack against communism and corruption."

"This is another typical attempted smear by the same left wing elements which have fought me ever since I took part in the investigation which led to the conviction of Alger Hiss," Nixon said.

Nixon's blast was his reply to a demand by Democratic National Chairman Stephen A. Mitchell that he withdraw from the Republican ticket because he had accepted California money from a group of Californians.

Blasted by Mitchell, Mitchell yesterday asked GOP presidential candidate Dwight D. Eisenhower to disown Nixon as his running mate because "the American people know this is morally wrong."

Nixon said by the same logic Sen. John J. Sparkman of Alabama, the Democratic vice presidential nominee, should be asked to resign. He said Sparkman's wife "is on the federal payroll," and Mrs. Nixon is not.

At Omaha, Neb., where Eisenhower spent the night, aides said "may be" three bank robbers who escaped from Lewisburg, Pa., prison Sept. 10 and robbed a bank in New York last Tuesday.

## Caudle Reveals Whiskey "Deal"

**WASHINGTON (P)**—T. Lamar Caudle told congressional investigators today the story of a former bootlegger who claimed he got in trouble as a tax evader because he refused to pay a \$20,000,000 "debt."

Caudle, fired last year from the Justice Department, said he couldn't vouch for the story, which he attributed to "Niggy" Rutkin, a former New Jersey rum runner.

He said he hesitated to tell about it in public for fear of "hurting somebody."

A House committee investigating the Justice Department told Caudle, their star witness, to go ahead.

Caudle said Rutkin told him Joseph D. Numan Jr., former internal revenue commissioner, was attorney for a former rum runner associate on whom Rutkin blamed his prosecution.

**YEAR NOT KNOWN**  
Caudle identified Numan's client and Rutkin's one-time colleague only as a "Mr. Rheinfeld." The testimony did not make clear what year the Rutkin case occurred, but Caudle said it was after Numan left the internal revenue job. The witness said Rutkin told him his story last year.

Rutkin and his attorney came to see Caudle about their troubles—
