

Low Temperatures Due This Month

WASHINGTON (AP) — The Weather Bureau said today that its 30-day outlook for October "calls for temperatures to average above seasonal normals over the western half of the nation with the greatest departures west of the Continental Divide."
"Below normal temperatures are expected east of the Mississippi except for near normal in Florida, New England, and the Upper Great Lakes," the bureau said.

Wreck Damage Case Ended In Non-Suit

The \$25,000 personal damage suit brought by George T. Bennett, Erwin grocery clerk, against J. N. Stephenson of Dunn ended late yesterday in a non-suit in Harnett Superior Court.

Judge Cuse Sharp held with attorneys for Mrs. Doris Stephenson, who was driving her husband's car at the time it was involved in an accident with one driven by Bennett, that evidence failed to support Bennett's claims of negligence or to uphold his contention of severe injuries suffered as a result of the accident.

Bennett had asked \$25,000 compensation for personal injuries and an additional \$2,000 for repairs to his damaged car.

Mrs. Stephenson testified that she was traveling at a very moderate rate of speed on the correct side of the street and had the right-of-way at the intersection when the crash occurred. Several witnesses, including Dunn police officers, investigated the wreck, corroborated her.

The wreck out of which the suit grew happened in Dunn October 4, 1951 at the intersection of Orange and W. Egerton Streets.

An automobile damage suit was the next case called and evidence in it was due to be resumed today. Jack F. Rife, a Ferndale, Mich. service man is suing for recovery of \$832.39. That is the sum he claims was needed to repair his car following a collision with a car driven by Clyde U. Jones of Cumberland County.

The accident happened in Dunn on August 6, 1951 which accounts for its trial in Harnett County. Rife was in Harnett for Army maneuvers.
