## CIO

(Continued from page one)

The performance of Parker and Thomas Bamford said, is an "outlet for the CIO." He attacked the CIO, destroyed the unity of Erwin workers by setting that they join the UTW-AFL and then become disgusted with the AFL and ask to get back with the CIO. Their actions more than anything else should convince the Erwin workers who their misleaders are.

Following is the text of the statement by Bamford:

I have been advised that Howard Parker and Ted Thomas are openly denying that they were trying to get back with the CIO. To make sure that those concerned know the truth here are the facts of what happened.

During the last month I have been hearing constant reports from sources friendly to Howard Parker that he was dissatisfied with the UTW-AFL and wanted to come back to the CIO.

On October 6th, I received a phone call from John Rife, the director for the CIO Southern Drive in Atlanta Georgia, telling me that Howard Parker was wanting to come back to the CIO. The statement below from Franz Daniels, North Carolina Director for the Southern Drive indicates clearly that Howard Parker was requesting Franz Daniels to interview him in getting back to the CIO.

Through Franz Daniels an appointment was made for Parker and Thomas to see me in our Textile Union CIO office in Charlotte on Thursday, October 9th. About 10 o'clock Thursday morning Howard Parker and Ted Thomas came to my office. We had about an hour conference. Franz Daniels sat in on that conference.

Parker in the presence of Thomas, Franz Daniels and myself told us that he never believed in the UTW-AFL and wanted to come back to the CIO.

I told him that one of the conditions on which we would reorganize his being re-hired by the CIO was that he remain in Erwin openly repudiate the UTW-AFL, tell all the Erwin workers whom he had led out of the CIO that he made a mistake and by doing so and that now they should all come back to the CIO. In other words tell the workers in Erwin exactly what he said in our office on how he felt about the UTW-AFL. Thomas didn't do too much talking, but he seemed willing to do this if Parker would go along. Parker indicated that this was asking very much of him, that this was very hard for him now to do and that this was a very unpleasant thing for him to do.

No final decision was made at this meeting. Parker wanted to

**THE FINISHING TOUCHES** — The finishing touches are being put on the huge cake to be served to those coming to the registration party at the Gardner's Dairy here. The party, sponsored by the Dunn Junior Chamber of Commerce, is designed to encourage those not already registered to do so. Adding the decorations are, Joe Earnhardt, left and Glenn White, right, owner of Dunn-Rite Bakery, where the cake was made. Leder Brothers is providing the cake and Gardner's Dairy, the ice cream. think it over. It was agreed that Parker and Thomas would let me know through Franz Daniels the next day. I heard no more from them.

On Sunday, Howard Parker went on the radio. He said CIO was spreading vicious rumors about him, that with all the honesty he could command he wanted to say that the CIO was lying when they said he was trying to get back into the CIO. Because Parker calls the CIO liars we want you to know the facts. Below is a similar sworn statement from Franz Daniels.

**JAMES W. BAMFORD.**  
A similar statement corroborating Bamford was issued by Daniels.

**LEGION TO MEET**  
At 7:00 p. m. Thursday night, October 16, Dunn Post number 59 of the American Legion will have its monthly supper meeting at the Legion Hut. A barbecue supper will be served dutch. All members are urged to attend.

## Smith Flays Use Of Abuse

**ASHEORO (AP)** — Democratic slogans and appeals echoed in Republican Randolph County today following a rally here yesterday. Sen. Willis Smith warned that the campaign is "degenerating into name-calling, abuse and vilification." Smith said he objected to the abuse of Gen. Dwight Eisenhower "who has served his country so well." But he said he intends "to support the Democratic party, unless, in the years ahead, I see I cannot continue to do so."

Rep. Harold Cooley said Eisenhower is unfamiliar with all-important farm problems.

## Students Hold

(Continued From Page One)  
A high school publication vowed "to get even." To prevent any unpleasantness Principal Fouts, it was reported, sent his son to Calypso to finish his senior year. McNeill said he supposed this was the first opportunity the Boone Trail boys had been presented to make good on the threat "to fight."

McNeill said it seemed several ring leaders probably planned the fight and he thought the others, boy-like, had gathered simply to see what went on. When the officer arrived he said he saw Winfred McNeill, Glenn McCormick and Bruce Putnam, all of whom he had summoned as witnesses. The officer said in the group he saw running from the scene he recognized Cecil Stewart, a boy recently expelled from school.

The six boys for whom papers were issued included Cecil Stewart, Cecil O'Quinn and Jimmy Stewart, charged with assault and disturbing the peace of an educational institution and J. D. Patterson, Archie Patterson and Tommie Patterson who were charged with committing an assault. No record could be found of other names although McNeill said he issued papers for ten boys and that number appeared in court.

However, Solicitor Neil Ross told the Court it would be necessary to take a nol pro because of the failure of young Fouts to appear to testify. "The state cannot make out a case," Ross said. "We know someone was assaulted, but unfortunately we aren't able to prove who did it. I am sorry we can't convict the guilty one, and regret the unfortunate publicity of this incident. These boys ought to be proud to go to Boone Trail and behave when they go there."

Defense Attorney W. A. Johnson and D. C. Wilson said it was "too bad the person who did the assault was not available." McNeill said Principal Fouts assured him when papers were drawn, that he would have his son present to testify. An unconfirmed rumor was that young Fouts had boarded a bus in Greenville to return to testify and that the court authorities called the case around 10 a. m. to forestall a hearing on the case. This could not be verified and Fouts did not appear at the court.

**STUDENTS WARNED**  
Judge M. O. Lee warned the students "that once you get a record, it will pop up again. Go back to school and cooperate with the authorities."

McNeill said that the principal had asked him to stay in the school office one day recently after several unruly boys had been expelled. The officer said several boys who were dismissed last year had appeared on the school grounds, "running behind trees like young Indians." Keys to the school were taken from the principal but recovered on Friday, the officer said.

ious of the judgment of an administration which failed to see the Red stain seeping into the most vital offices of our own government."

Eisenhower told his Memphis audience, which included many cotton farmers, that prices for farm products "appear on the surface to be good."

**FARMERS IN SQUEEZE**  
"But farmers know they are caught in a squeeze that is flattening their pocketbooks," Eisenhower said. "Their costs are rising alarmingly while their prices are weakening and their taxes soaring."

Eisenhower said if he is elected he will pledge "an administration that will cleanse all farm programs of partisan politics, that will decentralize their administration, that will increase farmer-participation in their own programs."

"And I pledge you know," Eisenhower added, "there will be no Branigan plans."

He said outstanding farm leaders of the South would be invited to membership on a bi-partisan farm commission, if the Republicans win.

ham and Cooleemee were voting CIO, are now going to vote AFL to stick with the workers in these other two big Erwin Mills."

"And it looks like the majority of non-union workers are going to vote AFL too. They know there will be a Union in Erwin - and when it comes to choosing between the AFL and the CIO, they are choosing the AFL as a decent, democratic and responsible union, that won't cause the trouble, and turmoil that the CIO is bent on causing."

**URGE AFL VOTE**  
Delegations from the Durham and Cooleemee Erwin Mills were talking with workers at shift changes urging them to stick together as they have done for the past eleven years. They pointed out that the negotiating committee at these two plants were waiting for the Erwin workers to join with them to begin negotiations with the Company while the current contract continued to run until a new one could be reached.

**THOMAS AND PARKER DENY**  
Ted Thomas and Howard Parker in a joint statement to the Erwin workers today denied the last minute false charges of the CIO that they were trying to leave the UTW-AFL and go back to the CIO Textile Union.

In printed statements and on the radio they said they had not asked for a job from the CIO Textile Union, they would never work for this corrupt union, and they asked the Erwin workers not to believe the CIO lies.

They said "This is one of those last minute slander attacks by the CIO to try to confuse and fool the Erwin workers. The CIO knows they will be voted out of Erwin tomorrow and they are desperate, and are now making personal attacks to try to keep the Erwin workers separated from those of Cooleemee and Durham."

**PITTSBORO DELEGATION**  
A delegation of nearby Pittsboro workers at the Chatham Mills joined with the Erwin workers in telling the advantages they had gotten under UTW-AFL contracts which included pensions fully paid for by the Company and seven paid holidays a year, besides many other benefits.

**AFL WINS ELECTION**  
Southern Director Joseph Jacobs announced that another mill had voted AFL on yesterday. This was the Irving Mills of Lexington Kentucky where the AFL won by a majority of 216 to 114, and thus became another in the long list of southern mills that were voting for the AFL.

Jacobs is a summary of the situation at Erwin said, "The CIO on the radio before the election on October 1st pointed out the importance of the three Erwin mills being in one Union. That was good advice before Oct. 1 and that is good advice now - although now the CIO is trying to back out of that and trying to tell the Erwin workers they can stand alone. The AFL will
