Reds Fail In Drive To Break Through

RENEE MARTZ

Renee Says Sinners Must Pay The Price

While Truman is giving 'em Hell across the country, Renee is warning of the perils of Hell right here in Dunn.

These Little Things

VISITOR FROM TEXAS MAY BE STRANDED HERE

An elderly visitor from San Antonio, Texas, believes she may be stranded in Dunn. Mrs. J. H. Bond, the visitor, appealed to The Daily Record for help to stay just to make sure. The story is both long and complicated. Mrs. Bond lives in San Antonio near Mrs. Bill Young, Mrs. Young is a former resident of Dunn. Mr. Young had to attend a convention in Washington, D. C. and invited Mrs. Bond to accompany him there. She went to visit a daughter and son-in-law, Lt. Col. and Mrs. Ritz. Enroute to Washington, Mr. Young came by Dunn so that his wife and children could visit Mrs. Young's family here. They returned from Washington and Mr. Young left Mrs. Bond at the Hotel Cotton Dale for a few days while he joined his family for a visit with his in-laws. Late last week, Mr. Young came by to inform Mrs. Bond that since his wife's brother was coming in from Oregon that they might be delayed, but said they'd pick her up to return to San Antonio on Monday. In the meantime, Mrs. Bond

The world-famed 12-year-old evangelist has been here only a few days, but it didn't take her long to find out that there are plenty of sinful souls and heathens in this town.

Last night in another sermon at the Gospel Tabernacle, pretty little Renee Martz told a congregation that packed the church, "While Truman is giving them Hell in his campaign from train platforms, Dunn is going to Hell. It is high time that you woke up to the opportunity and hear the gospel."

It's high time, said Renee, for lost souls to hit the sawdust trail, to get down on their knees and ask for salvation.

She echoed the sentiments of the congregation. Loud "Amen's" followed her interjections. Renee poured it on, and her audience loved it.

The beautiful child prodigy, who sings in 13 languages and started preaching at the age of six, made it very plain to the congregation. "In this time of crisis," she said, "it is the duty of all peoples to prepare to meet their God."

A dozen people accepted her invitation to salvation. Appearing with Renee here are her father, a trombone-playing evangelist himself, and the Rev. Russell Ridgway, a popular evangelist who has been here many times before.

Renee, who just returned from her third tour of Europe, sings at each service. Tonight, Renee will speak on "Trouble in Egypt" and relate some of her experiences while in the Egyptian capital city of Cairo, where the rioters were standing 15,000 (Continued On Page Six)

Truman Denies He's Been Soft With Commies

EN ROUTE WITH TRUMAN (P) — President Truman bitterly assailed the Republicans today for "spreading the outrageous falsehood" that his administration has been "soft toward Communism."

Mr. Truman also scoffed at Dwight D. Eisenhower's plans to call a conference of governors to discuss the touchy civil rights issue. He said the Republican presidential nominee "obviously does not know the hard facts of life" about civil rights and "doesn't know what it takes to get something done in this field."

Setting forth on his third whistle-stop tour of the campaign, the President said Democrats have fought Communism successfully both at home and abroad. And he asserted that the Reds would be "delighted" to have the Republicans win the November elections "because Communism thrives on reaction and depression."

Mr. Truman left Washington aboard his special train early today for a three-day rail and auto tour of Delaware, New Jersey, Pennsylvania and West Virginia.

CALLS IT PROPAGANDA In his address prepared for delivery at Jersey City, N. J., he said the GOP has resorted to "every propaganda technique" in an effort to put over "the big lie" that Democrats are soft toward Communism.

"In the face of everything my administration has done to build up our defenses against Communism here and abroad, the Republican charge would be funny if the matter were not so serious," he said. He said his administration has fought Communism by creating "the finest intelligence service in history" and "vastly strengthening" the FBI; with "highly effective" programs for industrial and port security; by setting up "government-wide standards to protect secret information;" and through a loyalty program which gives federal employees a "more careful" screening than "any other group in the nation."

Florida Is Hit By Bad Storm

MIAMI, Fla. (P) — A strong northeaster storm with winds as high as 58 miles an hour swept down on Florida today threatening winter truck crops and berling small craft along the inland waterways. Farmers feared tomato crops around Fort Pierce and Lake Okechobee would be damaged as heavy rains pelted areas from Jacksonville to West Palm Beach. The storm was expected as far south as the Florida Keys by tonight. The Coast Guard reported a dozen or more boats either broke loose from their moorings or were sunk along the east coast. Growers in the rich Indian River belt said the citrus crop may be damaged also by the high winds. The weather bureau said the northeaster was caused by a high pressure cold front to the north of Florida. The Coast Guard station spokesman here said he had received reports of small craft adrift on both the east and west coasts. Warnings were sent out as barges floated freely on the rough seas.

Ike Promises More Than "Lip Service"

WITH EISENHOWER (P) — Dwight D. Eisenhower campaigned in New Hampshire and Massachusetts today with a promise to do more than "lip service" for small business. "Whatever I can do to help small business and to provide diversified industry in each locality, that I shall do," he told an early-morning audience of 4,000 persons at Manchester, N. H. Aware of unemployment in the New Hampshire textile mills, Eisenhower also promised a "full employment" program if elected. He said the Democratic attacks (Continued On Page Six)

GIs Must Serve Longer Time In Korean War

SEOUL, Korea (P) — Two Chinese battalions charged Snipers Ridge through mud and driving rain tonight, but the Reds failed to break through murderous streams of South Korean machine gun and rifle fire. Rain concealed the 1,508 Reds while they sneaked up the base of the central front mountain. However, they had indicated an attack was in the making by unleashing a heavy artillery barrage. The fanatic Chinese assault began at 6:40 p. m. 4:40 a. m. EST and was continuing an hour later. The Reds did not succeed in getting within hand grenade range of Republic of Korea 2nd Division defenders.

RAIN BOGS ATTACKER Rain bogged down the Red attackers, but it prevented the South Koreans from lighting flares to illuminate the exposed enemy. It was believed the Reds held a third battalion in immediate reserve.

Heavy fog before nightfall hampered an attack by South Korean troops on Iron Horse Mountain, west of Snipers Ridge. The ROKS stormed up the southern slopes to within 50 yards of the crest. Hurling hand grenades and firing small arms, the South Koreans dug in on the mountainside just a short distance from Chinese Communists defending the peak.

BAD NEWS FOR GIs

WASHINGTON (P) — GIs who were due to be rotated home from Korea this month have been given the bad news that they'll have to sweat it out a while longer. The Army said a manpower squeeze, which "has been developing for months, made it necessary to raise the October "rotation score" from 36 to 38 points. That means that enlisted men must put in from two weeks to two months more time overseas to become eligible for a return to the United States. Under the rotation program, a GI gets four points a month for front-line combat service, three points a month for service in forward areas, two points a month in other parts of Korea, and one point a month in Japan.

The squeeze was caused by an increasing number of expiring enlistments, National Guard units, reserves and draftees called into service directly after the Korean war broke out in 1950 are now winding up their two-year terms of service. They must be replaced first; rotation gets second priority.

HARNETT RALLY NOTABLES — Governor W. Kerr Scott, left, will be the principal speaker at a big, county-wide Democratic Rally to be held Wednesday afternoon at 5 o'clock at the Lillington Drive-In Theatre. Harnett Chairman W. A. (Bill) Johnson, center, will preside over the rally, and Congressman F. Ertel Carlyle, right, will also speak. A crowd of 2,500 is expected for the big rally.

Russell Backs Stevenson

WINDER, Ga. (P) — Sen. Richard B. Russell released a lengthy statement today endorsing the candidacy of Gov. Adlai Stevenson and expressing "bewilderment" over the "endless contradictions" of Dwight D. Eisenhower's political pronouncements. It was Russell's first public endorsement of the Democratic presidential candidate in specific terms, although his office said he has written several hundred letters privately stating his position. Heretofore, the Georgia Democrat, who was one of the candidates defeated by Stevenson at the Chicago convention, has limited his stand to a general prediction that the party ticket would win in November.

NO BLANKET APPROVAL

"It is well known that I do not subscribe to every plank in the Democratic platform nor agree with all of the views of our party's candidate," Russell said today. "I am convinced, however, that Governor Stevenson has the potentialities which can make him one of the greatest presidents who has ever served our country. Russell predicted that American voters will be confused "neither by the bedlam of this campaign nor the military glamour of the Republican candidate" but that they will elect Stevenson "by one of the largest majorities ever given a national ticket."

On his way to Chicago today he will make stops at Decatur and Champaign. Once in the Windy (Continued On Page Three)

Adlai Asserts Foe Without Program

SPRINGFIELD, Ill. (P) — Gov. Adlai E. Stevenson began his last big campaign trip today after picturing Dwight D. Eisenhower as a sort of split personality leading a party with no policy or program. Stevenson told a crowd of about 5,000 persons Monday night that Eisenhower was waging a campaign of "expediency" because his party has "no policy, no program and no real faith in the future of America."

The Democratic presidential candidate said Eisenhower shifted his opinions from day to day and asked "which general are we supposed to believe?" For his final campaign tour Stevenson dropped his airplane "propeller-stop" technique and aimed an old-fashioned railroad "whistle-stop" trip at 12 eastern states with a lucrative total of 206 electoral votes. The itinerary, which winds up with a large party rally in Chicago the night of Nov. 3, runs through Illinois, Indiana, Ohio, New York, Pennsylvania, Massachusetts, Rhode Island, Connecticut, New Jersey, Maryland, Delaware and West Virginia.
