Airplane Stories

DUNN GRAMMAR SCHOOL NEWS

Here are some more airplane stories that we have written. Some of them are true and some are make-believe.

Mrs. Johnson's 3rd Grade MY AIRPLANE RIDE

I had been wanting to ride on an airplane for a long time. Then one day my chance came. My uncle took me to see some airplanes which came to the airport near my home. One airplane was a pretty little red one. My uncle said I could ride in it. There was room in it only for the pilot and me. Soon we were flying high in the sky. I looked out my window down on the streets for below. The cars looked like toys. The people on the sidewalks looked like dolls walking around. My plane ride was the weekend at the J. E. Graham home.

Mr. and Mrs. C. D. Tew and small son, Perry of Clinton visited Mr. and Mrs. J. J. Williams Sunday.

Mrs. D. M. Williams underwent surgery on her hand at the Duke Hospital on Monday. She expects to be there for the remainder of this week. Mrs. Williams hand was injured in a car accident some time ago.

Mrs. Bill Tart Ezell has returned to her home from the Dunn Hospital, but is still confined to her bed.

CLASS HONORED AT PARTY

The Junior class of the Godwin Baptist Church was entertained with a marshmallow roast at the home of their teacher, Mrs. Murphy Holland on Wednesday evening, October 29.

The guests came in halloween costumes and through-out the evening games, such as biting apples on the string, and other contests were enjoyed. Candy suckers were passed during the evening.

ATTEND SERVICE

Mr. and Mrs. J. A. Starling, Mrs. J. D. Pope, Mrs. D. H. Matthews and Mr. and Mrs. Murphy Holland attended church at South Erwin last Sunday evening to hear the Rev. Raymond Britton.

W. M. U. TO MEET

RIDING IN A PLANE

One day I went on an airplane ride. On the plane I saw two men. One man piloted the plane and was called the pilot. The other one helped the pilot, and was called the co-pilot. The plane was big and had many windows. Just before taking off we fastened our safety belts. When the plane took off I had a funny feeling in my stomach. I like the ride and the sights below, but I was glad to get on the ground again.

HOWARD GODWIN, JR.

MY FIRST AIRPLANE RIDE

Once I saw an airplane, I want-

ed to ride in it. I jumped in the plane and asked the pilot to take me for a ride. The pilot took me up high in the sky above the low, the houses looked like doll houses. When I looked down below, the trees and farms looked almost like a checkerboard. Then the pilot took me down.

LARRY MARTIN

MY AIRPLANE RIDE

Once I went for a ride on a plane. At first I was afraid and wanted to stop. Soon we were high in the air. We flew over a river and it looked very pretty. I saw cars on the highway and they looked like bugs crawling along. Next we flew over a town. The stores and houses looked very little. The clouds looked so different high in the sky. Soon I fell asleep. After a short nap my ride was over. I would like to go on another airplane ride some day.
