A resolution of respect for the late Mrs. Minnie Hill Pearce for her outstanding services at the Dunn Hospital was unanimously adopted at a recent meeting of the Board of Trustees of that institution.

The resolution reads as follows: "RESOLVED, 'WHEREAS, for thirty-five years Mrs. Minnie Hill Pearce rendered efficient and valuable services as a graduate nurse to the sick residing in Dunn and its vicinity; and 'WHEREAS, Mrs. Minnie Hill Pearce, since the opening day of The Dunn Hospital, has rendered similar services in a most cheerful manner, to in-patients and out-patients of The Dunn Hospital; and 'WHEREAS, the Board of Trustees of The Dunn Hospital, Inc., realize the great loss the hospital and the community of Dunn have suffered. 'NOW THEREFORE, be it Resolved that in the death of Mrs

The occasion of the trip is a reward to Mr. Denning for outstanding work done in the field of insurance selling. Benson School Given Praise

On a recent official visit to the Benson school Miss Patsy Montague, associate education supervisor of the North Carolina State Department of Public Instruction of Raleigh made observations and investigations for the purpose of evaluating the elementary school as a preliminary step toward accreditation.

Miss Montague commented on the need for more physical equipment for classrooms a need which has been recognized by the faculty and many parents. Much effort has been for some time expended toward securing many of these needed items and some help with finances has been promised by the Johnston County superintendent of schools Simpson.

In a letter to Principal W. J. Barefoot Miss Montague said: "I was delighted that your school has done such an excellent job in limiting the loads of each teacher. I felt that there was a fine spirit of cooperation among all those working with you and I was also delighted to see the intelligent way in which you were evaluating your school plant and making plans to meet all of the requirements for accreditation. I saw many good things in your school and came away with the feeling that your boys and girls are fortunate to work in such a warm, friendly atmosphere."

Morehead

(Continued From Page One) prospective nominees, but also supplementary record of the extracurricular activities of the student to be screened.

The Harnett County John M. Morehead Scholarship Award Committee sought to identify the superior individual in High School to be the recipient of the award.

The basis of the award is set forth in the indenture creating the John M. Morehead Foundation as follows: (1) Scholastic ability and attainments.

(b) Qualities of manhood, truthfulness, courage, devotion to duty, sympathy, kindness, unselfishness and fellowship.

(c) Evidence of moral force of character and of capacities to lead and to take an interest in his schoolmates.

(d) Physical vigor, as shown by interest in competitive sports; or in other ways.

Some definite quality of distinction, whether in intellect, character or personality, or in any combination of these, being the most important requirement for a Morehead Scholarship, and it was upon this basis that the Committee reached its decision.

THESE CONSIDERED The five Harnett County High School Students certified to the Harnett County Committee by the several eligible Harnett County High Schools for consideration for the Morehead Scholarship Award were as follows:

John Matthews Arnold, Route 2, Box 46, Fuquay Springs, N. C. - Lafayette High School; Walter Houston Jernigan, 1004 West Broad Street, Dunn, N. C. - Dunn High School; Charles H. Stewart, Route 3, Lillington, N. C. - Boone Trail High School; James Everett Turlington, 201 West Pope Street, Dunn, N. C. - Dunn High School; Clifton Henry Brock, Jr., Lillington, N. C. - Lillington High School.

All of the five young men proved to be of outstanding ability and the High School faculty of each candidate presented a formidable array of worthwhile personal achievements attained by the candidate.

The Committee arrived at a tentative decision from the total record submitted in advance of the personal interview had with each of the five young men interviewed. But it was only after the most careful screening that the Committee in executive session, following the series of personal interviews, arrived at its final decision.

In making its decision the Committee stated that each of the five young men were worthy of the coveted award. However, the Committee was limited to certifying only two nominees from Harnett County, which limit was based on the number of Harnett County High School graduates for the year 1952.

The award was not based on the financial need of the student, but on the personal qualifications of the student, regardless of the financial standing of his family, the aim of the Morehead Foundation being to sponsor the superior individual, whether he comes from the home of the wealthy or from the underprivileged.

Man On Trial

(Continued From Page One) he was going to let him feel how he felt to lose money.

This was on the same day shortly after officers had captured Cameron's stills. He said he had seen officers with the stills in custody.

He said Cameron told him, "Take that can and set 'fire to Thomas' house." He said Cameron cursed and said, "If you won't I will."

The Negro said he left the house and a few minutes later saw Cameron pick up the can and go straight across to the Thomas house. Five minutes later, he testified, the house trailer burst into flame.

He said the oil can found near his home looked like the same one Cameron had in his house.

The Negro said Cameron put the can down in his yard after the fire was started.

OTHER WITNESSES Daniel Brewington, who was visiting at Hubert Cameron's house, who said he saw a man answering the description of Roy Cameron walking toward the house with the can.

D. P. Patterson, the first to arrive at the fire, told about putting out the fire. He said he smelled the strong odor of gasoline and saw the path of flame leading from the house.

He said Roy Cameron was drunk, picked up a tub of water, threw it on the fire and said, "Let 'er burn."

All witnesses said Cameron was in his stocking feet before the fire. There were no footprints at the scene.

Erwin Church

(Continued From Page One) the circles met every two weeks at the home of one of the members to work and exchange ideas on suitable projects.

Thursday night each member of the group will turn in the items she has made for the big event the following afternoon.

Included in the items will be aprons of all descriptions, place mats, dish towels, pillow cases and other linens, glasses cases, Christmas toys and decorations and many others.

Today and tomorrow the ladies will be busy in the kitchens preparing pies, cakes, cookies and the like for sale at the event. Canned foods and other home-cooked foods will also be on sale.

MEN DRAFTED TOO The men of the church have been drafted into service by the ladies' organization, and their contributions have added some novel touches to the display, as an example, Mr. E. H. Bost has secured a live Poland-China pig, which will be on sale, one of the few items which will be scaled higher than the two dollar limit.

The young people have fallen in line to help the project along and the members of the Young People's Service League have contributed a used vacuum cleaner among other items.

The sale of these items will afford an unexcelled opportunity to secure some novel items for Christmas giving at thrift prices. Most of the items on display would be unobtainable at any other source.

The sale will go on continuously from 3:30 p. m. until all of the items are sold. However, it may be a good idea to come as early as possible, because many of the items are so unusual that they will be snapped up almost as soon as the sale opens.

The California senator said Hiss "should not be discriminated either for or against."

His assignment as budget scout "does not imply" that he will be Eisenhower's budget director in the new administration, Dodge said.

TYLER, Tex. (P) — An atom's stockpile far smaller than that of the United States "could temporarily paralyze" and possibly defeat us," Gen. James H. Doolittle said Tuesday night.
