received permission today to return to Korea and promised to "blast'em out of the sky if I get the chance."

**WASHINGTON** (AP) — Lt. Gen. Edward M. Almond, former leader of the Tenth Corps in Korea and new commandant of the Army War College at Carlisle Barracks, Pa., will be retired in January after 37 years of service, the Army announced today.

**ELMENDORF AIR FORCE BASE, Alaska** (AP) — Twenty-seven planes and three vessels resumed search today for a C-124 Globemaster missing with 52 persons aboard.

**ANCHORAGE, Alaska** (AP) — A series of military air disasters this month tragically underscored the unending struggle between men and the elements in this far northern defense area. Here an airplane gets little chance to forgive a mistake in navigation. In the air and on the ground, weather, menacing mountains and all but impassable tundra swiftly separate men and boys.

**SEOUL, Korea** (AP) — Lt. Gen. Glenn O. Barcus, 5th Air Force commander, said today the Communists are making a "frantic attempt" to restore front line supplies depleted in the heavy fighting of the past two months.

**RICHMOND, Va.** (AP) — President-elect Eisenhower polled a margin of more than 80,000 votes over Democratic candidate Adlai Stevenson in Virginia, official returns of the Nov. 4 election showed today.

**PARIS** (AP) — Roger Duchet, minister of posts, telephones and telegraphs, complained to the ministry of interior Monday that someone was tapping his personal telephone. The Ministry advised Duchet to ignore it. It's just the secret police.

## Bible Instructor Admits Slaying

**READING, Mass.** — A former convict who reformed and became a Bible teacher faced arraignment on a murder charge today in the fatal shooting of a well-to-do middle aged couple who surprised him as he ransacked their home.

Murdell W. MacDonald, 26, an unemployed Boston printer and father of a 5-week-old daughter, broke down after three days of almost constant questioning. Police said he signed a confession yesterday in which he admitted pumping five bullets into O. Stanley Porter, 64, and his wife, 59, with a stolen revolver.

### ADMITS OTHER CRIMES

The slaying climaxed a string of seven previous, house breaks in the area, all of which MacDonald admitted, police said.

## Most Places Will Close Thanksgiving

Most Dunn stores, offices and business firms will be closed Thursday is observance of Thanksgiving, a survey today showed.

Schools of the county will be closed both Thursday and Friday. Assistant Postmaster Charles Lee said today that all departments of the Post Office will be closed and there will be no mail deliveries, except special delivery.

The city hall, county offices and other government agencies will be closed.

The Daily Record will publish an edition on Thanksgiving, as usual. Christmas is the only holiday observed by The Record.

## Soldier Is

(Continued from Page One) life imprisonment.

**BLACKMARKETING, TOO**

In addition, the Air Force accused Cascio of 16 counts of black-marketing with military scrip in Korea.

Arrested as an accomplice with Cascio was S-Sgt. John P. Jones of Manchester, Mass., the Air Force said. He was accused of obtaining the Sabrejet secrets and passing them on to Cascio.

Court martial charges were not preferred against Jones. The Air Force said he cracked under the strain, although he had no previous record of mental instability and a board of Air Force doctors pronounced him insane.

Jones has since been returned to the United States for medical treatment.

The conspiracy indictment charged that Cascio plotted "knowingly" to give intelligence to the enemy about secret flight performance records of the F86E Sabrejet fighter.

## Reds Release U. S. Soldiers

**BERLIN** — Three American soldiers, held by the Soviets for two days, were released today and said the Russians had put out "feelers" to get them to desert.

The soldiers were arrested at gunpoint by Communist "peoples police" Sunday when they accidentally crossed 300 yards into East Germany on a hunting trip.

They were released to American authorities early today.

They were identified as Pfc. Gene W. Adden, 24, Nokomis, Ill.; Pfc. Clifford D. Michael, 23, Middleport, O.; and Corp. James V. Higgs, 23, Toone, Tenn.

### GIRL ALSO RELEASED

A German girl, Ingeborg Rickens, 22, who was arrested with them, was released at the same time.

The soldiers told a press conference that during one of their frequent questionings a Russian civilian, who spoke excellent English, asked them if they ever had considered seeking asylum in the East zone.

The question was put to each of the soldiers in separate interview.

"He did not attempt to give us a sales talk," Higgs said. "He just asked if I ever had considered joining forces with them over there. He dropped the subject right away when I said no."

The Americans said they were arrested by two policemen who trained their guns on them Sunday morning.

**Huggins Named To Guard Post**

Warrant Officer Nelson Lee, administrative assistant for the Dunn unit of the National Guard has resigned and Corporal Eugene Huggins has been named to succeed him, it was announced today by Lieutenant Ed Wade, Commander of the unit.

Lee is moving to Washington, D. C., to accept a position there. He had served the unit under two commanders, almost since its inception. Corporal Huggins, his successor, has also been with the unit, for some time.

Another member of the unit who will be leaving is Corporal Francis Hall who is resigning from the Dunn Police Department to accept a position with the Atlantic Coast Line Railroad in Jacksonville, Florida.

Corporal Hall said today that he plans to transfer his commission to the unit in Florida if possible, otherwise he plans to remain in the Dunn unit on an inactive status.

## Negro Fugitive Surrenders Here

Neil Spence, Dunn Negro, has become tired of being "on the dodge" from Police officers, and ended his period as a fugitive by surrendering himself Sunday.

Spence has been on the wanted list on charges of possession for sale. On that date officers went to his home with a search warrant. They located seven half gallon jars of white liquor, and when they looked around for Spence he had disappeared.

The liquor had been hidden behind a trap door in the ceiling of a closet, and while the officers were taking it out, Spence chose the opportunity to leave without waiting to ask permission.

After his surrender at the police station Sunday he was released under bond of \$200 on charges of possession for sale, pending a hearing in Dunn Recorder's Court.

## Negro Woman

(Continued from Page One) said, she heard the pistol shot.

Policeman John Brockington testified that on the night before the shooting he passed and saw Eula Mae leaving the house and asked her where she was going.

"I'm going to leave home to keep from getting in trouble." There was evidence that the couple had been having trouble for sometime.

Three years ago, Brown was given a suspended sentence for hitting his wife over the head with a chair.

### "JURY'S VERDICT"

Following is the verdict of the coroner's jury:

"We find that Zollie Brown came to his death as the result of a .32 calibre pistol wound in his left chest, the pistol in the hands of Eula Mae Brown. We find it to be an accidental shooting, the pistol being in the process of being returned to Beula Mae Brown."

Members of the jury were: J. W. Temple, Thomas Hinson, W. M. Bailey, B. S. Partin, L. F. Jernigan and Carlton M. Barefoot.

Police Chief Alton Cobb and Constable Oscar Pearce assisted with the investigation and inquest.

## Dry Harnett - Just 11 Cases Of DD

On an unusually heavy Monday morning docket, containing 37 cases, eleven of these involved charges of drunken driving which prompted one spectator to remark acidly, "It's a good thing Harnett County is dry."

Three of the eleven were continued, in one a plea of guilty to careless and reckless driving was accepted and three of the defendants were granted jury trials. These cases were against Oscar Pipkin, Robert Strickland Steedly and Roland Adcock.

In two other cases, both against Willie Brown, one charging assault and the other abandonment and non-support, a request for trial by jury was granted by Judge H. Paul Strickland.

A plea of guilty to careless and reckless driving was accepted in the case of Howard Baker and the charge of drunken driving not pressed when the arresting officer was unable to testify that he had seen the defendant driving the car. He had arrested Baker after investigating an accident in which Baker's car was involved. He drew 60 days, suspended 12 months on payment of \$50 and costs.

Harold Cooley Strickland was convicted of drunken driving and given 90 days, suspended 12 months on payment of \$100 and costs with the recommendation that his license be revoked. He appealed and bond was fixed at \$200.

**FINED \$100 AND COSTS**

The same bond was fixed in the case of Fred Herbert Price, who appealed a sentence of 90 days, suspended 12 months on payment of \$100 and costs with revocation recommended. An additional charge of no operators license was not pressed when he produced a valid license.

His companion, who was in the back seat of the car "passed out" according to the arresting officers. Patrolmen W. O. Grady and Paul Albergine pleaded guilty to public drunkenness and was given 20 days suspended 12 months on payment of \$10 and costs.

This case proved that law violators should look ahead as well as behind for officers. Patrolman Albergine testified that he saw the car Price was driving through his rear-view mirror weaving back and forth across the road, pulled over and let it pass, then overtook it and arrested the driver.

He admitted under cross-examination that the defendant had asked for a doctor when arrested, but added that he asked "about a dozen people including a doctor and lawyer." Patrolman Grady said he was "toting" Norris into the police station and did not hear the defendant ask for a doctor.

Royal Vance Porter pleaded nolo contendere to charges of drunken driving and driving after his license was revoked and a third charge of improper brakes was not pressed. He drew six months, suspended

two years, was ordered not to drive for two years, revocation of his license was recommended for four years, and he was fined \$300 and costs.

Charges of allowing an unlicensed driver to drive his car were not pressed in the case of his companion, Richard Preston Thornton and he was allowed to plead guilty to public drunkenness. "He was probably so drunk he didn't know who was driving his car," admitted the Solicitor. Thornton was given 30 days, suspended 12 months on payment of \$5 and costs.

James Floyd McNeill, Negro, drew a 30 days sentence for trespass and drunkenness. Another Negro, Johnnie Blue, went to the roads for 30 days for drunkenness. He had

been convicted last Thursday of this offense.

Prayer for judgment was continued on payment of costs in the case of Fernie McLamb, charged with a stop sign violation.

**GETS TWO YEARS**

Andrew Poe, tubercular Dunn Negro, was sentenced to two years in the prison ward of the sanatorium for failing to comply with health regulations, with the provision that he can be released before that time if the hospital authorities see fit.

Poe, who has an advanced case of tuberculosis, was quite willing to go to the sanatorium for treatment, but this was the only way his admittance, without waiting 18 months, could be secured.

Capias were issued for Arthur Hall, charged with assault with a deadly weapon, Eugene Dudley, drunkenness, and William Peterson, assault, when they were called and failed to appear to answer the charges.

Earl Williams, charged with drunken driving and no operators license, told the court that he

understood that a returned serviceman was allowed 30 days to renew his license. He had only just returned from Germany.

He was given 90 days, suspended 12 months on payment of \$100 and costs after being found guilty on both counts.

Billy Colon Thornton was fined \$10 and costs with prayer for judgment continued 12 months for speeding 60 in a 35 mile zone.

Prayer for judgment was continued 6 months on payment of \$25 and costs in the case of Nathan Council, charged with having an expired license.

Willie Williams, charged with no operators license, was given 30 days, suspended 12 months on payment of \$25 and costs.

Charges of assault against George V. Knapp were not pressed.

Since it is obvious that the future of civilization lies in the development of moral and spiritual values, educators believe that all means to so develop our youth must be explored. "We are all partners in the undertaking," asserted the speaker.

Insko pointed out that young men and boys are much more affected by what we do than by what we say. "Each scout must say to himself," he concluded, "Let us give impetus to the great moral and spiritual values in scouting, starting with me."
