New Cabinet Holds Meeting

Report States Many Teachers Are Communists

WASHINGTON (AP) — The Senate Internal Security subcommittee said today a preliminary investigation of the nation's schools indicates that "many hundreds" of America's teachers are Communists.

In a 13-page report on hearings it held recently in New York, the subcommittee called for a full-scale inquiry by the 83rd Congress and various state legislatures into "subversive influences in education."

While the senators suggested that their own subcommittee be assigned the task, the House Un-American Activities Committee already has announced it intends to look for Communism in the schools this year. Sen. Joseph R. McCarthy (R-Wis.) also has indicated his Senate Permanent Investigating Committee would like to take on the job.

Senate Republican Leader Robert A. Taft said GOP leaders of the House and Senate will meet soon to work out an agreement on who investigates what, in order to avoid "overlapping" and jurisdictional squabbles.

Taft also expressed doubt whether any Congressional group should try to ferret out individual Communists on school faculties. He said it is appropriate for Congress to investigate any "organized Communist activities" in the schools, but "I don't believe we should try to investigate individual professors and say, 'Here's a Communist; throw him out.'"

The Internal Security subcommittee, headed by Sen. Pat McCarran (D-Nev.) in the 82nd Congress, said it barely scratched the surface of the problem in its public hearings in New York last fall. But it said it found evidence the New York Teachers Union "is an instrument of the Communist party" and there were about 500 Communist members.

With the nation having just experienced its worst polio epidemic in history, Mr. Insko said, "It is natural for us to review how the March of Dimes has helped the stricken."

"The contributions of the American people to this great cause enabled the National Foundation for Infantile Paralysis to combat polio." (Continued on Page Eight)

He said that Harnett has 42 patients now in tuberculosis hospitals and 30 more awaiting admission. "There are probably an equal number of undiscovered cases in the county right now," he declared.

With four mobile units now operating in Harnett County, he pointed out, facilities are being provided to take a chest X-ray picture of everyone in the county 15 years of age or over.

He urged the members of the Dunn civic club to use their influence to take advantage of this service, through business contacts, announcements, and by setting a food example themselves.

"Personal contact is the best way to get the older members of the population to take these tests," he concluded, "and you gentlemen can do a great deal to make our project a success."

The four units will continue to operate daily Tuesdays through Saturdays until January 31. By that time, officials hope that the majority of the persons eligible in the county will have been X-rayed.

The speaker was introduced to the gathering by Dr. Charles W. Byrd.

AIR FORCE SECRETARY Thomas K. Finletter testifies in Washington before the House Armed Services Committee which is holding hearings on recent military transport plane crashes that have taken a toll of 325 lives since Nov. 7. Finletter said the accident rate for 1952 was 29 per 100,000 flying hours, the lowest in Air Force history, although the flying hours were the highest. (International)

IKE VISITS COLUMBIA SUCCESSOR

PRESIDENT-ELECT Dwight D. Eisenhower takes time out to call on Dr. Grayson Kirk (left), his successor as president of Columbia University, New York. Dr. Kirk, after receiving the general's congratulations, said he would attempt to keep the college a "center of universal affairs."

Ike Confering Today With Top Staff Members

NEW YORK (AP) — President-elect Eisenhower brought 22 officials of his incoming administration, including all nine cabinet members, together for the first time today for talks on domestic and foreign policy.

Before beginning the two-day series of discussions, Eisenhower scheduled a conference with Senate Majority Leader Robert A. Taft and Sens. William S. Knowland of California and Eugene C. Millikin of Colorado.

Eisenhower and the three key senators were expected to give the problem of patronage—the parceling out of jobs throughout the country—a thorough going-over during their hour-long conversation.

MEETING OF MINDS Knowland, chairman of the Republican Policy Committee, said Saturday there was a need for "a meeting of minds" on the issue of patronage.

Eisenhower chose the South Ballroom of the Commodore Hotel as the site of the first get-together with members of his high command, beginning with lunch.

His schedule indicated there would be general round-table conferences during the afternoon and meetings of smaller groups all day Tuesday.

In addition to the cabinet members and Eisenhower appointees of cabinet status, Vice President-elect Richard M. Nixon and Henry Cabot Lodge, who will replace Warren Austin as chief of the U. S. delegation to the United Nations, were summoned to the conferences.

THOSE SUMMONED Those summoned by Eisenhower were: Cabinet members: John Foster Dulles, State; Charles E. Wilson, Defense; George M. Humphrey, Treasury; Herbert Brownell Jr., Justice; Arthur E. Summerfield. (Continued from page two)

District Meeting Of Soil Leaders

The State Association of Soil Conservation District Supervisors will hold its 10th annual meeting Wednesday and Thursday, January 14 and 15, at the Cherry Hotel, Wilson.

Frank Doggett, conservationist at the State College Extension Service, announced today W. J. (Bill) Fonville, president of the 285-member organization made up of county supervisors, will preside at all of the sessions.

The Rev. Garland Hendricks of Gardner-Webb College will speak to the group on Thursday morning on "Need for Farm Leadership in Soil Conservation." C. E. Busby, Soil Conservation Service specialist in water rights, stationed in California, will follow Hendricks with "Army in August 1950."

FUQUAY NEGRO KILLED Lindsay H. Hughes, 42, Negro of Fuquay Springs, was shot to death as he got out of an automobile in Fuquay Springs. Police held Neal Harrison, another Fuquay Springs Negro, pending an investigation.

Price Funeral Is Held On Saturday Leander Ray Price, 87, one of Dunn's oldest and best known residents, died at noon Friday at the Dunn Hospital after a lingering illness of about a month.

One of the oldest members of the First Baptist Church, he was active in church work until his retirement from active business about 15 years ago.

He was a member of the Dunn Masonic Lodge since 1907, and for a time he served as a deputy sheriff of Harnett County. Until his retirement he worked as a cabinet maker and contractor.

Governor Has Heart Attack

DURHAM (AP) — Gov. William B. Umstead has suffered a mild heart attack, his private physician said today.

Dr. Ralph Fleming, Umstead's doctor, said the trouble will require "a short period" of rest. He did not elaborate on how long a rest will be required.

Umstead was admitted to Wake Hospital here early yesterday afternoon. His physician said he was suffering from a cold and lingering cough.

Umstead, inaugurated governor last Thursday, was hoarse in his office today.

Fleming said "the period of observation of Gov. Umstead reveal that he has had a mild attack of heart trouble which will require a short period of rest. His condition is much improved since his admission."

JAIL GETS NEW ROOF — As part of the improvement program at the Harnett County jail, the building is getting a new roof as shown in this picture. Additional work on the interior includes plumbing, painting and renovating. The work, badly needed, had been postponed while the issue of a new county court house was in prospect, but since the bond issue failed, steps are being taken to put the jail in first class condition. Bible College Fund Campaign To Start

It is expected that a campaign for funds for the building of the new William Carter Bible College, Goldsboro, will begin within the next few weeks, if plans materialize, it was announced today by Dr. Wm. Howard Carter, President of the College.

Dr. Carter stated that the School is already in need of additional room, and with the increasing student body expected with the beginning of the second semester January 26, and the fall session next September, the need for additional facilities will become acute.

Students attending the Bible College, this term represent demonstrations of men and women who are preparing themselves for

pastors, evangelists, musical directors, missionaries, and church secretaries.

FILLS NEED Dr. Carter stated that the School is filling a need in Southeastern Carolina, since the Evangelical Baptists, Free Will Baptist, Fundamental Baptists, Church of the Nazarene, Free Will Baptist Holiness, Christian Missionary Alliance, Free Will Holiness, Church of God, Assembly of God, Independent Baptists, and Association of the Independent Churches do not have a Bible College or seminary in this State.

Dr. Carter stated that a Bible College does not in any way compete with the State College. (Continued on Page Six)

Tag Sales Lagging As Deadline Nears

Motor vehicle tag sales at Purdie Equipment Company are running behind last year's rate, it was reported today by Gerald Mann, indicating that there will be a rush for new tags the last of the month and possibly long lines of purchasers.

Mann said today that the sales at closing Friday were about 900 behind sales at the same time last year. Although the period for sale of the tags is three quarters gone, there have only been about half the estimated 10,000 tags have been sold thus far.

Total through Friday sold at his office were 4,303 with 3,021 for automobiles, 13 for motorcycles, 588 for private trailers, 119 for farm trailers and 25 for commercial trailers.

With an estimated 5,000 purchasers to be taken care of in the next two weeks, he concludes that purchasers will begin to group up for the tags before the end of this week. There have been short lines this week, but none extending outside the office.

British Papers Praise Truman

LONDON (AP) — British Sunday newspapers put Harry S. Truman among the great American presidents for his foreign policy.

Here is the way some influential publications in Britain see Mr. Truman's departure from the world stage:

The pro-conservative Economist — "Those here, in his own country or elsewhere who delight to point out the defects of American policy might do well to pause for a moment before January 20th and try to imagine in what posture the free world and the U.S. would find themselves if Mr. Truman had in fact been only the small-town party hack they say he is."

The Independent Sunday Observer — "If he is not a great man, he is the most wonderful 'little man' who has ever made great history. His countrymen may need a little time to see him, free from party passions, in his true worth."

The conservative Sunday Times — "The free world has reason to be grateful to the man at the White House over the past eight years."

Fate Of Plane Still Mystery

SALT LAKE CITY, Utah (AP) — The fate of a C-46 transport plane, missing since early last Wednesday in the wild, rugged country in the vicinity of the Utah-Wyoming-Idaho boundaries, remained a mystery today as searchers prepared to cover the region for the sixth straight day.

Several seemingly red-hot tips on the possible location of the missing aircraft have been thoroughly investigated without turning up any leads.

With the nation having just experienced its worst polio epidemic in history, Mr. Insko said, "It is natural for us to review how the March of Dimes has helped the stricken."
