Lennon Will Leave For Capitol Tonite

WILMINGTON — (AP) — Alton A. Lennon, 46, planned to leave here tonight for Washington to take his place in the U. S. Senate after a big parade of fellow townspeople and a farewell speech.

Lennon, appointed by Gov. William Umstead last Friday to succeed the late Sen. Willis Smith, met informally with the governor in the offices of the Wilmington Star News here yesterday.

Umstead offered the new senator any last-minute help he could give and said he is pleased with response he has had from persons all over the state since announcing the appointment.

The governor is taking a short rest here from his office duties, and it was his first meeting with Lennon since the appointment was announced.

HEARS FROM OLD FRIENDS — "I've heard from people I haven't seen in 25 years," Lennon told Umstead. He said he was surprised at the "tremendous number of letters and telegrams he has received congratulating him on the appointment to the Senate post."

Lennon posed for photographs, and Umstead jokingly remarked that "I believe you take a better picture than you look."

"I always manage to look silly, and if I don't do that then I look like I'm mad," the governor added ruefully.

Asked if the Senate appointment would relieve some of the pressure on him, Umstead replied that he still has a lot to do. He said that he must appoint a state milk commissioner, a commission to study governmental reorganization, and must prepare a campaign for a referendum on the issuance of \$72,000,000 in bonds for schools and mental institutions.

The city of Wilmington passed a resolution expressing its official approval and appreciation for the appointment of Lennon to the senate.

Chinese Making Heavy Assaults

SEOUL, Korea, Wednesday (AP) — South Korean troops, ordered to "stand or die," dug in early today in desperate attempts to stem the tide of "human sea" assaults by up to 30,000 Chinese on the flaming central front.

Battered ROK troops, who fell back two to three miles before the heaviest Communist offensive in more than two years, hastily threw up new defenses along a 15-mile front from Kumka to the Pukhan River.

The Chinese, advancing over their own dead and through "daisy cutter" artillery fire exploding at low level, made three main penetrations of the ROK line Tuesday.

The Reds launched a fresh attack east of the 15-mile wide breach Tuesday night. Two companies slammed into an ROK division east of the Pukhan which escaped yesterday's steamroller assault.

Eighth Army headquarters said the situation was "very fluid," while American officers at the front were more specific. They said they expected "the roof to fall in" on the ROK divisions.

His condition was described as not serious at Dunn Hospital today.

Patrolman Alberstine stated that Gilbert was also sought by the army for deserting.

The car was stolen from Jo L. Seene of North Tazewell, Va., while he was in Norfolk, Va., the patrol said.

Ennis Family Reunion Set

The Ennis Family of Dunn and the area will keep a date Sunday which was set so many years ago that no one seems to remember just what year it all began. A family reunion will be held at the Primitive Zion Church, Route 3, Dunn, beginning at 11 o'clock and running until 4 in the afternoon.

Mrs. J. H. Ennis, 78, who says she thinks she attended the first reunion, said this morning that when began the reunion was a small affair. At first the family gathered each year in the home of various members.

When the group grew too large to be housed in a single home, it was decided to take the reunion to church where most of the members had belonged. Primitive Zion Church on the Marshall Ennis Road was selected.

After a number of years a regular date in each year was set for the reunion. It was decided that they would meet on the third Sunday in July. And even after all of the family had moved too far away from the Primitive Zion Church to be members, the reunion was still held there.

Now some 25 or 30 years, since the reunion tradition began, none of the Ennis family is a member of the Primitive Zion Church. However, they continue to assist in keeping the building up so they can use it once a year for their reunion.

West Berliners Sell Them Food At Low Prices

BERLIN — (AP) — Patriotic West Berliners in a tiny border sector seized the initiative in the "battle of butter" today and sold fresh fruit and milk to thousands of hungry Communist zone residents at special cut-rate prices.

East Berliners, whose Red masters denied them free food offered by President Eisenhower, rushed across the border in such numbers that the special mobile stores sold out in the first hour and new supplies had to be rushed to them.

POLICE KEEP HANDS OFF — Communist police did not interfere, apparently out of fear of touching off another riot.

The sale, in the American sector of Kreuzberg on the very edge of the East-West border, was designed to show the United States at least one way food could be delivered to East Germany.

Borough Mayor Willi Kressman opened four large mobile food stores stocked with fruits and milk in Oranienplatz, some 200 yards from the border. He originally planned to sell the food only to residents of 11 East Berlin streets on its border, but so many persons from other parts of East Berlin appeared that he threw the sale open to all.

LONG LINES FORM — East Berliners lined up for hundreds of yards at each stand. Some drank their milk and ate their fruit in the streets. Others carried the food across the border to share with their families.

East Berliners were offered their choice of either five oranges or five pounds of cherries. In addition, each could buy two pounds of milk. (Continued on page two)
