DUNN MARKET AVERAGE AMONG TOP PRISONERS Herded Into Cells As Riot Is Ended

AS SALES GOT UNDERWAY — History was in the making when this picture was taken yesterday afternoon. It marked the beginning of sales at Dunn's new Planters Warehouse, being operated by Rodney Chestnut, shown at extreme left, Clarence Lee Tart and Emmett C. Edgerton. Buyers representing the various companies are lined up behind Chestnut, who a moment later started the sales. (Daily Record Photo)

City Attorney Refuses To Act In "Hot" Board Session

What City Council intends to do about the enforcement of three violations of standing ordinances was not quite clear today following a meeting of the Board last night.

Three ordinances on the books in Dunn are currently being violated by local citizens.

An ordinance requiring residents of Dunn to purchase license tags is going unenforced. At Council meeting last night City Attorney I. R. Williams stated that he knew there was such an ordinance but that he had "searched all the books and had not been able to find it."

Asked what he intended to do about the matter, Williams said, "I don't care. I'm not going to do anything."

Following a lengthy discussion by Council as to what should be done, a motion was passed to set up another ordinance and "try to enforce it."

ORDERED TO DRAW NEW ONE — Council asked Williams to draw a new ordinance to be presented at the next regular meeting.

According to City Manager A. B. Uzie, some 100 citizens have not purchased tags. Previously he requested that some court action be taken.

No one seemed sure who should bring court action on this matter. Williams stated that it wasn't his job and that "You newspapers can say what you will."

Another violation involves the construction of signs on city property along the narrow strip of land between the side walks and the streets. Dunn has three such violations at present.

Council Approves Pool Rooms Here

The possibility that Dunn's City Council will approve the establishment of pool rooms here seemed certain last night as the Board set up a committee to draw up an ordinance which would legalize billiard parlors.

Reds Free 150 More Americans

PANGSUNGJOM, Korea (AP) — The Communists released 150 Americans today, the most in one day since "Operation Big Switch" started 17 days ago, amid reports that men captured in the last two days of the Korean war may be freed tomorrow.

Some of the returning prisoners said the Saturday delivery of 94 Americans will include men from Camp No. 2, a compound the United Nations did not know existed.

It was believed the camp was set up for men recently captured. The prisoners said the Camp No. 2 prisoners, many of them sick and wounded, reached the nearby Communist base at Kaesong last night.

Prisoners returning to freedom today were jubilant. Some of the Americans were so happy that their shouts of "whoop" could be heard while the Russian trucks which were transporting them.

Town Will Buy New Chevrolet

City Council accepted a bid from Westbrook Chevrolet last night on a four-door car to be used for a police car.

Three sealed bids were received by the Board. Following discussion of the bids, Westbrook's offer of a car for \$1865 minus the taxes of \$125 was found to be the lowest offer.

Westbrook offered Council \$500 allowance for the 1955 police car being used at present. After deducting the taxes and the allowance, Council will pay \$1365 for the new car. City Manager Uzie said that delivery of the car may be delayed for six weeks as a special order would have to be made.

Specifications call for leather seats and several other special features, including two spot lights.

Other bids were received from Auto Sales and Service for \$2154.95 with a \$500 allowance on the present car, and from Naylor-Dickey Company for \$2059.94 minus taxes of \$164.30. Naylor-Dickey gave no offer on the old police car.

It was also announced that the old fire truck will be sold at public auction Saturday morning at noon.

STRICT SUPERVISION

In his request, Conn asked that the pool room not be allowed to sell any alcoholic beverage, and that it be under "the strict supervision of the police department."

Technically, a pool room may sell beer, but members of the Council stated that if they did so, their permit to promote might be revoked.

No formal action could be taken last night, but the matter was tabled until the new ordinance could be presented at the next regular meeting September 3.

Conn received few questions during the discussion of his petition. In his talk before Council, he stated that he would run a "respectable business."

Leon Godwin asked Conn what assurance Council would have that other persons who might open a pool room would run them "respectably." Conn replied that that would be the business of the police department.

Shah Flying Home For Great Welcome

TEHRAN, Iran (AP) — Jubilant Royalists festooned Tehran with flags and flowers today in preparation for the triumphant return of the Shah in streets stained by bloody rioting only two days ago.

The chartered plane taking the Shah home from Rome arrived in Baghdad, Iraq tonight.

Tanks and troops of new Premier Gen. Fazlollah Zahedi stood guard at street corners of the capital and across the nation. But Zahedi's authority was virtually unchallenged following the arrest yesterday of deposed Premier Mohammad Mossadegh, who was held and guarded from Rome for trial as a traitor.

Crowding crowds greeted triumphal marches across the wide streets where Mohammed's mob shortly arrested Shah's men and demolished their headquarters.

pictures of him less than a week ago.

MOSSADEGH PROTECTED — Mossadegh languished in a room at the plus Tehran Officers Club, where Zahedi is living. Zahedi told the 70-year-old former premier he would be protected until he is brought to trial for plotting against the legal government.

The Army said the government was in complete control of Iran after crushing scattered resistance in the provinces, particularly at the oil refining centers of Abadan and Shiraz.

Reports circulated that former Foreign Minister Hassan Pahlavi was alive and had fled to an unknown destination. Tehran radio had reported Wednesday during the peak of the riots that Pahlavi was grabbed by a mob and "out to places."

Seven From Area Graduate At ECC

Seven area persons received degrees at East Carolina College in the summer graduation exercises held today.

Degrees were conferred upon 174 students in graduating exercises terminating the 1953 summer terms of school at East Carolina.

President J. D. Messick of the college presided over the exercises which featured an address by Lt. Governor Luther H. Hodges of Louisville and Raleigh, a vocal solo by Mrs. Gladys Reichert, White and organ music provided by Prof. George E. Perry. Both musical artists.

Heavy Damages Done To Prison; One Is Killed

MONROE, Wash. (AP) — Grim guards and state police herded 160 sulking reformatory convicts back to their cells today, ending a fiery riot in which one inmate was killed and three were wounded.

The holdout prisoners, who huddled throughout the cold night on the reformatory's baseball diamond, were divided into small groups and marched to cells after being fed.

Before the men were returned, a cell-by-cell search was made for weapons.

The riot started at 6:45 p.m. Thursday when the inmates refused to return to their cells following an exercise period.

SET FIRE TO BUILDING — They set fire to a machine shop, garage, brickyard, greenhouse, powerhouse and other smaller buildings. They chased out firemen and charged the main gate until gunfire halted them. Damages were estimated at about \$1,500,000.

The prisoners said they rioted because they thought the reformatory was being operated too much like a prison. Hot officials said some hardened criminals and murderers were here.

More than 200 guards and peace officers opened fire on the swarm of prisoners in the hallway last night. One inmate was killed and two were wounded by gunfire, and another convict received a head wound in the melee.

At one point the tenacious prisoners charged a fire truck entering the reformatory recreation yard and forced the driver to turn around. The fire truck withdrew as flames cracked through the shop building which the prisoners had set on fire.

Killed by a bullet through the head was Walter Thomas Lyshall, 22, of Seattle. Glenn M. Anderson, 22, also of Seattle, was shot through the head and his condition was critical.

The guards opened fire when the rioters rushed the main yard gate at about 10 p.m.

Grunewald, Woman Overcome By Fumes

JERSEY CITY, N.J. (AP) — Washington mystery man Henry (the Dutchman) Grunewald and an attractive 46-year-old Maryland woman were found half-dressed and overcome by gas fumes today in a fashionable Jersey City walk-up apartment littered with empty beer bottles.

Neither was in serious condition. Although Grunewald refused to talk to reporters from his bed at the Jersey City Medical Center, he apparently was a regular visitor to the Glenwood Avenue apartment house. Neighbors said 1949 had seen the man identified as Grunewald shopping at a nearby liquor store on previous occasions.

Grunewald's wife was enroute to the hospital with police Capt. Russell Hurde to her Spring Lake, N. J., summer home. Before leaving, Mrs. Grunewald refused to say her husband was not home.

The woman found in the fourth-floor apartment, with Grunewald was identified as Mrs. Ann Anderson, of Cantonville, Md., who burst into tears after she was revived by a police emergency squad.

"What have I done to deserve this," she sobbed.

Grunewald, whose name is well known to congressional tax investigators, was found stretched out on a living room couch-bed. Mrs. Anderson was propped up against the side of the couch in a sitting position.

Grunewald was dressed in an undershirt and pants and covered with a blanket. She wore only a robe.

At least 10 empty beer bottles (Continued on page two)

ADLAI SEES WORLD HOPE IN U. S.

ADLAI E. STEVENSON, 1952 Democratic Presidential candidate, returns to New York after a six-month world tour, convinced that the big hope of the world for peace lies in United States leadership. He is shown with Mrs. John F. Kennedy at a press conference that the free world has "been winning the cold war step by step." (International)

Morrison Funeral Is Set For Sunday

CHARLOTTE, N. C. (AP) — North Carolina's top political leaders, both friend and foe, joined in praising former governor U. S. senator and congressman Cameron Morrison, whose body was being brought back here today for burial.

Morrison died of a heart attack yesterday, while vacationing in Quebec City, Canada. He was 53 years old.

Gov. William B. Umstead said he was "deeply distressed" to hear of the death of Morrison. He termed him one of North Carolina's "greatest citizens."

Sen. Clyde R. Hoey of Shelby, who defeated Morrison for the Senate in 1944, praised his "great record" as one of the "stalwarts of North Carolina."

COLORFUL FIGURE — Morrison, born on a Richmond County farm Oct. 5, 1899, first became known as a leader of the "Red Shirts" who fought against the Republican regime in the waning days of post-Civil War reconstruction.

From then until last year's presidential campaign, he was one of the leading political figures in the state.

The white-thatched Morrison led the North Carolina delegation to (Continued on page two)

Minor Accident This Morning

A minor accident in Dunn this morning resulted in car damages estimated at \$100, according to K. M. Fall of the Police Department.

Doris Horne Spell, Erwin, hit a 1952 Chevrolet driven by Woodward Langdon when he pulled out of a parking space on W. Broad Street, about 15 feet east of Fayetteville intersection.

Miss Spell was also driving a 1952 Chevrolet. Damage was estimated at \$50 to each of the cars.

Police Fall stated that Langdon was leaving a parking space and that he pulled out in front of Miss Spell. Miss Spell's right fender hit the left fender of the Langdon car.

No charges were made.

Another Good Tobacco Sale Is Held Today

Dunn's tobacco market, which got off to a record-breaking opening yesterday, had another good day today. The market sold on its opening day a total of 343,816 pounds of tobacco for \$187,533.82 for an average of \$54.63.

Dunn's average was one of the highest of any market on the belt. Sales Supervisor Norman Suttles, Buck Currin of the Big-4 Warehouse group and Rodney Chestnut of the Planters Warehouse group all joined in expressing their happiness over the successful opening of the new marketing season.

FARMERS HAPPY

Farmers were well pleased with the prices received here, which ranged generally from about 55 to 70 cents a pound for better grades of tobacco.

Mr. Currin said his warehouse would have averaged more than 60 cents except for about 25 piles of common lugs, such trashy tobacco that the government wouldn't grade it.

Both warehouses today had nearly full sales and the poundage today was expected to total about 250,000, slightly off from the opening day.

Another big day is expected on Monday. Of the total sales yesterday, the warehouses reported the following figures:

Big-4 Warehouse: 189,414 pounds sold for \$106,230.32, an average of \$56.20. Planters Warehouse: 154,402 pounds for \$81,543.50, an average of \$52.81.

Supervisor Suttles said today that the poundage yesterday probably set a new record for the Dunn market. Both warehouses said their limit.

Last Minute News Shorts

CHARLESTON, S. C. (AP) — Rear Admiral Hehr H. McLean said today he has received written orders to end segregation among civilian workers in the Sixth Naval District and "many shore stations have already made considerable progress toward this end."

WADENA, Minn. (AP) — Former Congressman Harold Knutson, controversial figure in the Republican 80th Congress, died today. He was 72.

FARIS (AP) — The United front of French labor, which for 17 days had defied the economic return program of Premier Joseph Laniel with a crippling series of nation-
