Jaycees Hold Ladies Night

Roy Lowe, president of the Dunn Jaycees, stated this morning that last night's ladies affair was one of the most successful meetings held this year.

Lowe said that 33 Jaycees, their wives and guests attended the meeting at Tyler's Cabin on the Cape Fear River, below Fayetteville.

During the business session, plans for the organization of a Dunn chapter of the Jaycees was discussed again, and it was decided to invite a committee from Goldsboro to attend a meeting soon to talk about such an organization. President Lowe said that the committee will explain the organization and function of a Jaycee group.

Three new members were inducted.

Bank Of Lillington Plans New Building

The Bank of Lillington, this year celebrating its 50th anniversary, will soon start construction of a handsome new bank building due to be completed within 120 days at a cost of around \$50,000.

New home for the bank will be a 32 foot building on Main Street, which parallels highway 15-A and lies directly opposite the court-house, now houses an unoccupied old house. The lot, already owned by the bank now houses an unoccupied old bank building which will be completely demolished and the new building will also extend across the vacant space adjoining Kelly's Drug Store, now used as a car lot.

Formal request to move the bank from its present site on the corner of Front and Main Streets the Warwick Hotel building has been filed with the Federal Deposit Insurance Commission. The commission has indicated informally that it will grant the request and relocation is expected daily from the Federal agency.

LATEST FEATURE The new one story structure will be completed by Sept. 15.

Shah Receives Ike's Message

DENVER (AP) — The White House today announced President Eisenhower has sent a message of encouragement to the Shah of Iran in a holding promise of American assistance.

"In the spirit of the friendliness which has always been the basis for the relations of our two countries," the President cabled the Shah, "I offer you my sincere felicitations on the occasion of your happy return to your country."

The President also extended his "continuing good wishes for every success in your effort to promote the prosperity of your people and to preserve the independence of Iran."

The message was dispatched to U. S. Ambassador Loy Henderson in Iran several days ago for relay to the Shah. The White House last night received word that the message had been delivered.

Judge Reduces Robbery Charge

Judge H. Paul Strickland reduced charges against Prince Allbrooks, Negro, from first degree burglary to forcible trespassing this morning in Recorder's Court.

Mary E. Perry charged Allbrooks with breaking down the door to her home and entering on the night of August 22.

Evidence indicated that Allbrooks had been staying at the home, and may have moved by the time of the alleged trespassing.

"WOMAN KILLER" Mary told the judge that she was afraid of Allbrooks because he was nothing but a "woman killer."

Judge Strickland dismissed the idea that Allbrooks had willfully broken into the home. Officers testified that he had been drinking the evening of the incident, and had been visiting at the home earlier in the evening.

Judge Strickland sentenced Allbrooks to 90 days in jail, suspended for 12 months upon the payment of \$25 and cost of court.

In other cases in recorder's court, the following action was taken: (Continued on page two)

Violence Breaks Out In Phone Workers Strike

By UNITED PRESS

CIO rubber workers walked out at Firestone plants in eight cities today as new violence broke out in Bell Telephone strikes and 8,000 Great Lakes steaman prepared for a strike vote.

At Paducah, Ky., 1,000 carpenters set up picket lines at a billion-dollar atomic energy project, halting construction and throwing 12,500 men out of work.

In the Firestone strike, involving about 25,000 workers, the company was reported unofficially to have offered a 7 1/2 cent hourly "package," compared to the union's pared down demand of 10 cents.

The walkout hit Firestone's huge Akron, O., plant and others at Fall River, Mass., Pottstown, Pa., Des Moines, Ia., Los Angeles, Calif., Noblesville and Newcastle, Ind., and Memphis, Tenn.

Meanwhile, Goodyear Tire and Rubber Co. employees, whose contract expires Sept. 8, voted to give their negotiating committee power to call a walkout.

At Montreal, officials of the AFL Seafarers' Union ordered a strike vote next Monday among 8,000 seamen aboard 250 Canadian ships plying the Great Lakes to back up demands for a 40-hour week.

ATOMIC WORK HALTED The carpenters' walkout at Paducah was the 3rd work stoppage at the vital atomic project since construction began in January, 1951.

In the telephone strike, more violence was reported in Indiana, but only one issue was reported holding up a settlement in the walkout in six southwestern states. At Indianapolis, the striking CIO workers protested to the governor and mayor that Indiana Bell had removed from service a telephone line into local union headquarters from which the strike was being directed. Callers got a "don't answer" signal, the union charged.

Negotiations resumed in New York in a contract dispute between the communications union and the American Telephone & Telegraph Co., parent of the Bell System. The union gave assurance that there would be no unauthorized walkout of long distance operators.

BUG-HUNTING — That's the phrase radio technicians used to describe the work they were doing this week on the two-way radio equipment in the office of Harnett Sheriff William E. Salmon. Three of the five rural policemen, the sheriff's car and Deputy K. C. Matthews have been equipped with two-way radios. Technicians just want to be sure all is in working order. Equipment for the two policemen lacking radios will come shortly.

SITE APPROVED — Dr. W. B. Hunter said today that the State Medical Care Commission has approved the courthouse square as a site for the new Harnett County Health Center. However, with wooded area plenty on the North East corner, he hopes the commission will favor a spot a little on the lower side of the square, than the area near the library which was tentatively chosen. He points out that if First Street was opened below the county agriculture building, it would provide parking area and easy access for patients. Left turns off busy 15-A onto the square present a traffic hazard the health officer said. Noise is also bad he said, near 15-A.

Great Debate Predicted Over Atomic Information

WASHINGTON (AP) — Lines are being drawn in Congress and the administration for what may become a great national debate over giving the American people more facts about the atomic arms race.

On one side, the prominent Eisenhower former Chairman Gordon Dean of the Atomic Energy Commission and many prominent scientists who believe the public needs more information to act intelligently on the grave problems raised by Russian and U. S. possession of A-bombs and H-bombs.

On the other side are some atomic officials and a sizeable number of congressmen who hold that any relaxation of atomic secrecy will help the enemy more than it will help the U. S. public.

The issue was pointed up by two statements from congressmen Wednesday. Sen. Lester C. Hunt (D-Wyo) (Continued On Page Four)

Reds Try To Block Delivery Of Food

BERLIN (AP) — The Soviets and East German Communists today put Berlin "off limits" to all East Germans seeking to reach the city to collect "Eisenhower food parcels."

Sale of railway tickets to points within 50 miles of the city was banned. Soviet troops were posted on roads leading to the city.

These strict measures were taken as the United States and West German governments opened the second phase of a free food distribution program in the American, British and French sectors of this city-110 miles behind the Iron Curtain.

100,000 REACH AREA In spite of the strict Soviet controls, Western authorities estimated 100,000 East Germans managed to reach West Berlin today. This brought to nearly 3,000,000 the number of free food parcels distributed since the program began. The second phase of the plan, which opened today, will supply 1,000,000 additional parcels of American food to East Germans.

The ban on railway travel to Berlin was reported by the West Berlin Railway Administration.

Last Minute News Shorts

NEW YORK (AP) — City health officials besieged by frantic parents turned down today a plea for gamma globulin for 500 Brooklyn children who attended a summer day camp where two cases of polio were reported.

WASHINGTON (AP) — The United States, Great Britain and France relaxed restrictions on the movements of Russian diplomats and journalists today. The joint action followed the relaxation of the movement of Allied diplomats in Soviet Russia by Premier Georgi M. Malenkov.

EAST RUTHERFORD, N. J. (AP) — Three hold-up men held up two unarmed bank messengers in a well-timed robbery outside a branch of the Rutherford National Bank today and escaped with \$37,000 after shooting one of the money carriers. The messenger was killed by a bullet which grazed his head as he desperately sought to stop a getaway car carrying the three hold-up men.

WHITE LAKE, S. D. (AP) — Mrs. Aris Moe, South Bend, Ind., remarried while her husband, Carl Ralph Moe, Mitchell, S. D., was a prisoner of war, but had the marriage annulled when she learned Moe was alive, the soldier's mother disclosed today.

Major Points Of U. S. Plan Win Approval

UNITED NATIONS, N. Y. (AP) — The United States today won a "down-the-line" victory in the United Nations as the General Assembly's Political Committee approved all major points of its plan for the Korean political conference.

Although the committee returned a 27-21 vote in favor of inviting India to the conference—an invitation adamantly opposed by the United States—it fell 15 votes short of the two-thirds majority required for approval of the Indian bid in the full General Assembly, which meets tomorrow.

A series of dramatic votes developed this way in the committee:

A resolution providing that any country which fought for the U. N. in Korea could be invited to the conference if it desires was approved 41 to 7 with 10 abstentions. The Soviet bloc, joined by Guatemala and Yugoslavia, voted against.

REAFFIRMS OBJECTION This measure reaffirms the U. N. objective of a unified, independent and democratic government in Korea, gives each nation the right to (Continued on page two)

Gill Asks For Bond Approval

SOUTHERN PINES (AP) — State Treasurer Edwin Gill urged members of the Sandhills Kiwanis Club to vote for the \$72,000,000 in bond issues for public schools and mental hospitals as a "sound investment in our own future."

Gill, making the first speech of Gov. William B. Umstead's campaign to get voters to approve the issues in a referendum Oct. 3, said "there is no question" about the need for the bond issues.

He said that many mentally ill persons are being kept in jails because of a lack of space in the hospitals, and that overcrowded school rooms in some cases are inadequately ventilated and lighted and without satisfactory sanitary facilities.

BULLETINS

VATICAN CITY (AP) — Spain and the Vatican signed an agreement today recognizing the Roman Catholic Church as "the only true religion of the Catholic nation" of Spain. The agreement, a formal accord or treaty, was signed after 558 days of secret negotiation.

ROCK HILL, S. C. (AP) — Funeral services for Mrs. Rosa Kate Turner McFadden, whose two-year coma ended in death here yesterday, were scheduled today. The 74-year-old woman injured in an automobile accident Aug. 17, 1951, and never regained consciousness during more than two years of treatment at a hospital here.
