Investigate this most unusual of all trusses — the BULBLESS, BELTLESS, STRAPLESS, DOBBS TRUSS. Its patented Concave Pad is designed to hold the rupture up and in like the palm of your hand, automatically adjust itself to every position and gives amazing comfort and holding power. Unlike old style trusses with rods screwed on rounded pads, it will not force the muscle further apart, but supports them in a more natural position. Don't delay until your rupture becomes irreducible, when no truss can benefit. See the Dobbs Truss now. For men, Women and Children. NOTE THE DATE AND COME IN. DEMONSTRATION FREE.

ARTHRITIS

I have been wonderfully blessed in being restored to active life after being crippled in nearly every joint in my body and with muscular soreness from head to foot. I had Rheumatoid Arthritis and other forms of Rheumatism, hands deformed and my ankles were set.

Limited space prohibits telling you more here but if you will write me I will reply at once and tell you how I received this wonderful relief.
