Ike Leads US In Tributes On Armistice

WASHINGTON (UP) - President Eisenhower set aside the cares of the cold war briefly today to lead the nation in an observance of the armistice that ended World War I exactly 35 years ago.

Mr. Eisenhower planned to lay a wreath on the Tomb of the Unknown Soldier in traditional ceremonies in Arlington National Cemetery.

Henri Bonnett, the French ambassador to the United States, preceded him to the plain white marble monument to lay a wreath in commemoration of the blood Americans and French shed together in France.

Across the nation, veterans of U. S. wars marched in parades. Relatives laid flowers on the weathered graves. National, state and civic leaders made speeches.

DEAN HONORED: Maj. Gen. William F. Dean, a hero of the Korean war, spent the day in his old home town of Carlyle, Ill., where a suspension bridge was being dedicated in his name.

One of the speakers in the ceremony at the Tomb of the Unknown Soldier, was Army Secretary Robert T. Stevens. Another was Arthur J. Connell, national commander of the American Legion.

In his prepared address, Connell said the nation must preserve its strength, for experience has shown that "great sacrifices in time of war" are "averted by small sacrifices in time of peace."

"We have been drawn into one conflict after another not by fate but by our failure to maintain strong spiritual and military defenses," he said.

A majority of Americans have traditionally turned their backs on these realities once the bullets have ceased to fly. With the increase in the cost and destructive power of weapons, this course has become ever more attractive and ever more dangerous.

"Pray God we shall not travel it again," he said.

CALLS FOR SUPERIORITY: Navy Secretary Robert B. Anderson said in Birmingham, Ala., that the United States must build military power "superior to all enemy capabilities" and able to deal with anything from border raids to all-out war.

INTENTIONS NOT ENOUGH: Gen. Matthews Ridgway, Army chief of staff, said in an address at Hempstead, N. Y., that America's experience in war has shown that "peaceful intentions are not enough."

"The effectiveness of our diplomacy can be no greater than our ability to back it up with military force," he said. He called for "courage, character and confidence" to match that displayed by those who fought in World War I.

Henry Tyler, chairman of the Advance Gifts Committee, stated today that \$9,270 has already been turned over to the United Fund from his department and that only two or three other firms have to be contacted.

The UFD drive opened here yesterday with a budget of approximately \$29,400 to be collected or (Continued on Page Three)

APPLIANCE DEALERS MEET - Appliance dealers of this section met last night at Johnson's Restaurant and made plans for organizing a unit of the National Appliance and Radio-TV Dealers Association. Johnnie Furdie, owner of Furdie's, Inc., was also present for the meeting. He came in after the picture was taken. (Daily Record Photo.)

GOP Hails California Victory As Good Omen For '54 Election

WASHINGTON (UP) - The Republican Party came back to win the last skirmish of the 1953 congressional by-elections with a sparkling California victory achieved before a sensational split in government back drop.

Glenn L. Lipscomb, Republican, is the newest member of the House. When Congress meets in January the party standing will be: Senate: Republicans 47; Democrats 48; Independent 1. House: Republicans 219; Democrats 215; Independent 1.

The Republicans won with their backs to the wall. Democrats had taken five successive congressional by-elections this year up to and including this one.

Erwin Workers Temporarily On Four-Day Week: E. H. Bost, manager of Erwin Mills, stated today that a "quiet market" has forced a cut to four-day weeks for most of the mill's 2,000 workers.

The new time schedule went into effect about four weeks ago. Bost stated, when the demand for the denim, the cloth produced in the mill, became slow.

While the situation does not look like it will be a lasting one, at present there is no way to tell just how long the four-day week will be observed. Bost stated.

Cutting of hours is one method used by large concerns to prevent the dropping of employees which might be needed in the future. The cotton mill in Erwin employs well over 2,000 persons including the office force. At present, the office workers are the only ones not on the hour reduction schedule.

Dunn Man Seeks To Help Avoid Tragedy

This section hasn't had any children suffocated to death in ice boxes yet, and there's one progressive Dunn business man who wants to make sure that such a tragedy doesn't strike here.

J. W. Furdie, owner of Purdie's Inc. is willing and ready to do his part to prevent such an occurrence. Already this year, 28 children in the United States have been suffocated to death in abandoned refrigerators. The number is increasing.

Mr. Furdie announced today that Purdie's, Inc. will be happy to haul these old abandoned refrigerators away to the dump pile for any citizen desiring this free service.

There will be absolutely no charge and no obligation of any kind for this service.

"We are interested in the safety and welfare of our children," pointed out Mr. Furdie, "and we want to help."

Mr. Furdie feels that Dunn's city council should follow the example of Wilmington, Fayetteville and other towns in passing an ordinance which would make it unlawful to maintain such a death trap.

Last Minute News Shorts

WASHINGTON (UP) - President Eisenhower made public today a "most encouraging" report on abolition of segregation at facilities used by civilian employes at naval installations in the South. Eisenhower said the report, submitted to him by Navy Secretary Robert B. Anderson, "proved conclusively that the Navy's policy of non-segregation is completely effective."

TEHRAN, Iran (AP) - Pamphlets circulated in Tehran today demanding a general strike to protest the treason trial of Mohammed Mossadegh as the ousted premier suffered a heart seizure in the court building.

CLINTON, Ky. (AP) - The sheriff's office here said today a hit-and-run driver was believed to have been Thomas John Marshall, the former convict once implicated in the Bobby Greenlease kidnap case. Deputy Sheriff William Humphreys said the description of the man "fitted almost perfectly" that of (Continued on page two)

A pile-up of two 1953 Fords and a Tom's Toasted Peanut truck last night at the Clinton Avenue-Cumberland Street stop light resulted in damages estimated at \$550 and the arrest of Stanley V. Gagnon, Ft. Bragg soldier, for driving drunk and careless and reckless driving. Gagnon was being held in the City jail this morning without bond.

Following the accident, the local police were left holding coats and pocketbooks belonging to two women, reportedly from Fayetteville, who got out of the car and left the scene of the accident immediately after the crash. The women returned to claim their personal effects, but an unidentified man, who was also riding in the car, could not be found. Police declined to release names of the two women, both reportedly married.

The accident occurred when a Tom's Toasted Peanut truck, driven by W. H. Carroll, Route 3, Dunn, stopped for a red light. A 1953 Ford, with only 170 miles on the speedometer, driven by Thad Wesley Johnson, a Virginia sailor, stopped behind the truck. The car driven by the sailor was rammed by another 1953 Ford driven by Gagnon.

GIN BOTTLE FOUND: Police stated this morning that one gin bottle was found in the 1953 Ford driven by Gagnon along (Continued on page two)

Truman Flays Snollygosters

NEW YORK (UP) - Former President Harry S. Truman laid the Harry Dexter White case to Republican "snollygosters" today and said "I don't know" when asked if he will make an appearance before the House Un-American Activities Committee.

In case you're wondering about that word "snollygoster" it's a Southern word meaning a man born out of wedlock," he said.

Truman said he had talked over the White matter with Judge Samuel I. Roseman, a member of the White House staff during his administration, but he declined to say whether Roseman, might serve as this counsel in an appearance before the committee.

He told reporters it would be a good idea for them to wait for his regular morning appearance outside the hotel tomorrow.

The former president was served with a subpoena late yesterday demanding his appearance at 10:30 a. m. Friday before the committee in Washington.

DOESN'T KNOW YET: When asked during his customary morning walk today if Roseman might serve as his counsel, Truman replied: "I don't know, since I don't know whether I'm going or not." (Continued on Page Six)

Union May Seek 12 Per Cent Pay Boost At Erwin

DURHAM (AP) - Textile union leaders will meet at Coliseum Friday to consider asking wage increases of about 12 per cent for some 3,500 workers of Erwin Mills.

A union officer in Greensboro yesterday announced a 12 per cent wage increase will be sought for employees of Cone Mills Corp. Edgar Maynard of Durham, president of the Erwin Mills chain council of the Textile (Continued on Page Six)

Ike Says HST Should Not Be Summoned

BULLETIN NEW YORK (UP) - A visitor of Harry S. Truman said today the former President told him he would appear under subpoena before the House Un-American Activities Committee in Washington today.

BULLETIN COLUMBIA, S. C. (UP) - Gov. James F. Byrnes of South Carolina today refused to comply with a summons to testify tomorrow before the House Un-American Activities Committee.

WASHINGTON (UP) - President Eisenhower said today he believes former President Truman and Justice Tom C. Clark should not have been subpoenaed by the House Un-American Activities Committee.

The chief executive, in answer to news conference questions, also said he did not believe Truman had knowingly appointed a man identified as a Communist spy to public office.

Eisenhower said he found such a conclusion inconceivable and did not believe a man in the presidency would knowingly injure the United States.

Eisenhower's attitude raised the possibility that the Congressional quizzing of Truman in the Harry Dexter White case might be called off. But that apparently was in the hands of Rep. Harold H. Velde (R-D), chairman of the House committee.

BULLETIN WASHINGTON (AP) - Chairman Harold H. Velde of the House Un-American Activities Committee said today he plans to go ahead with his calling of former President Truman in the Harry Dexter White case.

But Velde, arriving here for the hearings, said there would be no change in his plan. He said the former president is "just a private citizen now."

Velde said that he preferred that all of the hearings be secret, but that if the witnesses prefer public sessions he would be willing to have it that way.

There was no certainty yet whether (Continued on Page Six)

McCarthy Says Truman Is Liar

WASHINGTON (AP) - Sen. Joseph R. McCarthy (R-Wa.) said today that former President Truman has proven, in the Harry Dexter White case, that "he's a liar."

McCarthy also took issue that President Eisenhower's belief that Truman did not knowingly appoint to public office a man identified as a Communist spy. He said Eisenhower was simply "being a gentleman."

McCarthy said that Truman deliberately, knowingly and without regard for the interests of the country appointed, presented and advanced a Communist.

McCarthy, chairman of the Senate investigations subcommittee, also disagreed with Eisenhower's statement that Truman and Supreme Court Justice Tom C. Clark should not have been subpoenaed by a House committee. McCarthy said they are "not privileged."

Peerless May Build Branch Plant Here

Possibility of the establishment of a factory to produce Peerless Tobacco curers was being investigated today by the Industrial Committee of the Chamber of Commerce.

J. E. Chesnut, president of the Peerless Engineering and Manufacturing Company of Richmond, Va.; Ralph Elmore, company attorney; and E. H. Lips, treasurer, were in Dunn yesterday conferring with the Industrial group on the possibility of opening a branch factory here.

Mayor Ralph Hanna, member of the Industrial Committee, stated today that the group set down two provisions to be met before the concern can locate here: (1) A building for rent, which will house the company's equipment, must be found. There was a possibility that this would have to be built if one was not available; and (2) Stockholders will have to be obtained to make the enterprise workable.

WANTS INVESTIGATION: Hanna said that the company is looking for local sources of raw tobacco. (Continued on Page Six)

+ Record Roundup +

TURKEY SHOOTING - Tonight will be turkey shooting time again at Hanna's Pond at 7:30. The shooting is sponsored by the local Fire Department and will run each Wednesday until Christmas. John Norris of the department said today. The winner of the match will receive a turkey.
