KIDNAPERS' TRIAL NEARING CLOSE

Truman Accuses Brownell Of Lying To People

KANSAS CITY, Mo. (UP) - Former President Harry Truman charged Monday night that Atty. Gen. Herbert Brownell, Jr., "lied to the American people" when he said Harry Dexter White was appointed to high office by those who knew he was a Communist spy.

"I have been accused, in effect, of knowingly betraying the security of the United States," Mr. Truman said. "This charge is, of course, a falsehood, and the man who made it had every reason to know it is a falsehood."

The former president's speech on the White case was carried simultaneously over four television networks and four major radio systems.

EXPLAINS ACT

Mr. Truman said he permitted White to remain as a director of the International Monetary Fund because the serious accusations against White in an FBI report were "practically impossible" to prove with the evidence then at hand.

"Tonight," the former president said, "I want the American people to understand that the course we have selected is the public interest and, at the same time, permitted the intensive FBI investigation then in progress to go forward. No other course could have served both of these purposes."

Mr. Truman called Brownell's accusation against him Truman "damaging demagoguery" and "sheep political trickery."

Herbert Brownell, Jr., the attorney general of the United States - the highest legal officer in our government - has degraded the highest function of government," the former president said.

"He has made the Department of Justice a tool for skulldruggery. The attorney general of the United States has not only degraded his office, he has degraded his chief as to what he proposed to do."

And in saying, "Harry Dexter White was known to be a Communist spy by the very people who..." (Continued on Page Six)

Here's Truman Speech Reaction

WASHINGTON (UP) - Democrats and Republicans split sharply along party lines today in commenting on former President Truman's report to the nation on the Harry Dexter White case.

Republicans used such words as "contradictory" and "puzzling" to describe Mr. Truman's radio and television speech. They said the former president left many questions unanswered.

Democrats insisted Mr. Truman had made an excellent case for his action in leaving White in a high government post while the FBI checked into charges he was a Red spy. They pushed an attack on Atty. Gen. Herbert Brownell, Jr., whom they accused of challenging Mr. Truman's loyalty in airing the case. (Continued on Page Six)

Union Leaders Ask Erwin Pay Boost

The Erwin Mills Chain Council of the AFL's United Textile Workers of America, which represents Erwin Mills' organized workers in Durham and Colessees, at a meeting Friday night in Colessees voted to recommend to its respective locals that a demand for a 12 per cent wage increase be served on the company.

Edgar Maynard of Durham, Council president, made the announcement following last night's meeting. Maynard said the demand for a wage increase would be made under the wage negotiations reopen provision in the union's contract with the company.

"A wage increase is long overdue in the industry," Maynard and Harold Foster of Durham, Council secretary, stated jointly, "due to the increased productivity of the individual textile worker."

Erwin workers have received only a two per cent wage increase in the past two and half years, the union officials said, "despite the fact that the profits of the textile industry have been high and the workers in other major industries have received two and three wage increases in this period."

In this same period the cost of living has reached an all time high, the union officials said. Union workers here and at Colessees will vote on the Council's recommendations at special meetings held for that purpose, Maynard stated. Dates for the special meetings will be announced later, he added.

Maynard has said that in his opinion the general pattern of reopening wage increase negotiations would follow the Coles Mills reopening all over the State.

At the Coles Mills plants in the Greensboro - Burlington area, UFWA workers are planning to seek a 12 per cent wage increase. (Continued on Page Six)

Stalin In Death Looks Natural

By KENNETH BRODNEY (UP Staff Correspondent) MOSCOW (UP) - I joined a select and hushed group of Russians today to look, for the first time since his death, on the face of the late Premier Josef Stalin.

A few words of Russian and the cooperation of an obliging Soviet official admitted me to a line of 10,000 reverent Russians who held special red passes admitting them to the hushed red and black tomb of Lenin in Red Square, where Stalin's embalmed body has been enshrined beside that of the founder of the Communist state.

Stalin looked almost natural in death. His face was relaxed and somewhat ruddy and ruddier than Lenin's. Powerful spotlights playing upon them washed out much color from their faces.

LIES BEHIND LENIN Lenin and Stalin now lie side by side. (Continued on Page Six)

Ex-Polio Victims Operate Shop Here

Two barbers, both of whom suffered attacks of polio when infants, have opened the Central Barber Shop in Dunn. The new owners are, Matthew June Nordan, a native of Harnett County; and R. L. Kinlaw, a native of Roberson County.

The two men met some years ago in Fayetteville while barbering there. And, it was only by chance that they came together and opened the shop here.

Nordan, originally from Erwin, attended public schools there and then attended the Charlotte Barber College where he was graduated around 21 years ago.

Following his schooling, he returned to Erwin where he had a shop from 1937 to 1938.

Kinlaw is married and has three children. He and his family reside about one mile below Wade. Nordan has not yet moved his family from Hamlet where he lived before coming here, but expects to do so in the near future.

Hall Discloses He Considered Asking Million

KANSAS CITY, Mo. (UP) - Carl Austin Hall's confession disclosed today that he toyed with the idea of demanding a \$1,000,000 ransom for Bobby Greenlease but decided on \$600,000 because a million in small bills would be too heavy to carry.

Hall's confession—a matter of fact account of how he plotted the kidnaping, murdering the six-year-old boy and buried him—was read by an FBI agent to a federal jury that will decide whether Hall and his mistress, Mrs. Bonnie Brown Heady, shall be executed.

Since they already have pleaded guilty, the jury will not have to decide guilt or innocence.

Hall, 34, also disclosed in his confession that he was a drug addict, in addition to being a heavy drinker.

WOMAN'S VERSION

The jury already had heard a version of the infamous kidnap-murder as told by Mrs. Heady, a St. Joseph, Mo., divorcee who took part in the kidnaping and slaying of 6-year-old Bobby Greenlease last Sept. 28.

Mrs. Heady's 6,000-word confession disclosed many details of the kidnaping that never had been made public. Hall's confession, said to be longer than hers, was expected to enlarge on the undisclosed aspects of the crime.

One of these was that about two weeks before Bobby was kidnaped and murdered, Hall and Mrs. Heady made an attempt to kidnap Bobby's 11-year-old sister, Virginia Sue. Mrs. Heady said in her confession that Hall was on the point of abducting the girl from her father's Cadillac on a ... (Continued From Page Six)

Le Crow Says Government Too Soft In Dealing With Commies

By CARL G. CONNER Record Staff Writer

Col. Roy Le Crow, who served on President Eisenhower's staff when he was in command of the U. S. forces in Europe, predicted today that the present administration's commitments to the Communists at Panmunjom will go down in history as "another Munich."

The Colonel is speaking tonight and tomorrow night for the Missions to Men services being held at Dunn Presbyterian Church. "My talks around the country are made in an effort to awaken the men of unrealistic America to world conditions," the Colonel commented today.

Considered one of the most outstanding leaders both in religious and political affairs, the Colonel has been prominently mentioned as a candidate for Congress from Atlanta next year. However, he commented today only that "several Atlanta papers have carried the story."

Following his service in the European theater of action, Col. Le Crow also served with the 116th Fighter Bomber Wing in Korea, and was stationed in Northern Japan.

DISAPPOINTED IN LEE "I have been very much disappointed in President Eisenhower," the Colonel asserted, adding that he had handled the Korean conflict like school kids handle the ... (Continued on page six)
