Two Injured In Auto Accident

Two persons were injured and the driver of one of the cars involved in an accident on highway 40, two miles east of Coats was charged with careless and reckless driving as the result of a Sunday morning accident.

According to the investigation by Highway Patrolman Paul Albergrine George Worth, Staunton, Anger, R. 2, driving a 1952 Chevrolet, was proceeding toward Benson, when his car was overtaken by a 1952 Chevrolet convertible, driven by Elizabeth Coats, 26, of Route 4, Fayetteville.

After striking the car ahead, the Coats car travelled 198 feet, over the left embankment, before finally coming to a halt.

the husband's safety, ran through the hall and out the door, calling for help. The intruder fled past her with Bracey in pursuit. Bracey fired one shot at the Negro but he had already passed beyond effective range.

The container of pennies which the burglar stole was customarily kept in the freezer locker. Mr. and Mrs. Bracey had been dropping pennies in it for some time and it had accumulated about 200 of the copper coins.

The cardboard container had been taken from the freezer locker in order to count the pennies and had been placed in a corner of the cedar chest. In the same corner were ten silver dollars, but they were old and discolored and the intruder evidently failed to recognize them as money.

The lights were on all over the house, including the porch light when the intruder walked in and when he left the premises. Bracey got a good look at him and is sure he can recognize him if he should be captured.

Since there is no one at present on the local police department who can proceed for fingerprints, the couple have left the cedar chest untouched until it can be processed by state officers.

Lint Estimate Is Up 133,000

WASHINGTON (AP) — The Agriculture Department today fixed the size of the 1952 cotton crop at 15,938,000 bales, up 133,000 bales, or about one per cent from last month's forecast.

The final estimate of the year, based on Dec. 1 conditions, compares with production last year of 15,144,000 bales and 10-year average output of 11,775,000 bales.

Last month the crop reporting board estimated a 14,905,000,000 bale crop was in the offing this year. The official 1952 goal called for a 16,000,000 bale crop, but needs have been revised downward.

28.4 PER ACRE

The department estimated yields of 28.4 pounds of lint per acre was produced on the 24,995,000 acres it estimated were harvested this year.

Last year, yields from 26,637,000 harvested acres were 27.9 pounds an acre. In the 10 years, 1941-50, an average of 21,620,000 acres were harvested with average yields of 26.7 pounds of lint from each acre.

The board estimated that 5.5 per cent of the 24,995,000 acres planted to cotton last spring were abandoned during the year because of weather or insect damage.

In July, when it made its first and only other estimate on planted acreage this year, it figured farmers planted 24,640,000 acres of cotton. These figures were the basis for production estimates made in the past four months.

NIGHT TALK ECONOMIC AID

It was suggested Eisenhower might want to discuss plans for improving economic aid to Korea with them, as well as discuss overseas policies for their departments when administration takes over.

Eisenhower spent most of Sunday in bed, getting up only at mealtimes. His aides said he has wanted to do this for a long time. They said he has not been able to relax so completely since he left Paris to seek the U. S. presidential nomination.

Judge Revokes Driving Permit

Judge H. Paul Strickland turned a deaf ear to the plea of attorney Robert L. Wilson when the latter asked that his client, Donnis Morris, be permitted to retain his license for two or three weeks pending final disposition of his case.

The attorney pointed out that his client does not have sufficient funds to "pay out" and that he wanted to be able to drive in order to earn the money. Morris was charged with a second offense of careless driving, having been convicted on this charge on July 26. The minimum fine for the second offense is now \$100 and Judge Strickland informed attorney Wilson that this was the amount he was planning to assess the defendant, he agreed, however, to continue prayer for judgment providing Morris surrendered his license.

Wilson Morris was talking the matter over with attorney Wilson, reluctantly surrendered the certificate to Clerk Clayton Black, Judge Strickland ordered prayer for judgment continued until December 27 in order to give Morris time to raise the fine.
