Sank-rd Hit By Another Blaze

Fire Chief J. W. Bridges said damages in today's fire would amount to \$50,000. He said there is no apparent connection between it and an early morning blaze which destroyed an auto supply plant here last Thursday doing \$50,000 damage, and a fire that swept a tobacco-warehouse and lively stable for \$125,000 damage Nov. 2.
Most of the damage in today's fire was done by smoke and water, Bridges said. The building housed drug store, grocery store and bar, shop on the first floor and a Masonic temple and a physician's office on the second.
Committee heads who will have reports in the annual summary of activities are: Al Willenwaber, chairman of the Agricultural Committee; O. W. Godwin, Jr., chairman of the Civic Affairs Committee; Earl Westbrook, chairman of the First Carolina Committee. (Continued on Page Five)
