A CHEMICAL PLANT BUILDING ON THE Detroit River, near Windsor, Ontario, is partly submerged in the river as a result of the collapse of an abandoned old salt mine. Two large warehouses sank into the ground and others tilted when the underground mine caved in. Six hundred workers at Canadian Industries, Ltd., and the Canadian Salt Company ran out when the buildings shook and then began to sink. Employment Here Is Highest But Many Are Seeking Jobs

While employment in Dunn is the highest in history, Norman J. Suttles, manager of the local Chamber of Commerce, indicated today that a large number of persons are seeking jobs.

Suttles pointed out that he did not think the job seekers are persons who have been laid off, but in most cases they are persons who have never worked. With the lightning down, a number of families have found their income insufficient and other members of the family have gone to work, he stated.

Mrs. A. B. Johnson, secretary at the Chamber of Commerce office, stated that between 10 and 15 persons have been making application

at the office each week for a month or so. She said that many of the people were high school youths who have either just completed school, or who have stopped.

In some cases, persons seeking employment are wives of men stationed at Ft. Bragg. Others are farm wives who are now finding their family budget cramped Suttles stated.

POPULATION GROWING

The growing population of Dunn was also blamed for the added unemployment. However, Suttles pointed out that the situation is not serious at the moment. Every effort is being made to secure or make jobs available for the people, it was pointed out.

Representatives of the State Employment office are in Dunn every first and third Tuesday to assist

in finding jobs for the unemployed. The representative is at the Dunn Armory from 10 a. m. until 2 p. m., Suttles announced.

A few persons seeking employment are just returning from service, it was stated today. Mrs. Johnson said some have heard that a highway is going to be built through here and are already seeking employment on the highway.

According to the files kept on unemployed, few of the persons are high school graduates. In some cases the youths are boys who have stopped school to work. Others never completed school, it was stated.

Joseph W. Parker declared a mistrial immediately upon learning that jurors, locked up for the night at a hotel, were found staggering drunkenly and half-clothed through the corridors creating a disturbance.

"We can well understand the judge's consternation upon learning of the disturbance caused by the impropriety and regrettable behavior of certain of the jurors," the high court said.

However, in an opinion written by Justice William H. Bobbit, the court said "where as here no evidence is heard and no findings of fact are made as to the crucial question, i. e., the conditions and fitness of the jurors to continue their service... there is no sufficient factual basis for the trial judge in the exercise of his discretion to order a mistrial."

The court reversed Judge W. H. S. Burgwyn, presiding judge at the second trial in September, for refusing the defense motion to dismiss the case against Mrs. Crocker on grounds of double jeopardy.

The defense had objected when the mistrial was declared in May.

Tew Addresses 4-H Members

Johnny Tew, Campbell College student and winner of many national 4-H club honors, told officers of the Harnett County 4-H clubs on Friday afternoon that an office in the rural youth group is no chore, but a rare opportunity, for any boy or girl so honored.

Tew was the chief speaker as the county club officers held their monthly council in the Lillington V.F.W. Hut. Twenty five officers from eight of the county's 18 clubs attended.

Tew is a graduate of Linden High School and a former officer in Cumberland County and the state 4-H Club level. He was introduced by Miss Margaret Ray, assistant home agent, Pat Willford, of Angier, president of the council presided.

Mary Le Orange Ammons of Lillington led the devotional and following the business session a period of recreation was directed by Bernice Louis Ray of Boone Trail and Mary LeOrange Ammons. A surprise feature was refreshments of cakes and salted nuts donated by Mrs. Bruce Ray, adult leader from the Leaflet Club. Mrs. H. B. Baum of Kipling another adult leader, also attended.

During the business session plans were made to secure for the March meeting a film showing activities of the national 4-H Club Camp in Washington, D. C. Attendance at this camp is reserved for the highest ranking club members in the nation.

and remained on the staff when Godwin was appointed a special superior court judge in March, 1950.

L. M. Chaffin was acting clerk during the remainder of that year. In November, 1950 when Robert Morgan was elected clerk, he named Mrs. Matthews as his deputy.

ACTED AS CLERK

In January, 1952, after only one year in office, Morgan was called into active service with the Navy, and Resident Judge Olawson Williams, on recommendation of Clerk Morgan, appointed Mrs. Matthews as acting clerk. During this time Mrs. Matthews and two women clerical workers staffed the clerk's office with no additional help in a year when the amount of paper work and other duties greatly multiplied. In this period Mrs. Matthews also served as judge of the juvenile court and conducted a number of difficult special proceedings which drew praise from attorneys.

When Morgan returned from Korean service, he recommended to the county commissioners that they create the post of assistant clerk, a new post which the increase in the load of cases in the courts and other legal proceedings seemed to demand. Mrs. Matthews was named to this post which enables her in the absence of the clerk to handle many legal matters which previously were limited by statute strictly to the clerk.

At the time the assistant clerk's post was created, prominent members of the Harnett County Bar Association appeared before the commissioners to testify to the competency of Mrs. Matthews. One stated that if the county did not employ her in the new post, he could name "three or four law firms which would give her a job before the day was out at a much better salary."

Mrs. Matthews is the daughter of Mrs. J. N. Fogarty and the late Mr. Fogarty of Lillington and a member of a family long associated with civic and public affairs. She was graduated from Lillington High School and UNC's Business College. She is married to Brantley Matthews, Lillington farm equipment salesman, and they have one daughter, Becky, a Lillington high school student.

The assistant clerk pointed out that she is currently busy every day in her duties and is expecting her record of public service to recommend her to the voters of the county.
