Packard Motor Car Company's great new expansion program makes available a Packard sales and service franchise in this area. The man who qualifies—a businessman of proved ability (though not necessarily in automobiles)—gets a virtually untapped market for two of America's most promising lines of 1954 cars—the long-famous Packards and the brilliant new, big-value Clippers by Packard. To help him appeal to all buyers of medium, upper-medium and upper-price cars in this market, he receives the backing of the largest advertising promotion in Packard's 55-year history. All inquiries confidential. Write, wire or phone collect.

**SPECIAL NOTICE**  
 Effective immediately, all classified ads must be paid for in advance unless the advertiser is a business firm and has an established account with this newspaper. We regret the necessity for adopting this policy, but the extra bookkeeping problems involved and the very low cost of our classified ads makes it essential. May we remind you that advertising in The Record's classified columns is absolutely the cheapest — and most effective — medium of advertising in this trade area.
