

Cloudy and rather cold today and tonight, with occasional light rain or drizzle in forenoon; low temperatures tonight.

CHURCHILL SAYS H-TESTS AID PEACE

CAMPBELL AND McALLISTER GREET NEW D. & S. DIESEL

Seavy Carroll Announces His Platform

Seavy Carroll, Judge of the Cumberland County Recorder's Court, today announced his platform as a basis for his candidacy for Congressman from the 7th Congressional District.

Carroll states that he is for: FARMERS: 'What's good for the farmer is good for everybody.' For 90% Fairly Price Supports with Adjusted acreage.

BUSINESS & LABOR: Freedom of enterprise with right of labor to obtain fair remuneration for services.

FOREIGN POLICY: Expansion of trade with all countries except those affiliated with Communism. A strong military, with emphasis on research and development.

SOCIAL SECURITY: Expansion of the system to include those groups that have been neglected and the tying of allowances to the cost of living.

HEALTH: Expansion of Medical Research facilities, and more federal aid for providing more hospital beds.

VETERANS: Proper hospitalization, including the right of filling of all empty hospital beds with men who have fought for our Country who need hospitalization, and continued educational benefits.

STRONG DEMOCRACY: By educating our people concerning the blessings and responsibilities of democracy, and preaching and living the true Christian Principles. This (Continued On Page Four)

WITH THE CHERRY BLOSSOM FESTIVAL in full swing around the Tidal Basin in Washington, D.C., this combination of youth and the spring blooms as shown here is the ideal symbol of this lovely season of the year.

Secret Pact With FDR Is Revealed

LONDON (AP)—Prime Minister Winston Churchill declared today in a vigorous speech to the House of Commons that the American hydrogen bomb tests "increased the chances of world peace more than the chances of world war."

Churchill said Britain would not ask the United States to halt the series of H-Bomb tests in the Pacific.

"We would rather have them carried to Siberia," he said.

He addressed Commons in response to a Laborite demand for a full discussion of the local implications of the hydrogen bomb tests.

WASHINGTON (AP)—Republican legislative leaders said today President Eisenhower will "clarify" tonight the concerns which Americans and the world have on the H-bomb and other problems.

The President gave a preview of his extemporaneous 30-minute talk at 8:30 p. m. EST to GOP leaders at their regular weekly White House meeting.

WASHINGTON (AP)—Secretary of State John Foster Dulles said today Chinese Communists are "coming awfully close" to aggression in Indochina which might call for retaliation against the Chinese mainland.

Dulles did not specify for members of Congress what nation or nations might carry the war to the (Continued On Page Four)

Jimmy Disowned By National Party

WASHINGTON (AP)—A key Democratic leader in Congress expressed surprise today that National Chairman Stephen A. Mitchell has denied the party's support to James Roosevelt and Rep. Robert Condon D-Calif.

He said he can't recall another instance in recent years when the national committee has intervened in local elections the way Mitchell plunged into the California congressional race.

But he and other Democratic leaders noted the delicate situation until they could get all the facts. An intra-party argument over the wisdom of the action seemed almost certain.

Mitchell said today in Chicago that his action represented no attempt to police or "purge" the party.

Mitchell was asked if his decision to withdraw party financial support of Roosevelt and Condon, plus his recent remarks about the Americans for Democratic Action, represented an attempt to improve party regularity and make clear who speaks for the party.

"These cases are not related," he answered. "I am making no attempt to wield personal power. I am just trying to do my best in each situation."

ADA NO SPOKESMAN Mitchell recently said that the ADA did not speak for the Democratic Party. He urged persons sympathetic to Democratic policies to work within the party proper.

Mitchell also called "completely untrue," a charge that he "double-crossed" (Continued on page two)

Midgets Merge In New York

NEW YORK (AP)—Anthony Vendola, 30, and the former Sobotka Jenie Riddle, 24, both midgets, were married in a king-sized wedding here yesterday by a normal-sized minister who knelt throughout the ceremony.

More than 100 relatives and friends gathered at St. George's Presbyterian Church to witness the nuptials.

The Rev. Dr. Lyman Hartley, who performed the ceremony, knelt as the couple approached the altar. Vendola is 50 inches tall and weighs 90 pounds. His bride is 48 inches tall and weighs 80 pounds.

COURSE TO BE GIVEN A course in parliamentary law will be given at the Women's Club house on Tuesday and Wednesday nights from 7:30 until 9:00 or 9:30. The course will be given by Jett Denny, who has had training in this field. All persons interested please call 4500 or contact Mrs. Mary Byrd at the Woman's Club.

Girl Poses Half Nude With Actor

LONDON (AP)—Busty Simone Silva said today she took off the top half of her sun suit and posed for pictures with actor Robert Mitchum because she figured it might help her win a Hollywood contract.

The 25-year-old British actress arrived here yesterday from the Cannes film festival in a huff about prudishness.

"Marilyn Monroe became famous after she posed in the nude," Simone said.

GRASS SKIRT All the excitement took place at a picnic for luminaries and stars on an island off Cannes. Simone was wearing only a transparent chiffon halter and a grass skirt when photographers asked her to pose with Mitchum. Then the photographers asked her to take off the halter.

"I want to go to Hollywood," she said. "I thought it would be good for me to be photographed with (Continued On Page Two)

High Court Vetoes Coast Line Merger

WASHINGTON (AP)—The Supreme Court today vetoed the proposed merger of the Florida East Coast railroad with the Atlantic Coast Line Railroad.

The 4 to 3 decision was a victory for the Alfred I. Du Pont interests of Florida which have been fighting the ACL for many years for control of the Florida East Coast.

The DuPont group holds 25 million dollars in the Florida East Coast's first and refunding mortgage bonds—a controlling 56 per cent of the issue. Under the merger plan, however, all the company's property would have been transferred to the Atlantic (Continued On Page Five)

Blaze Leaves Family Barren

An appeal was made in Dunn today by Howard M. Lee, local representative of the Salvation Army, and by the Red Cross, for clothing and bedroom furniture for a Negro family of 10 left homeless Saturday by a fire that gutted their home.

Lee said that fire completely gutted the dwelling of the Rev. Willie Ray, 100 block of West Carr, Saturday night around 10:30, leaving the minister, his wife and eight children without clothing or bedroom furniture.

Besides his wife, Ray has two (Continued on page two)

These Little Things

By HOOVER ADAMS

TRINIDADIANOS: Superior Court Clerk Robert Morgan, candidate for the State Senate, is going to have the campaign field to himself for the next several weeks.

His opponent, Senator Bob Young has gone to California for a visit. "I intend to make hay while the sun shines, too," laughed Robert today.

Mrs. Young and Mr. A. B. Smith, Jr., are also on the trip to the West Coast. Oliver Godwin is nursing a sore jaw after a serious dental operation.

Forty years ago, the prominent Dunn contractor had a tooth pulled. A few days ago, he had to have the roots taken out by surgery.

"I've still got a window in my jaw," he said today, "but it's healing gradually." Leo Chauvin of "Lost In Loveliness" and "In Paris and In Love," will also see another show destined to be a hit, "The Beautiful Sea," which also has a number of song hits.

L. A. Monroe, popular Dunn jeweler who owns a lot of real estate in Fayetteville, has started work on another big building project there.

Hugh Sills of Dunn, owner of L. and S. Hardware Co., will open a new hardware store in one of Monroe's buildings.

Another pretty hit tune is Sammy Kaye's recording of "In The Mission Of St. Augustine." Jan Aycock, daughter of Mrs. Clea Aycock, is a very talented young artist.

She's particularly good at drawing horses, has some wonderful horse pictures she has drawn. Dunn has a number of budding artists. Her (Continued On Page Two)

New Diesel Arrives; First Run Tuesday

History will be made here Tuesday morning when the Durham and Southern Railroad begins operation of its first diesel engine.

President Robert Maitland Barnett, a native of Maryland who took over as head of the railroad April 1, will come to Dunn with other officials of the railroad Tuesday morning for full-scale ceremonies.

Dunn's city and chamber of commerce officials and other civic leaders will also take part. The company is adding three of the new diesels, which will replace five old steam engines which have been in use for more than a quarter of a century.

The only other railroad in the State still using steam engines is the Piedmont and Northern.

First of the new diesels arrived in Dunn late Sunday afternoon and was met by H. A. McAllister of Durham, vice president and general manager of the company, and Locke Campbell, Dunn shop superintendent.

COST \$120,000 EACH The new diesels, manufactured by Lima-Baldwin Locomotive Co. of Philadelphia, cost \$120,000 each.

Arrival of the other two is expected during the week. Mr. Campbell said the last run of a steam engine on the line is expected to be made next Sunday.

The Durham and Southern Railroad runs from Dunn to Durham. Its shops are located here.

As of April 1, operation of the D. and S. was severed from the Piedmont and Northern and headquarters were moved back to Durham.

Mr. Campbell has been in Philadelphia during manufacture of the big diesels.

MOTHER OF THREE KILLS HER HUSBY GLOVERSVILLE, S. C. (AP)—A young mother fatally shot her husband after he returned from an all-night outting, tried to strangle her and grappled with a man who came to her aid, Sheriff W. Price Falow reported today.

Alvin Foskey, 34, died about seven hours after the Sunday morning shooting. His wife Pauline, 23-year-old mother of three children, was held without bond in the Alken County jail pending an inquest, Falow said.

In a statement issued at his headquarters here yesterday, the senatorial candidate said that most school problems are caused by the fact that the schools are a government monopoly.

He said he had prepared the statement as a speech which he had hoped to deliver last week in Greensboro. He said that he decided to release the statement when he did not receive an invitation to address any group in Greensboro.

Wingfield said that turning the schools over to the state when local government could not solve their own problems during the depression created "more and worse new problems."

"Now the people of the whole state argue about matters which could previously be solved at the local level." (Continued on page two)

Holsum Bread On Sale Here

Today Dunn housewives will find a new brand of white enriched bread, supplemented with Vitamin D on grocers' bread shelves.

Holsum Bread fortified with Vitamin D and packaged in a bright, orange-red plastic-coated wrapper, goes on sale today in Dunn stores.

Holsum Bread is produced by The Royal Baking Company whose Bambi bread has been familiar to local housewives for 23 years.

In announcing the introduction of Holsum Bread with Vitamin D to Dunn shoppers, Raymond B. Streb, Sr., President of The Royal Baking Company, says the Holsum brand was originally developed many years ago because the name emphasized the good tasting and health-giving qualities of bread, the basic food of most families all over the world.

EXTRA-VALUES Mr. Raymond B. Streb, Sr., points out that the addition of Vitamin D provides extra nutritional values to the consumer. "Vitamin D" he says, "helps the body get the most good out of the calcium and phosphorus in bread and other foods. It helps build stronger teeth and bones. Without Vitamin D, the body fails to utilize much of the calcium and phosphorus present in the normal diet."

The introduction of the Holsum brand does not affect the independent status of The Royal Baking Company according to Raymond B. Streb, Sr.'s, announcement.

"All the other bakers in many parts of the United States and Canada are using the Holsum brand, and producing the same high quality loaf of bread. The Royal Baking Company is still purely a home industry, and its independence is not affected," Raymond B. Streb, Sr., says.

IN 39 STATES Holsum is one of the most widely distributed brands of bread in North America. It appears on family tables in 39 of the 48 states, as well as in many parts of Canada.

In each community, it is produced by an independent baker. According to Raymond B. Streb, Sr., the baking process and formula from which Holsum Bread with Vitamin D is produced, give the bread a fresh home-baked flavor and aroma which is sealed in by the plastic-coated wrapper.

Holsum Bread will sell for the same price as Bambi, and the additional cost of adding the Vitamin D will be absorbed by The Royal Baking Company.

SERVED DUNN SINCE 1931 The Royal Baking Company, producers of Holsum Bread, have served residents of Dunn since 1931. (Continued On Page Two)

Mother Has Second Baby In 3 Weeks

CHELSEA, Mass. (AP)—Her second child in three weeks was born today to the wife of a sailor. The babies, a boy and a girl, are not twins.

Mrs. Thelma Chapman, 32, of Roxboro, Mass., was delivered of the second child at 4:19 a. m. The infant, like his tiny sister, was born at Chelsea Naval Hospital. The mother and both babies are doing nicely, the hospital said.

Capt. L. T. Dorgan, hospital chief obstetrician, said it cannot be determined at this time whether both babies were conceived at the same time.

The new baby weighed four pounds, 6 1/2 ounces, a bit heavier than his sister, who tipped the scales at three pounds, four ounces.

Mrs. Chapman's husband Wilbur, 30, is an aviation electrician stationed at the Weymouth naval air facility.

Doctors said Mrs. Chapman has dual procreative organs, a medical rarity. The first baby was born March 15 and steadily is gaining weight. It still is in the hospital.

Wingfield Raps School System

CHARLOTTE (AP)—Alvin Wingfield Jr. has called for the state to return the schools to the control of the cities and counties and for an eventual change to a private school system.

In a statement issued at his headquarters here yesterday, the senatorial candidate said that most school problems are caused by the fact that the schools are a government monopoly.

He said he had prepared the statement as a speech which he had hoped to deliver last week in Greensboro. He said that he decided to release the statement when he did not receive an invitation to address any group in Greensboro.

Wingfield said that turning the schools over to the state when local government could not solve their own problems during the depression created "more and worse new problems."

"Now the people of the whole state argue about matters which could previously be solved at the local level." (Continued on page two)

Smile-Awhile Boys To Play For Scott

Senatorial Candidate W. Kerr Scott will tour the State with a hillbilly band during the last month of his campaign and a hillbilly song promoting his candidacy will permeate the air over radio stations of the State.

A hillbilly campaign show which will outdo any of those attempted in Louisiana, Texas and Tennessee is now being mapped out.

James Thornton of Benson, director and manager of the Smile-Awhile band, popular television and radio artist, declined today that he has signed a contract with Scott to accompany the candidate on his campaign in Eastern Carolina during the closing weeks of the campaign.

"We're going to outdo Pappy O'Daniel of Texas and Jimmy Davis of Louisiana," declared Thornton, whose hillbilly outfit appears regularly over WPTM-TV in Greensboro, WVAO-TV in Raleigh, WPTC-TV in Greenville and WTAR-TV in Norfolk.

Thornton, whose group has made more than a dozen best-selling recordings, one on the kidnapping of Little Bobby Greenleaf, did not (Continued on page two)

+ Record Roundup +

SERVICE RECORD — L. B. McLean, Harnett County Veteran's Service Officer, this week announced that he has had dealings with veterans in filling out 1,578 forms, getting services, and attending to other veterans' activities during the past month.

COMMUNITY FLOWER SHOW — The Women's Club of Angier will sponsor the 1954 Flower Show to be presented Friday, April 23, from 4:00-8:00 p. m. at the American Legion. Hat.
