# MR. COTTON FARMER

**MR. COTTON FARMER  
DON'T LOSE THAT ACREAGE - OR YOU'LL BE SORRY AND THIS WHOLE  
AGRICULTURAL AREA WILL SUFFER.**

Did you know you will lose one-third of your cotton allotment if you do not plant it this year?

**BUT ----**

You can hold it by releasing to the County ASC Committee the amount you are not going to plant. They will hold it for you until notified.

The deadline for releasing this acreage of cotton has been extended to April 8, 1954.

Call, visit or write your county ASC Committee NOW and save your allotment if you do not intend to plant all of it.

It helps you, your county, your state and neighbor.
