JOE WELL DONE — Words of praise were given by the county board of education this week to John Burgess and members of the county school maintenance staff for the speed with which they repaired the wind storm damages at the Erwin school. Superintendent G. T. Pruitt told the board that only two days were lost at the Erwin school. And incidentally, the job cost about half of what was anticipated. The county granted an emergency grant of \$25,000 to repair the roof and other damages. Only \$12,000 was spent and the residue will be returned to the county. Saving was credited to fact county staff did the work.

ON THE HOME FRONT — County Superintendent G. T. Pruitt said today he is not accepting any invitations to go out of the county this month. He is busy at his desk trying to whip into shape the big school budget for next year. He will review it with his county board of education on April 26 for the final touches before giving it to commissioners on May 3.

AT JOHNSVILLE — The Johnsonville Farm Bureau will hold its April meeting on Friday at 7:30 p. m. at the Johnsonville Community Center. G. T. Pruitt, county superintendent of schools, will be the guest speaker and will show the Kellogg School films.

ADD SIGNS OF SPRING — Sheriff W. E. Salmon's office has been notified that a new tire, wheel, tools and fishing equipment were stolen on April 1 from Lonnie M. Morrison on Lillington, Route 2. They were taken from Morrison's 1952 Studebaker car.

WEEK END WRECK — A 1953 Dodge car was injured to extent of \$600 and one passenger was slightly hurt when the car, driven by Miss Sadie Patterson of Lillington, Route 3 ran off the road and overturned on Sunday at 5:45 p. m. 14 miles west of Lillington on the Johnsonville Road. DRIVERS INDICTED — Both drivers involved in a two car collision Sunday one half mile south of Lillington near the Manhattan Club face court charges. Patrolman R. B. Grisson was cited to court for improper license. The Buick was owned by Helen Bailey, Lillington, Route 2.

BUNNLEVEL ROBBERY — No arrests have been made yet in the robbery of Byrd Farm Supply Store in Bunnlevel before dawn last Friday. But rural policeman J. Stanley Byrd of Bunnlevel and other officers working on the case have made many investigations and have a number of clues. They know that the robbers gained access to the building by prying open a site door. The light meter was removed to prevent the burglar alarm going off as it had earlier in the month. The electric clock stopped at 12:30 a. m. and tracks found outside indicate the robbers halted the small office safe away in a heavy automobile. The safe, locked at the time of the robbery, was found abandoned on the edge of a dirt road near McLean's Chapel. A blunt instrument apparently had been used to knock off the combination and officers surmised a crowbar was used to pry open the door. Owner W. B. Byrd also has given the officers some descriptions of the cash, amounting to around \$800, which was removed from the safe.
