

Actress Suzan Ball Now On Honeymoon

SANTA BARBARA, Calif. (AP)—Actress Suzan Ball and actor Dick Long honeymooned today after a "happy ending" wedding that saw the bride discard her crutches at the last minute to limp down the aisle on a new artificial

The beautiful actress held up the wedding 10 minutes yesterday while she tried out her new leg in

the minister's study. Then she decided not to use the crutches, which were wrapped in white satin. She walked, slowly and with a limp, to the altar of the El Monticito Presbyterian Church while 1,200 spectators outside applauded and 200 guests inside smiled and wept.

"It's the most wonderful thing in the world to walk again," said Suzan after the 10-minute ceremony as the couple prepared to motor to northern California for a week's honeymoon.

"It was my love for my husband that made me walk. I owe it all to him," she said.

LEG AMPUTATED
Her leg was amputated last Jan. 12. A knee injury had developed into a cancer and the malignancy dictated the operation.

"I've been practicing six days, and I'd always wanted to walk at the wedding. But everybody thought I couldn't make it, so we didn't say anything about walking," she said.

The ceremony marked the first time Long has seen her walk outside of the artificial limb practice

United Fund Group Meets

Members of the executive committee of the Dunn United Fund met Friday with Hal Bronfin, Chaplain Hill, a field representative of the State United Fund, to go over local problems.

During the discussion of UFD problems, Bronfin told the local group that he was well pleased with the progress shown here. The State official called attention to various problems in the organization and discussed at length specific cases.

The Executive Board voted to leave polio, TB, and heart funds collected here by the UFD in a separate fund for local use. Earlier this year, funds for these county organizations were returned to the UFD executive board with the explanation that the national office would not accept money from community drives.

Bronfin announced a State meeting of United Fund officials in Charlotte Wednesday, April 14. Members in South Carolina will also attend the meeting.

Plans were not complete for local representation at the meeting today, but Norman J. Suttles, publicity chairman of the organization, said a number of persons probably would attend.

"Much as I hate jail," she told reporters, "I'd rather do that than be in constant danger."
