Goldsboro Death Toll At Five; Cause Is Sought

GOLDSBORO, N. C. (P) — Two more bodies were recovered early today from the charred debris of a mysterious explosion that demolished a two-story building here yesterday, bringing the death total to five.

A wrecking machine uncovered parts of the body of a man at 1:40 s. m. He was tentatively identified as Troy Holmes, about 50, assistant manager of a downtown furniture store which was "disintegrated" in the rumbling explosion, Shortly before dawn the body of a Negro woman was recovered but identification was not made at once. The woman was thought to have been a shopper in the store.

Two Negro women were reported as missing after the blast hurled larged glass and bricks upon a score of passersby.

LIKE BATTLEFIELD

LIKE BATTLEFIELD

Wrecking machines continued to search through rubble caused by the explosion which shattered windows two blocks away and spread fire to three other business structures. Sheriff's deputies 'described the area as being "as bad as a battlefield."

Workers pulled the bodies of secretary-bookkeeper Eunice Collins 34: proprietor Marion M. Edwards, 60, and a passerby, Luther S. Dening, 16, of Four Oaks, N. C., from the furniture store wreckage. Denning was crushed by a falling brick wall.

\$950 Damages

In Car Wreck

As Probe **Begins**

SAN ANTONIO, Tex. (I)—FBI agents arrested S. Lee Davis, 46, a prominent paint contractor, today in a drive against fraudulent dealings with the government that purportedly run into "millions of dollars."

Davis was arrested on charges of perjury and conspiracy to bribe. Asst. U. S. Atty. Brad Miller said Davis is accused of conspiring with a "John Doe" to bribe Ralph H. Hall.

Hall, the Fort Sam Houston contract inspection chief, was arrested yesterday on federal bribery charges and released in bond, He, Davis and "Doe" allegedly were involved in a painting contract of about \$2,000 in 1952.

Miller said an investigation show-

Members of the Dunn Tourist
Bureau mapped plans for the summer program today at a meeting
held in the Chamber of Commerce
office. Hugh Willie Tart, chairman
of the Bureau, presided.

Tart praised the work of the
Chamber of Commerce Sign Committee, and encouraged the placement of more signs advertising
Dunn during the next few months.

The Bureau head pointed out
that incoming from Fayetteville in
the evening it has been noted that
a number of tourist courts have
vacancies while Dunn courts are
filled. But, in order to make this
true during the summer months,
more advertising with signs out of
town will be necessary. Tart emphasized.

TWO PROJECTS

Membership of the Bureau outlined two points for continued progress in the future:

(1) Continued placement of signs advertising Dunn out of the county.

(2) Continuance of the "Tourist of the Week" program this summer. Mer,
Norman J. Suttles, publicity chairman for the Bureau, said today that the "Tourist of the Weel" program will probably begin within the next few weeks. "The program was very successful last year," Suttles stated.

Chamber Vetoes

Farm Law May **Be Extended** For One Year

By UNITED PRESS

Senate supporters of high level farm price supports to-day appeared ready to give a little ground in their fight against the administration's flexible price crop plan.

Influential farm bloc leaders seemed to be leaning toward a sug-gestion for a one year extension of the present farm law which guar-

the present farm law which guarantees price supports at 90 per cent of parity on sk "basic" crops. They previously had talked in terms of a two year extension.

Sen. Milton R. Young (R-ND) said he believes chances are good that President Elsenhower would approve a one year extension of the present law which is due to die in December.

But Agriculture Secretary Ezra T. Benson said Monday he is "confident" Mr. Eisenhower will veto any bill extending the high support law. If the present program expires on schedule, a flexible law now on the books would take effect.

Under the flexible plan Benson

fect.
Under the flexible plan, Benson would have authority to adjust the support level between 75 and 90 per cent of parity in line with sup-

per cent of parity in the value of piles.

In another farm development, the House voted tentatively Monday to add \$2,198,635 to the Agriculture Department money bill for the coming fiscal year to restore a cut in agriculture research funds voted by the House Appropriations Committee. Another vote on the issue will come when debate resumes on the appropriations bill Wednesday.

Allegedly Held Up H-bomb Work; Friend To Reds

WASHINGTON (P) - The

WASHINGTON (P) — The government disclosed today that Dr. J. Robert Opportheimer was stripped of access to A-bomb and H-bomb secrets by President Elsenhower on the basis of "substantial derogatory information" reported to him by the Justice Department.

This disclosure was made by the Atomic Energy Commission which stated in addition that the world famous "Mr. Atom" has been suspended not only as a scientific consultant of the AEC but also as member of the Defense Mobilization Office's Science Advisory Commission.

The AEC spoke out after Oppenheimer himself had released to the press documents detailing charges against him and his reply.

DELAYED DEVELOPMENT

The noted nuclear physicist credited more than any other individual with masterminding development of U. S. atomic weapons, is accused of two main charges: Past close association with Communists and Communist causes, and with delaying U. S. H-bomb development.
