Irha Hardware Promotion Set For Next Week

Cromartie Hardware and Harnett Hardware will participate in one of the biggest promotions ever staged in the nation, it was announced today.

The event will be known as Irha Hardware Week April 16, and will involve the biggest advertising and merchandising campaign ever conceived.

Irha means Independent Retail Hardwaremen of America and is the symbol that identifies member stores, including Cromartie Hardware and Harnett Hardware of Dunn.

Hardware Week will be observed coast-to-coast April 16 to 24 by the 23,000 independent hardware stores, all members of the National Retail Hardware Association.

A total of 588 wholesalers and more than 100 manufacturers, including some of the industry's top names, will support the Irha stores in the gigantic selling drive.

As part of the promotion, the two local stores have stocked up on the latest power tools, new precision-built home workshop gear, Do-It-Yourself gadgets, sports equipment, kitchen needs, garden tools, as well as the every-day line of hammers and saws, and nuts and bolts.

Many hardware items will be marked down or offered at amazing bargain prices in an effort to lure customers into the store.

The local stores will be decked out in its Sunday best for the occasion, including colorful pennants and gay eye-catching display posters.

Patrons will be given free of charge informative booklets on "Bright Ideas for the Home" which are aimed at the booming Do-It-Yourself market.

In that connection, Cromartie and Harnett Hardware stores will feature items designed especially for the home putterer and the hobbyist. Shelves will be well stocked with things like paint rollers, brushes, quick-drying paints, cabinet hardware and home craftsmen's kits.

The two stores said Hardware Week means "open house" and urged folks "to come in and browse around even though you don't need anything in the hardware line at this time."

Ro-Mar will include a line of quality mattresses with a wide range of cost, depending on the make-up of each. The lines will go all the way from cotton mattresses to foam rubber. It will also include several types of inner-spring and box spring products.

Black River Mattress Company was founded in Dunn in 1936 and at that time occupied a small 16 by 16 foot building near Black River on the Dunn-Erwin Highway. With the new addition, the building is now 48 by 150 feet in size and includes a modern storage room, up to date work rooms, and modernly equipped offices for the company officials.

"The eyes of the world are on the United States Senate," said Senator Lennon. "The future peace or devastation of the world will depend in large measure on policies and the actions on which the Senate must take a stand. I am deeply concerned by the grave international situation and I pray that we in the Senate will have the wisdom to chart the proper course for our country and all mankind."

"Our people are worried by the awful potentialities of the hydrogen bomb, by the desperate situation in Indo-China, by the uneasy peace in Korea and by world-wide Communist threats to our freedom. It certainly does not behoove any public official to brush off such matters as being too far from home."

Two Guilty Of Driving Drunk

Attorney Duncan C. Wilson of Dunn put up a vigorous fight for two clients charged with driving drunk in Recorders Court today, but both were found guilty.

Charged with driving drunk in the two cases were William Edward Phillips and Eddie Jackson Davis. Davis, a resident of Goldsboro, had three friends with him, including two members of the City police force.

Testifying for the State in one case was Patrolman David L. Matthews and Cpl. Romie Williamson. Both said that Phillips was "staggering drunk" when arrested.

But the argument was hot when Attorney Wilson began cross-examination of K. M. Fall of the Dunn Police Department. Officer Fall became so enraged with Wilson that Judge H. Paul Strickland had to top the argument between the two and talked about drastic action if they could not be orderly.

Before beginning the Davis case, Wilson requested segregation of witnesses so as to question each without the other hearing the testimony. Besides Fall, Officer R. H. Alphin testified for the State.

Judge Strickland was busy keeping the argument between the attorney, the witness, and Solicitor J. Shepard Bryan from breaking up court. Several times he pounded on the desk to separate the three.

But in the end both defendants were found guilty, and given 90 days in jail, suspended for 12 months on payment of \$100 and court cost. In each of the cases notice of appeal was filed and a bond of \$200 was ordered posted.
