S. Terry, 73, Black Mountain, N. C., and Miss Helena Murphy, 56, County Kerry, Ireland.

FORT STOCKTON, Tex. (AP) — A cold front that collided with a warm air mass and stirred up at least four Texas tornadoes brought rain in scattered parts of the country today, including drought — parched West Texas. Only one of the tornadoes yesterday — one of two at Fort Stockton, touched ground. It unroofed two farm houses and caused other minor damage.

SEOUL, Korea (AP) — Thousands of life-savings armored vests, which sharply reduced casualties during the Korean War, have been flown to Indochina, an informed source said today. The vests have been airlifted to the Southeast Asia battleground. About 9,000 of the nylon vests have been given to the French, the source said.

TOKYO (AP) — Radio Moscow said today the Soviet delegation to the Geneva conference, headed by Foreign Minister V. M. Molotov, would include Vice Foreign Ministers Andrei Gromyko and V. V. Kuznetsov. Other principals beside Molotov and his deputies included the Soviet ambassador to Red China, United States, France and North Korea and chiefs of the Far Eastern, United States, Southeast Asia bureaus and press section of the foreign office, the monitored broadcast said.

RALEIGH (AP) — Voters in the state are "fed up with the 'attack and smear' technique and all unethical campaign devices, including unsigned leaflets," Terry Sanford, state campaign manager for senatorial candidate W. Kerr Scott, said yesterday. With the May 29 Democratic primary drawing nearer, he said, "it is very important that all voters become familiar with the views, principles and qualifications of those seeking public office."

FT. BRAGG, N. C. (AP) — The Army moved ground troops into position today for its first atomic war games in a gigantic maneuver in which 1,000 men may be hospitalized with make-believe A-bomb injuries. More than 100,000 soldiers and airmen are testing tactics for new super-bombs, germ warfare, guided missiles, radiological fighting, psychological warfare, guerrilla action and survival training on a vast "front."

NEW DELHI, India (AP) — Prime Minister Jawaharlal Nehru today barred U. S. airlift planes from flying over India with French commandos destined for battle at Dien Bien Phu. Shortly after Nehru's ban was made known, U. S. Air Force authorities conferred at Wiesbaden, Germany, where it was announced Wednesday that the 8,500-mile Paris-to-Indochina airlift was in progress.

AUGUSTA, Ga. (AP) — President Eisenhower interrupts his vacation and flies north today for a major speech designed to allay world fears that this country might use the hydrogen bomb. Mr. Eisenhower will speak at 9 p. m. EST., to the American Newspaper Publishers Association at the Waldorf Astoria Hotel in New York City.

WASHINGTON (AP) — Sen. Homer E. Capehart today suggested the "blacklisting" from the federal housing program apartment-builders who reaped "windfall" profits from excessive government-backed loans. The Indiana Republican, chairman of the Senate Banking Committee, also proposed that builders be required to turn back immediately any part of a government-insured loan that exceeded the cost of the project for which it was borrowed.

WASHINGTON (AP) — The government's price index was expected to show another slight dip in March because of reductions in the cost of food and other items. The Bureau of Labor Statistics was scheduled to issue its monthly consumer price index today showing the change in prices of goods bought by most city families between mid-February and mid-March.

WASHINGTON (AP) — Defense Secretary Charles E. Wilson said Wednesday night the administration's "new look" defense policy is designed to "deter both a major war and local aggression." In his first semi-annual report since adoption of the "new look," Wilson served blunt warning to would-be aggressors that "the mounting retaliatory capability of our air units gives full warning to any aggressor of the possible consequences of rash actions on his part."

WASHINGTON (AP) — There is some disagreement among the experts over whether congressional immunity applies to the kind of sworn testimony there will be in the Army-McCarthy hearings. At least one top government lawyer said he believes congressional immunity would not protect Sen. Joseph E. McCarthy against possible perjury action in the case of an alleged false statement under oath.

Record Forum

TO THE EDITOR:

Chief Ralph E. Hanna, the officers and members of The Dunn Fire Department, Inc. wish to take this opportunity to express their gratitude for the valuable assistance which was rendered last Friday evening at the disastrous fire on South Clinton Avenue by the Explorers Scouts, the Auxiliary Firemen and other volunteer help, which consisted of those employed nearby and several persons which just happened upon the scene. Without this help, we feel that the situation would have resulted in a different and more unfortunate ending. From the bottom of our hearts, we thank all of you.

We also appreciate those ladies and others that brought us ice water, Coca-Cola, hot coffee, sandwiches, pie and chewing gum. This helped so much in giving us strength to carry on through those long hours.

We think the officers, highway patrolmen, scouts and others who handled the traffic did a splendid job and are to be congratulated upon controlling the situation so well. The crowds that gathered were very cooperative and one of the most orderly we have ever had to

witness a fire. As well as being a costly fire, this was one of the most dangerous we have ever encountered. Through intense heat, explosions, falling brick walls, flying glass, hot, descending embers and dense smoke, no one was seriously hurt. Several escaped with only minor injuries. We know that God was with us and surely his guiding hand saw us through and kept us from great harm.

We also would not forget to mention the wonderful service performed by our Chaplain, Rev. Bane T. Underwood. He was ever at our side and remained with us until the very last. He did so many many things that helped us and made it easier for us to carry on. We will never cease to remember you, Mr. Underwood, and we certainly think you are a very valuable addition to our department.

We appreciate the means you have afforded us to express love above, and with every good wish, we are,

Very truly yours,
THE DUNN FIRE DEPARTMENT, INC.
HOWARD M. LEE,
Secretary-Treasurer.

MRS. CAMERON DIES
Funeral services for Mrs. Mollie B. Cameron, 87, of Warrenton were held Wednesday at her home. She was the daughter of the late Mr. and Mrs. Byant Bowden of Harney County.

APPRECIATIVE SMILES — On Tuesday Lillington Presbyterians greeted guests for the stated Spring session of the Fayetteville Presbytery with a newly decorated sanctuary, a fine new educational building, and a modern kitchen and dining hall just completed in the basement. Out of 135 ministers and elders attending, former pastors were the most appreciative of the improvements. They include (left to right) the Rev. L. A. Mc-

Laurin, Mullins, S. C., first pastor when church was known as Summerville Chapel; the Rev. J. F. Menius, of Fayetteville, pastor from 1922-'33; the Rev. L. D. McMahon, Fayetteville, who served in 1933; the Rev. W. L. Foley of Sanford, pastor from 1938-'44; and Dr. David A. Huffines, Jr., present pastor, under whose guidance the building program was completed within a year. (Photo by T. M. Stewart)

Little Things

(Continued from page one)

Claude Pope, Jr. ... Our apologies ... Fannie Sue Turnage, The Record's "Girl Friday" is more popular than ever since she came out second in the "Miss Dunn" contest ... The publicity merely served to call attention to her charms ... She'll be one of the vocalists at the Jaycee banquet, at which handsome Senator Alton Lennon will be the speaker ... Becky Lee, the very pretty "Miss Dunn" will also be a guest of honor at the banquet ... Last night's district meeting of the Jaycees here proved again that the Jaycees are the most wide-awake group in Dunn ... Visitors were impressed by their many achievements here ... There'll be plenty of left-over orchids and orchids just a little wilted from wear at Dunn churches again this Sunday ... There's a lot of measles around town ... Many children are absent from school ...

THINGAMAJIGS: Eartha Kitt's records are popular in Dunn as well as in the rest of the world ... The new issue of Pageant Magazine has an interesting feature on the 25-year-old South Carolina Negro singer, the hottest thing in female vocalists since the Lorelei ... Ironically, she started her career as a dancer, is now the most sought-after singer in showbiz ... Her big break came in the Broadway show, "New Faces" ... RCA Victor sold 2,000,000 of her records the first year ... She gets royalties on each of them ... Monte Proser brought her home from Europe to star in his New York club, La Vie en Rose ... But it wasn't until two years later that she started climbing ... Her recording of "Santa Baby" last year sold nearly 200,000 records ... "Lovin' Spree" and "Somebody Bad Stole De Wedding Bell," are selling big now ... She's a mere slip of a thing, is five-foot-three and weighs 110 pounds ... In Istanbul once a man gave her a whole herd of elephants but she gave them back because she didn't want to be obligated ... She also spun gifts from King Farouk ... She sings in English, Spanish, Italian, Cairese, Haitian, Turkish and several of the remoter African dialects ... Eartha Kitt is her real name, not a stage moniker ... Her hobby is painting ... She doesn't appear in night clubs now for less than \$10,000 a week and she can play as many weeks in the year as she likes ... This year, her income will total nearly a half million dollars ... That's quite a climb for a gal who started out life as a member of a poor family of Negro sharecroppers ... The whole story is

in Pageant ... A real success story, too.

SEEN ABOUT TOWN: Cad Upchurch dashing across the street to ride with Howard Lee to the fire yesterday afternoon ... Signs on cars which read: "Don't blame me, I voted Democratic" ... Roy Tew getting out letters to farmers who plan to grow peppers this year ... C. T. Latimer out again ... He's had a rough time of it, but is feeling and looking good again ... Always was a handsome fellow ... Duncan Wilson dressed up like it's still Easter Sunday ... He always dresses sharp ... A bunch of Navy trucks parked on the cotton yard last night ... Willard Mixon playing with his cute young son, Mick, in their front yard ... A new home going up beside Nick DeMal's on North Ellis ... Dr. Randolph Doffermeyer and V. C. Swanson in a serious discussion.

Lions To Sponsor Hillbilly Event

The Dunn Lions Club will sponsor the famous radio comedians, Jamup and Honey in a presentation of skits and hillbilly music at the local High School auditorium Wednesday evening, April 28 at 8 o'clock. Club President Jesse Capps said today that the local club has been able to secure "Grand Ole Opry" comedians on a percentage basis. Money taken in by the Lions will be used on their project of helping the blind of North Carolina.

Two-Headed Baby Ready For Burial

PETERSBURG, Ind. (AP) — Indiana's two-headed baby, burning up with fever and breathing laboriously, died Tuesday of a respiratory infection in the same hospital where he was born. The infant's body was placed in a tiny coffin and returned to the modest Petersburg home of the parents, Mr. and Mrs. Cecil Hartley. Funeral services will be held Thursday afternoon.

The child, an accident of nature formed by the imperfect division of a single fertilized egg, was one of the world's great medical rarities.

FOUR MONTHS, 8 DAYS — By surviving four months and eight days after birth, he became an even greater rarity. The family doctor who delivered the baby thought that he might even have grown to adulthood had he survived for one year.

The infant, "very critically ill," was rushed to Davies County Hospital at nearby Washington, Ind., Tuesday with a 105-degree fever

Durham Man

(Continued from Page One) Jaycees welcomed the visitors. The invocation was given by Corky Cretni.

Reports were heard from the following: Heulon Dean of Fuquay Springs, on the "Miss North Carolina" pageant; Marvin Koonce of Raleigh, on the junior golf tournament; George Johnson of Goldsboro, on the Sparkplug Award; Thomas Ashworth of Fuquay Springs on the national convention plans; George Hicks of Raleigh, on the State convention plans; Bob Leak of Dunn, on the Teen Age Rodeo project, and Willie Biggs of Dunn on the Membership contest.

Husbands

(Continued from Page One) for Mrs. Karen Greenberg, the current "Mrs. Illinois" from Elgin, who was having trouble with the competition in cooking.

Like all the contestants, the Greenbergs found the standard food stock in the pantry of the cottage assigned to them—meaning eggs for breakfast. But her husband is allergic to eggs. Nevins ruled she must cook them anyway, but he does not have to eat them.

DON'T EAT FISH — Mrs. Betty Joan Donaldson of Wichita, who is "Mrs. Kansas" and Mrs. Kirgis were aghast at the requirement that they cook a fish dinner. Neither husband eats fish.

"In fact," said Mrs. Donaldson, "nobody eats fish in Kansas." Cooking also worried Mrs. Irene A. Elche of Albuquerque, N. M., who said she is used to baking cakes in high, dry altitudes and is fearful of what the judges will think of her oven dishes here.

More at home was Mrs. Octavia James, a tiny, dark-haired housewife from Anderson, S. C., who said she was putting her faith in "just plain old-fashioned healthy Southern cooking."

But she found the stock of canned goods upsetting, and was frightened by one of the first contest requirements—whip up a tasty dinner from the canned goods, "just as is guests-dropped in unexpectedly."

"I believe in fried chicken, biscuits and gravy," she said. The heart-servicing sickly left head, christened Daniel, Kaye stopped beating at 4:55 p. m. The right head contained in the torso of the more robust Donald Ray, stopped beating 15 minutes later at 5:15 p. m.
