

SENATOR LENNON REPORTS

WASHINGTON-The Senate passed last Thursday with amendments the Defense appropriations bill for fiscal 1955.

AMENDMENT I was glad to see the Williams amendment passed. It requires defense contracts to be awarded in accordance with competitive bids.

The Defense appropriations bill—approximately thirty billions of dollars of new money—provides about eleven billion for the Air Force, ten billion for the Navy, thirteen billion for the Army, thirteen and one-quarter billion for the Department of Defense and three-quarter billion for interservice activities.

The new money will be supplemented by about fourteen and one-half billion dollars in unobligated money carried over from appropriations in previous years.

UNEXPENDED BALANCE I voted against the Kennedy amendment to boost the appropriations by approximately \$350 million. Why? There is a carry-over of about forty-four billion dollars of unexpended funds in all armed

services. Add the new money—the approximately thirty billion—and we have unexpended funds of about seventy-five billion to be available for expenditure by our armed services beginning on July 1, of which approximately forty-four billion dollars are unobligated. In the case of the Army, it was shown that there is an unexpended balance of \$5,798,939,000. My position is that we should have adequate national defense and not skimp one dollar, but we must not continue to keep taxes high and the budget unbalanced when we have unexpended funds in the armed forces. I also believe that we should rely on supplemental appropriations for defense, geared to meet a changing world situation, keeping our research and preparedness at peak efficiency.

On final passage, I voted for the bill. PROGRESS Passage of the defense bill—the largest single money bill of the Congress—was ahead of the same legislation during the last session. After I came to the Senate last July 15, the bill was called up for debate. What a job that was—getting all the facts together in short time in order to vote intelligently!

THIS - AND - THAT The President has signed into law the bill to add the words "Under God" to the Pledge of Allegiance to the U. S. Flag. The Army-McCarthy hearings recorded around two million words. The Senate passed the bill to allow a three-eighth basket, thus helping our fruit growers and shippers. It was the last bill presented by the late Senator Hoey.

Woman Ends

(Continued from page one) mart had stood long enough. Robbed and Lost She set out from Buenos Aires Oct. 1, 1950, astride one horse and leading another bearing her baggage. Some people objected to her plans, but she jockeyed herself in a blessing from Eva Peron, the late wife of Argentine President Juan Peron.

She rode nearly 8,000 miles through 14 countries and territories, was robbed twice, got lost in a Colombian jungle for two months, was delayed another two months in Mexico City while her American entry documents were checked, and was hospitalized for 20 days when a truck hit her.

She clip-copped into a corral of red tape at the Canadian-United States border about two weeks ago. She was okayed for admission to Canada but her steeds had to be examined as possible disease carriers. It meant a further delay before she hit the road for Montreal.

Horses From Peru She cantered out of Montreal for Ottawa about a week ago. On good days, she said, she covered about 25 miles. But often she stopped in towns, cities and villages to take in the sights and shops.

She lost two horses on the intercontinental bridge path. One died in Peru and the other in Bolivia. She picked up two replacements in the latter country but they weren't built for the long haul.

The Peruvian government, however, presented her with two new broncs, a chestnut and a bay. The former was an old army horse and the latter a police mount. They're still with her, although somewhat worse for wear.

Tired, weather-beaten saddle sore, with her jet hair bleached almost blonde by sun and sand, Señorita Baker is unsure when she will return home. But of one thing she is sure: "I'll go home by boat."

DALLAS, Tex. (AP) — Dr. Ralph Bunche, famous Negro diplomat, said racial segregation and discrimination in the United States will be "broken" by 1963. Bunche, a United Nations Official told the closing session of the National Association for the Advancement of Colored People convention last night that "the struggle is not won by any means."

of the town and county and in 1952 was chosen as Dunn's "Man of the Year" for his outstanding service to the community.

Dr. Byrd is a past president of the Dunn Rotary Club and is an elder in the First Presbyterian Church, is a Director of the State Tuberculosis Association. He has also held various other positions here.

He married the former Miss Jeanette Pool of Macon. They have three sons.

DR. LILLY VA. NATIVE Dr. Lilly, who is 32 years old, is a native of Charlottesville, Va., son of Mr. and Mrs. M. M. Lilly of West Virginia. His father is a mining engineer.

He attended the Charlottesville public schools, Washington and Lee University, and the University of Virginia Medical School, where he received his medical degree. He was a member of the Washington and Lee football team.

After completing his schooling, Dr. Lilly served for four years as a Navy lieutenant in the Pacific. He was Captain of an EOT in the Navy.
