

BULLETINS

MADRID (AP)—Several hundred monarchists shouting "long live the king" greeted Prince Juan Carlos, 16, when he arrived today to begin the studies expected to bring him eventually to the throne.

PHENIX CITY, Ala. (AP)—Martial rule ended in this purged city today after more than seven months of military occupation by armed National Guardsmen who conducted the state's biggest anti-vice crusade.

ROSARIO, Argentina (AP)—Five persons drowned in the swift current of the Parana River here yesterday in a tragic "chain reaction" touched off by efforts to rescue a struggling schoolboy.

SANFORD, Fla. (AP)—A 43-year old accused murderer was ready to return to Oklahoma today to face charges of brutally stabbing to death a California woman for whose slaying he was placed on the FBI's "10 most wanted" list. The suspect is Otto Austin Loel of Waverly, Ohio.

WASHINGTON (AP)—Informed sources said today it is extremely likely that the Weather Bureau will continue using girls' names to identify hurricanes.

WASHINGTON (AP)—The Defense Department has formally asked Congress to appropriate \$729, 700,000 annually to raise the pay of military men who have two years or more of service.

ATLANTA (AP)—U. S. Circuit Court of Appeals Judge Robert L. Russell, brother of Georgia's Sen. Richard B. Russell, died at 4:35 a. m. today at Emory University Hospital where he had been on the "critical" list more than a week. He was 54.

ANNAPOLIS, Md. (AP)—The University of Maryland, which had the nation's top-ranked football team in 1953, was criticized today for "overemphasis on football" and alleged rules violations in recruiting athletes by the Middle States Association of Colleges and Secondary Schools.

GROTON, Conn. (AP)—The submarine USS Nautilus, the world's first vessel to be propelled by atomic power, cruised in Long Island Sound today in its first fitness trials.

WASHINGTON (AP)—Sen. Joseph R. McCarthy demanded today that the State Department clarify how many employees it still retains of the 90 he accused of being Communists or Communist supporters in 1950.

NEW YORK (AP)—Myron C. Taylor, former presidential envoy to the Vatican, and his wife have donated a million dollars to the Episcopal Diocese of New York to build and maintain a diocesan center on Long Island.

PANAMA (AP)—A three-man committee of the National Assembly today began an investigation of charges that ousted President Jose Ramon Guizado plotted the murder of his predecessor, President Jose Antonio Remon.

HARRISBURG, Pa. (AP)—George Michael Leader, a young naval officer in World War II, caps his brief career in state politics today with his inauguration as Pennsylvania's third Democratic governor since the Civil War.

PARIS (AP)—Britain lined up with West Germany and Holland today in a move that practically doomed a bold French plan to put the proposed European arms pool under a single agency.

FRANKFURT, Germany (AP)—The swirling brown waters of the Rhine, Danube and Seine rivers flooded parts of Germany and France today and threatened even worse devastation.

SAN JOSE, Costa Rica (AP)—The government reported "complete calm" throughout Costa Rica early today, and it appeared the arrival of four outdated U. S. fighter planes had broken the back of an eight-day revolt.

NEW YORK (AP)—The half-hidden scientific controversy over the Salk polio vaccine which was injected into some 500,000 children last spring, came into the open today with the revelation that a rival vaccine made with "live" viruses had been injected into 25 inmates of the Federal Reformatory at Chillicothe, Ohio.

Policeman

(Continued from Page One)

The man allegedly told Policeman Moore that he and the other officers, along with Mrs. Watson and her father, were "mighty lucky to be alive."

GIRL FRIEND TESTIFIES

In court today, Mrs. Watson, a divorcee, testified that Hinson went to her home while she was sleeping late Friday night and advanced on her with a shotgun. She said she was successful in getting out of the house and escaping before he shot her.

Hinson was quoted as being angry because the woman had indicted him on a charge of stealing her automobile. He was acquitted of larceny in Harnett Superior Court last week, but was put under a suspended sentence for taking the car on a lesser count.

Policeman Moore said Hinson denied breaking into the woman's home, but made no bones about the fact that he planned to kill her.

He told the officer he had planned to stay in hiding in the woods until Sunday night and then intended shooting her father, William Moore, through the window, and then meant to kill her in the same manner.

The chase for Hinson began late Saturday when Sheriff Moore found Hinson at the E. and W. Restaurant in Dunn. The sheriff said Hinson fled with the shotgun in his hand before he could take him into custody. He radioed for Policeman Moore and B. E. Sturgill, who arrived on the scene shortly afterwards.

ELUDED THEM AGAIN

Hinson managed to elude all

three of them. A search behind the restaurant disclosed an automatic shotgun hidden in an old car. Hinson said later it was his gun.

The next report on Hinson came about 10 o'clock Saturday night when he went to the Carolina Oil Store in East Erwin and phoned the warning to the sheriff's wife. The three officers rushed to the scene, but he eluded them again.

FIRED INTO HOME

About 8 o'clock Sunday morning, John Sorrell, Sr., prominent farmer of Dunn, Route 3, phoned the sheriff that Hinson was near the home of William Moore, one of his tenants, and had already fired two shotgun blasts into the house in an attempt to force Moore outside.

Sheriff Moore and Policeman Sturgill started out from Dunn for the scene and radioed Policeman Moore to meet them there.

However, when the sheriff and Sturgill arrived, Policeman Moore had had Hinson handcuffed in his automobile for about 15 minutes waiting for them.

Policeman Moore said he spotted Hinson going across the road about 400 yards from William Moore's home.

Hinson raised the shotgun to fire at him and when he did, Policeman Moore related, he drew his pistol and fired once over Hinson's head to frighten him. Hinson turned and started to run, but tripped and fell.

He recovered his shotgun and had it cocked and aimed at the policeman as he ran straight to him, took the shotgun out of his hands and took him into custody.

Hinson readily told Policeman Moore of his plans to kill Mrs. Watson, Sheriff Moore, Policeman Sturgill and him.

When Sheriff Moore arrived on

Little Things

(Continued From Page One)

ing won't take place until later. J. D. Barnes has added what's known as the "Broadway" touch to the neon sign at Johnson's Restaurant. He has one of those new signs that runs around the edge and blinks off and on. Real snazzy.

BIRTHDAYS: Celebrating birthdays today are Marilyn Lee, Benny Slaughter, and Tommy Thompson.

THINGAMAJIGS: More and more service men and their families overseas are getting The Daily Record. Into The Record office yesterday afternoon came Mrs. William A. Moore, who is leaving for Germany to join her husband. "I couldn't do without The Record while away," she said. Not more than five minutes later in came Mrs. James L. Lee to have The Record sent to her in Udine, Italy.

Later in the afternoon she and her two sons, James Robert and Glenn Phillip, boarded a train for New York to take a boat over. If you have friends or relatives overseas, there's nothing you could send to make them happier than a subscription to The Record. It's a gift that keeps on coming all year long. That's all the commercials for now. Pretty little Meda Lide Doffernyre, who has been a very sick girl was much better today.

She had a rough time of it and on Saturday had to have a blood transfusion. Quit a few residents of the Dunn, Erwin and Coats sections have been to Durham to give blood transfusions to Willie Cooke, the man who has broken all records at Duke Hospital for blood transfusions.

He's a good friend of the Reuben Jones, foreman of The Daily Record's mechanical department. They served together in the Army. Cooke took a load of blood donors to the hospital on Saturday.

Cooke has a brother on Coats, Route 1 and his grandmother lives in Erwin. The brother, Carl Cooke, is also a "bleeder" and last week he became ill and it was feared he would need transfusions.

However, he recovered. A letter from a man in Florida contained this piece of philosophy concerning America's foreign aid program. "You can't," he said, "make angels out of the red devils by pinning wings on American dollars."

Despite the fact that she now earns more than \$200,000 a year, travels like a queen and has men swooning at her feet, Ava Gardner says she has a terrible inferiority complex.

It's one of many things she discloses in that series of articles, "The Truth About Ava Gardner," which will begin Friday in The Record. Attorney Duncan Wilson has one of those big new, long—and we do mean long—Pontiacs.

Presbyterians

(Continued From Page One)

Only two Presbyteries, Athens, Ga., and Transylvania, Ky., have voted since Jan. 1 and they split. Athens voted against the union while Transylvania yesterday voted 23-5 in favor.

Voting today were Birmingham, Ala., St. Louis, Mo., Ouachita, Ark., Asheville, N. C., Norfolk, Va., Potomac, Va., Hositon, Tenn., Cherokee, Ga., Concord, N. C., Kings Mountain, N. C., Mecklenburg, N. C., Albemarle, N. C., Savannah, Ga., North Alabama, North Mississippi, Charleston, S. C., Columbia, Tenn., Suwanee, Fla., Paris, Tex., West Hanover, Va., and Missouri.

Byrnes Goes

(Continued From Page One)

never again seek election to public office. The 75-year-old Democrat came out of retirement four years ago to lead South Carolina's fight for continued separate schools for whites and Negroes.

He plans now to go fishing and then devote his time to more writing, perhaps along the same lines as "Speaking Frankly" which describes some of his Washington experiences.

Inquest Slated

(Continued from Page One)

crashed into the rear of the truck ahead of him. Neither the truck driver nor his passenger, Fred Mosop, of 40 1-2 Upland Road, West Palm Beach, Fla., the relief driver, were injured.

Members of the coroner's jury, who viewed the woman's body at the Dunn Hospital shortly after the accident, are: Gene Bracey, Sam Dorman, Bruce Byrd, Charles S. Core, Edward Godwin and Bill Tawford, Jr.

the scene, Hinson told him: "If you've got any bars, you'd better pin them on Policeman Moore because he saved all of you from getting killed."

Hinson told the officers that he had spent 120 days in a mental institution, but insisted he was not crazy. He insisted that he had "played off crazy" to avoid prosecution in another case.

Hinson is a member of a well-known family of the Dunn section. Only witnesses put on the stand by Solicitor J. Sheppard Bryan at the preliminary hearing Monday were Mrs. Watson and her father. Hinson offered no defense.

C. T. LATIMER, INC.

IS BUILDING DUNN

108 NEW HOMES IN 5 YEARS

That's Our Record And We're Proud Of It

A PERSONAL MESSAGE
From
Mr. C. J. Latimer

We are proud, and rightfully so, of the 108 new homes we have built in Dunn during the past five years, ranging in price from \$5,500.00 to \$14,000.00. We have taken a personal interest in each of the many details so vital to assure the maximum value and lasting quality for the proud owners; many of whom would still be paying rent should these nice and comfortable homes not have been made available to them, through our efforts and the very easy, low-interest-payment-plan. We are proud to have helped so many own their own homes.

We are now starting a new development in which fifteen to twenty large, three-bedroom homes will be built within the next few months. We do not wish for these modern, three-bedroom homes, containing 1200 square feet to be confused with a great many of the new so-called three-bedroom houses with only 900, and less square feet; in which some of the so-called bedrooms are nothing more than a storage closet, and the others too small and ill-arranged for comfortable living.

Our new homes will be located on lots with frontages of from 75' to 100', containing from 30 to 100 beautiful trees of pine, oak, birch, hickory, dogwood, holly, maple and many other species in sizes from 4" to 2' in diameter. Some of these beautiful lots are over 200 feet in depth. A few of these largest lots will be offered for sale, without houses, after all improvements have been completed. This is beyond a doubt, the most beautiful and desirable residential property ever offered for sale in Dunn, and is probably your last opportunity to own a nice wooded lot.

All the homes to be built in this beautiful development will be financed through FHA guarantee, and under its rigid requirements of materials and workmanship.

The kitchen floors will be covered with rubber tile of beautiful design, there will be deep wall cabinets, base cabinets, counter tops for work areas, large double-compartment sink, and many other wonderful features to complete the perfect kitchen. The large storage area, adjacent to kitchen and back porch, will have space and plumbing

for washing machine. A beautifully designed and decorated dining room is reached from the large living room through an arch, which suggests the open house and that "lived-in atmosphere" yet affords any privacy desired. The 16' front bedroom and the two 14' back bedrooms, together with full-tiled bath are reached from a wide, naturally lighted hall. The thoroughly insulated home is heated by thermostatic controlled oil heat, assuring solid comfort at all times, in all parts of the home. Select, white, mountain oak floors, varnished, waxed and polished to a mirror finish will be a thing of beauty for a lifetime. Large, lighted closets, to meet every need are one of the main items of these wonderfully planned homes.

The price of these homes will be in the \$9,000.00 to 9,500.00 dollar range, with \$350.00 to \$550.00 as down-payment and monthly payments of less than the average rent. Our house plans are now ready to be shown to those interested in a new home. The developing of the property and construction of our first houses will start soon. By trading for your new home now you may have many choices, such as, lot location, entire front elevation, color of roof, picture window, if desired, color of all walls and ceilings, design of kitchen and bath floors, light fixtures and many other items of your own liking.

We much prefer that each interested person make a thorough investigation by personal inspection of all new houses being offered for sale in Dunn, before inspecting our homes. Note the size of the lot, count the beautiful shade and flowering trees, if any, on the lot. Note the size of the rooms and how all are arranged. Consider the location, in respect to resale. Get all the true information, including full sales price, all closing costs, attorney fees, down-payment, and do not forget the very important matter of the correct and true amount of your monthly payments. Get it all in writing, mistakes could and often do occur. This is the way to truly compare values in buying a home, and help you in making the right choice.

C. T. LATIMER, INCORPORATED
Dunn, North Carolina

ALL THE STREETS IN THIS DEVELOPMENT WILL BE PAVED BY US
