DUNN'S ROTARY CLUB HAS MANY DISTINCTIONS

The Dunn Rotary Club, which this week joins in the celebration of the Golden Anniversary of the largest world-wide civic organization, has a proud record of distinguished service. It can claim a number of distinctions and at least one world-wide Rotary record. The Dunn club was founded on May 20, 1949 and now has a membership of approximately 60. Back in the '40's, the Dunn club set a world-wide record for unbroken attendance, with almost five years of perfect attendance on the part of each member. The Dunn club was the first in the State to have two of its members elected as district governors. The first district governor from Dunn was Attorney J. Shepard Bryan, who served as governor when the district was comprised of the whole (Continued on Page Two)

Witness Tells Of Sin City's Evils

BIRMINGHAM, Ala. (AP)—A state trooper testified at Albert Fuller's murder trial today that Phenix City was a wide open town where gambling and prostitution flourished prior to the slaying of crime fighter Albert Patterson.

Trooper H. E. Ray was the first witness put on the stand today by the state, in an attempt to cement into the jury's mind the type of locale in which Patterson was shot to death. Fuller, first of three to be tried for Patterson's murder, was chief deputy sheriff during the era described by Ray. Chief prosecutor Cecil Deason

Ike To Throw His Weight Against Cuts

WASHINGTON (AP)—Republican congressional leaders hinted today that President Eisenhower will throw his influence against the Democratic proposal for a \$20-a-person tax cut.

They discussed the tax measure with the chief executive at their regular weekly White House meeting.

Senate Republican Leader William F. Knowland and Rep. Leslie Arends (R-Ill.) told reporters they are both opposed to the Democratic proposition. Arends said it "smacks of politics, 100 per cent." They declined to quote the President's views, but Knowland said he expects the President "will make his views known very clearly at the proper time." In his budget message to Congress he said he "hoped" to be able to recommend tax cuts next year but said none were warranted this year.

G. Washington Is Arrested

KEY WEST, Fla. (AP)—George Washington was arrested today because he couldn't tell a lie.

Police said the 32-year-old man lost control of his automobile and smashed into two houses, coming to a stop in a "woman's bedroom."

When angry homeowners dashed outside, Washington hurried to the police station and asked to be locked up "for protection."

Detectives obliged and charged Washington with reckless driving, causing an accident, destroying private property, driving without a driver's license and driving while under the influence of intoxicating beverages.

Rosetta Murphy On Honor Roll

Rosetta Murphy was one of the four pupils who made the Honor Roll for first semester in the High School Division of Emmanuel College in Franklin Springs, Georgia.

This is a distinct honor which means that she made an average of 93 on all her courses and made no grade below 90. Rosetta is a member of the senior class and is active in extra-curricular activities. She is a member of a sextet singing group, secretary of the Beta Club, and secretary of the Senior Class.

She is from the Falcon Orphanage at Falcon, North Carolina.

Man And Still Taken Today

Harnett rural policemen this morning captured one man and a 600-gallon whiskey still in Buckhorn Township as they continued an almost around-the-clock war on bootlegging.

Charles Talmadge Jones, 36, of Fuquay Springs, Route 1 was arrested at the whiskey still, which was reported in full operation at the time.

Policeman Clarence Moore said it was a complete distillery in every respect and apparently had been in operation for sometime.

Jones was released under \$500 bond for trial March 1 in the county court. Rural policemen making the raid were: Clarence Moore, B. E. Sturgill, J. S. Byrd, Walker O'Quinn and Leon Smith.

Billy Graham Given Honor

VALLEY FORGE, Pa. (AP)—Evangelist Billy Graham and St. John's University of Brooklyn, N.Y., were singled out for special honors today as the Freedoms Foundation presented its 1954 awards for significant contributions to a better understanding of the American way of life.

Graham was presented \$1,000 and a plaque with an encased George Washington Honor Medal for his numerous sermons. A similar check and medal were presented to the faculty of St. John's for their book "Concept Of Freedom."

The foundation cited 949 American citizens, organizations and schools. Cash awards totaled \$30,000.

Clifford F. Hood, president of the U.S. Steel Corp. presented the top awards to winners in each of the award categories and delivered the keynote address.

"In the ebb and flow of human life, few men in recorded history have so captured the spiritual in the interest of multitudes as has Rev. Billy Graham," the awards committee said.

Other top award winners included: J. Oliver Emmerich, editor of the McComb, Miss. Enterprise-Journal, for the editorial "In Defense of America."

Esther Sharp Sanderson of Huntsville, Tenn., for the essay "Why I Teach."

\$34,800 Reported In Only 3 Hours

In just three hours today, Dunn citizens subscribed \$34,800 worth of stock for construction of the new and enlarged plant for Benjamin and Johns, with \$150,000 set as the goal to be reached by the stroke of 8 p. m.

President Emmett Aldredge of Dunn Investors, Inc. emphasized that this report, made at 1:30 o'clock, was merely a partial report. Less than half of the nearly 100 men out working in teams of two had reported at that hour.

Indications were that the needed \$150,000 would be raised by the deadline tonight without too much difficulty.

The final "now-or-never, do-or-die" one-day drive as charted at a breakfast meeting held this morning at 7:30 o'clock at Johnson's Restaurant.

Immediately after the meeting, the teams began their day of canvassing. Among those who spoke at the breakfast session were: Aldredge, Sam Lazarro of Newark, N.J., plant manager for Benjamin and Johns, Manager Ed Carroll of the Chamber of Commerce and a number of others.

Heading the drive as group captains today were: Sam Baer, Raymond L. Cromartie, Jr., J. W. Purdie, Bob Hadley Wesley Coats, Al Wullenwaber, George Blalock, Frank Belote, Earl Mahone.

Cops Facing Morals Count

CHICAGO (AP)—Two policemen today faced charges of spending a night with two teenaged members of a juvenile sex ring.

The charges were made by two pretty teenagers, aged 14 and 15, who were picked up in a roundup of six runaway girls and Chicago youth.

The girls, whose names were not revealed, said they met the detectives as they drank cocktails in a tavern.

The policemen bought drinks for them until 3 a. m. they said. Then one of them went with the 15-year old girl to a nearby apartment and the 14-year-old was taken in an intoxicated state to a nearby room, the girls said.

Rockefellers Still Worth 500 Million

NEW YORK (AP)—The five Rockefeller brothers, whose grandfather John D. Rockefeller amassed more wealth than any other man in America, still have at least 500 million dollars among them, Fortune magazine said today.

Actual size of the Rockefeller family's wealth never has been divulged. It is known, however, that in 1913 the grandfather was worth 900 million dollars.

Since then, the family has given more than a billion dollars to philanthropy, a practice it still continues.

Fortune made the estimate of the brothers' current wealth from information drawn from New York bankers as well as from members of the Rockefellers' personal staff and economic advisers to Rockefeller Bros., Inc.

The brothers are John D. III, 48, whose chief interest is philanthropy; Nelson, 46, presidential foreign policy assistant; Laurance, 44, who invests in small companies interested in aviation, electronics, rockets and nuclear energy; Winthrop, 42, who has contributed to the economic development of Arkansas; and David, 39, senior vice president of Case National Bank.

The wealth of the brothers, largely invested in oil holdings, is tied up mostly in trust funds, yielding each an income of about 5 million a year before taxes, the magazine said. Apart from trust funds, the brothers have about 150 million invested in New York's Rockefeller Center.

Jack Webb, New Wife Have Spat

HOLLYWOOD (AP)—The star Jack Webb admitted today he and his bride, Dorothy Towne, had their first quarrel which ended with her flying to Mexico City with her mother-in-law.

But things were patched up in a few days via long distance telephone, Webb said, and he expects Miss Towne to return today.

Webb blamed the rift on frayed nerves and his heavy work schedule.

"The change did us both good," he said. "I was working long hours and we got to snapping at each other." They were married a month ago.

Cemetery Drives Will Be Paved

All the driveways in Greenwood Cemetery in Dunn will be paved in a project to be sponsored by Dunn's Junior Chamber of Commerce, it was announced today by President Hubert Peay.

Derwood Godwin, prominent Dunn contractor, is chairman of the Jaycees committee in charge of the project. Other members of the committee are Lamarr Stone, Bob Leak, Floyd Furr, Jimmy Johnson and Billy Pearsall.

At a meeting of the committee held Monday night, it was decided to contact all persons who have relatives buried in the cemetery to solicit their financial support for the project.

A number of people, pointed out by Chairman Godwin, have already voluntarily made pledges up to \$100 apiece. He said it would probably take two or three months to write letters to all the people concerned.

Greenwood is a large and beautiful cemetery and thousands of people are buried in it. In addition to paving all of the driveways, it is also planned to erect two large arcways with gates at the two principal entrances, the north entrance and the east entrance.

Chairman Godwin said it would probably take six months or longer to complete the work.

Erwin To Organize Council On Safety

Representatives of six Erwin organizations will hold a meeting Wednesday night at 7:30 o'clock at the Junior Order Hall for the purpose of organizing a Safety Council.

Plans for the meeting were announced this morning by Lacy Dawkins, business manager of TWUA Local No. 250 and a member of the committee working on details.

Pointing out that automobile accidents are increasing in the growing Harnett town, Mr. Dawkins said citizens feel the need for an agency which will make the people safety-conscious and can also take steps to insure greater safety for school children, pedestrians and motorists alike.

Others invited to attend the meeting include: Police Chief Claude Avery, Highway Patrolman W. G. Grady, Principal D. T. Sasse of the Erwin School, and Fire Chief R. N. New.

A specific organization will be set up after Wednesday night's meeting. Organizations sponsoring the safety council are: the Junior Order, the Patriotic Order of Sons of America, the Woodmen of the

OPERATING STATION—George Schneider, left, and George LaFontaine, right, two well-known Dunn youths, have taken over the operation of the modern Mobil Service Station on the Fayetteville Highway. The popular Dunn youths are offering complete service at their one-stop Mobil Service Center.
