

Rodman Raps Negro Group

RALEIGH, N. C. UP — Atty. Gen. William B. Rodman Jr. said today the National Association for

the Advancement of Colored People wants to avoid registering under state laws because "they are raising stupendous sums of money to break down segregation. They don't want us to know what they are doing," Rodman said. "I'm insisting that

it is liable to register as a foreign corporation and it should be penalized as provided by the statutes for failing to register. "It has been engaged in activities here for a long time, it has groups of persons and parades be required to pay the penalty," he said.
