Ike Leads Estes In Nebraska Primary Contest

OMAHA, Neb. (AP) — President Eisenhower built up a two-to-one lead over Sen. Estes Kefauver in the Nebraska primary "popularity contest" today. The Democrats hoped for farm revolt failed to materialize.

With 1,815 of the state's 2,127 precincts counted, the President had 87,800 votes, compared with 48,290 for the Tennessee senator. The GOP percentage of the total vote was almost the same as the 65 per cent the Republicans claimed in the 1952 primary.

The comparison between the total votes in the two elections was closely watched by Democratic forces. But as late returns came in, it became apparent there was no significant cross over voting by Republican farmers, who could have asked for Democratic ballots had they desired.

Although Kefauver had no significant write-in opposition on the Democratic ballot, it was noted that only three of the 12 Democratic national convention delegates elected were pledged to support him.

Most of the others said before the Tuesday election they were not committed, although several said a good Kefauver showing in the primary would weigh in his favor.

City Removes Carlyle Signs

The city sent men around to take down signs on public property today because, said City Manager A. B. Uzzle, Jr., to post such signs without specific permission is a violation of an ordinance.

Supporters of F. Ertel Carlyle were not too happy over the enforcement of this ordinance, since it nullifies their perspicacity in the posting of signs.

A Carlyle man called attention to posters for Armed Forces Week, auto races, circuses and other events which, he said, have also been posted on public property or telephone poles. City Manager Uzzle said the order was given to city employees to take down any and all signs posted in violation of the ordinance.

STOLEN LOVE BRINGS DEATH

Hubby Kills Wife's Rejected Paramour

MORGANTON (AP) — Ed Stines, 19, was charged with murder today in the fatal shooting of his wife's rejected suitor.

Stines admitted to officers that he had killed James H. Hollyfield, 20, of Route 2, Butler, Tenn., with a shotgun blast yesterday. The shooting occurred at the Stines home.

Burke County deputy Foss Duckworth said Stines told him he had received word while working at a sawmill yesterday that Hollyfield

Big Rally Tonite For Alton Lennon

Top political writer Arthur Johnsey has already written that Harnett may hold the key in the hot congressional race between Representative F. Ertel Carlyle and Former Senator Alton A. Lennon who is opposing him.

Tonight Lennon will appear at a mammoth rally and fish fry in Dunn (6:30 p. m.) at the Big Four Warehouse in an effort to swing any votes that may be hanging and add some fuel to the fire which his followers hope to create in the Lennon-for-Congress movement.

Predictions that the crowd will run as high as 2,000 have been made. A Carlyle enthusiast agreeing that the crowd will be large, said, "We'll have at least 400 Carlyle supporters out there."

Lennon was expected to arrive in Dunn late this afternoon in a 50-car motorcade of supporters from his home county of New Hanover. The motorcade will be joined by Lennon supporters from different sections of Harnett.

Playing it safe, General Chairman Fred S. Byerly of Dunn and Roger Mann of Lillington are preparing to serve as many as 2500. His supporters believe that the Harnett tide is running with Lennon, and they expect him to carry the county by a hefty majority.

Lennon, who will speak briefly at the fish fry, will be introduced by Buck Curran, Dun tobaccoist and political leader. Music will be furnished by Hack Johnson and his Tennessee Ramblers.

Invited: all Democrats. Tickets will be available at the door for those who do not already have them. It's all free.

Twin Jet Hits Rest Home; 22 Are Unhurt

OTTAWA (AP) — A rocket-laden RCAF twin-jet flying an interceptor mission hurtled at near supersonic speed into a Roman Catholic rest home for nuns last night, killing 15 persons by fire and explosion.

The revised death toll was released by the mother superior of the mother house of the Grey Nuns. She said the dead included 11 nuns, a female kitchen helper and the Rev. Richard M. Ward, a Navy chaplain who also ministered to the nuns. Also killed were the pilot and observer in the CF100 jet aircraft.

The mother superior said 22 nuns escaped from the home. They were brought to the mother house here.

The mother superior would not allow anyone to see the survivors "for the time being." She said all were suffering from severe shock.

An eyewitness said the convalescent home's chapel was lit up with an eerie glow by the plane's bursting rockets, turning the wall into an instant funeral pyre for the nuns sleeping near it.

The plane was ordered by RCAF headquarters into the air to identify an unknown aircraft later identified as a Canadian transport plane. The mission was a routine

Syngman Rhee Wins Third Term

SEOUL (AP)—President Syngman Rhee won a third term this week by the narrowest margin in South Korea's history, partly as a result of a heavy "ghost vote" for a dead rival, it was reported today.

Mounting returns from yesterday's election indicated the 81-year-old president will poll some 60 per cent of the vote, compared to 74.6 per cent in 1952. Opposition leaders charged he achieved even that edge only with the aid of fraud.

With the vote counted in all but part of one province, Rhee's total stood at 4,864,596 votes against 2,073,450 for former Communist Oh Bong Am, his only opponent. Another 1,782,767 votes were invalidated. Sources said 90 per cent of them were for Democratic candidate P. H. Shinicky who died during the campaign.

Democrat John M. Chang, Catholic lay leader, led Rhee's running mate, Lee Ki Poong, by a widening margin in the separate vice presidential race.

Returns thus far gave Chang 2,725,982 votes to Lee's 2,310,139. Seoul, where much of the opposition to Rhee and his Liberal Party is centered, went for Chang 451,037 to 95,454.

Girl Slays Stepdad In 30-Cent Row

MEMPHIS, Tenn. (AP)—A 14-year-old girl plunged a butcher knife into her stepfather's back as the fatal blow to an opponent over 30 cents, homicide Captain W. W. Wilkinson said today.

Sherry Jeanette Adams, a junior high school student, will be charged with murder for the death of her stepfather, Edward Levi Mott, Sr., 36, he said.

Wilkinson quoted Mrs. Mott and the girl as saying Mott was abusive when he came home yesterday. Mott demanded that his wife give him 30 cents which she had.

Mott began choking his wife and Sherry grabbed the knife and stabbed him in the back, police said.

GEORGE GIVES A LESSON — Six-year-old Brenda Kay Porter, daughter of Mr. and Mrs. Gilbert Porter of Dunn, received a lesson in guitar playing from George Hamilton IV at the Country-Style Dance Friday night. Hamilton, a real surprise, is 18, a freshman at Chapel Hill who majors in folk music. His slangy, snappy, highly musical voice and original style may soon make a dent in Billboard's "Country and Western" ratings. Already signed by Colonial Records, he took local devotees of this kind of music right by the ears on Friday night. (Daily Record Photo by Ted Crail.)

Trumans Arrive In Europe Today

LE HAVRE, France (AP) — Former President Truman arrived here today for a seven week look around Europe but said he would return home and take an active part in the presidential campaign if asked.

He quickly added that he had no interest in a presidential campaign except to elect a Democratic president.

Mr. Truman said he and Mrs. Truman had "smooth sailing" on the five day Atlantic crossing aboard the liner United States and

Minnie Pleads Not Guilty In Larceny

NORFOLK, Va. (AP) — Miss Minnie C. Mangum, a former Sunday school teacher accused of embezzling 3 million dollars from the Commonwealth Building and Loan Assn. in the 28 years she worked for the company, pleaded not guilty today to the first 16 indictments against her.

The 52-year-old spinster, free on \$50,000 bond since her arrest Dec. 29, entered her not guilty plea in Norfolk Corporations Court in the first of a series of trials scheduled for her during the next few weeks.

For five minutes she stood silently while Clerk Ira D. White read a three-count indictment charging her with giving false information to the Virginia State Corporation Commission.

The indictment said Miss Minnie misrepresented the liabilities and assets of Commonwealth, where she was assistant secretary-treasurer.

The court then promptly denied

Paper Says Princess May Wed German

LONDON (AP) — Lord Beaverbrook's Daily Express said today there were new "rumors" that Princess Margaret May marry a dashing German prince who once captured two purse-snatchers in New York's Central Park.

Buckingham Palace refused immediate comment on the reports, cousin of the princess and a great-great-grandson of Queen Victoria.

The prince is 35-year-old Christian of Hanover who was a cavalry officer in a German regiment that fought the Russians during World War II. He is a distant

Hubby Used Witchcraft, Slashes Wife

MIAMI (AP) — Police sought an estranged husband today who may have used Indian witchcraft to "bewitch" his wife before he slashed her viciously with a knife on the face.

Mrs. Lucille Masson, 31, a waitress, underwent treatment late last night for the deep wounds which covered her face.

Police said they put out an alarm for her husband, Louis Masson.

Mrs. Masson, whose final hearing in a divorce action is set for Thursday, said she went to the kitchen last night to find a nail driven through the door with a

MILL TOUR — Dr. Belmont Kittrell, Charles A. Lee and John Dalrymple will participate in the regular weekly Erwin Mills Invitational tour on Thursday afternoon, May 17. The group will be personally conducted by Manager W. H. Miley, Jr. Congressman F. Ertel Carlyle of Lumberton was a special guest on an invitational tour last week.

NEW VALVES — The big leak at the water plant will be fixed in roughly six months. City Manager A. B. Uzzle, Jr. estimated yesterday that buying one new set of valves, and reconditioning three other sets will cost from \$4200 to \$4500 but is necessary to put the plant in best running order.

Break-In Fizzles; No Money Remains

Apparently The Daily Record is now target number one for break-in artists. A second attempt was made last night on the newspaper plant, which recorded the loss of \$400 in cash and a busted safe following a robbery two weeks ago.

Last night, James Surles, manager of Gardner's Dairy, was driving by and saw, at the side of the building, "a black-headed boy with a white shirt on and a stick in his hand, crouching and acting suspicious."

Surles concluded that another break-in might be in progress. He was right. When he drove around the block for a second look, the boy was at a window at the back of the newspaper plant. Surles went to the police station, a few blocks distant, and two cars with police in them came back to make an investigation.

By that time, the raider had been inside and was gone again. He may have been frightened off for nothing was missing. The front door was left open as he exited. Hoover Adams, editor of the Record, said the invader would have found no money if he looked all night.

"If anybody else feels like breaking in," said Adams, "I wish they'd come on down. I'll open the place up for them, and show them around, and if there's any money here they can sure have it."

Surles said that the same break-in artist apparently made an attempt on Colonial Frozen Foods last night. Leaving the Record office, police checked the nearby locker house, found a number of doors wide open and a back window up. A spokesman at the frozen foods company said he knew of nothing missing.

Letter Says State Short On Operators

City Manager A. B. Uzzle, Jr. received a letter from the State Board of Health which indicates that accredited filter plant operators are hard to find.

The prospect of losing two of the water plant employees caused Uzzle to write for information about possible job seekers with "C" or "B" certificates for water plant work.

W. S. McKimmon, chief of the engineering section of the Board of Health's sanitary engineering division wrote back that he knows of none.

At present the Dunn filter plant is being operated by two employees, Jimmy Bayles and Kenneth West, who are working 12 hour shifts, seven days a week.

The episodes leading to this situation, are now well-known. Percy Walton, a long-time employe at the water plant, was transferred by Uzzle following a fracas with weekend-worker Angus Monds. Monds, one of three employees put under fire by the city council, has resigned. Joe Jackson, Jr., another of the three, has been called up by the

Actress Wouldn't Date Red--Not Even For Caddy

LONDON—A bosomy Polish-born actress says she may have hurt her career by refusing to date Communist boss Georgi Malenkov even after the Reds offered her a Cadillac.

Actress Anita Arley, a niece of silent screen star Pola Negri, said pudgy Georgi tried to see her during his recent good will to England.

"Nothing Personal" "A Mr. Przybytkowska" of the Russian embassy here was the Red

leader's go-between in the date try. "I have nothing personal against Mr. Malenkov," explained red-haired Anita, "but my political outlook is very different. I pointed this out to Mr. Przybytkowska, who called me, I told him I wanted to be left alone."

Mr. Przybytkowska was persistent. He said Anita could be "very helpful" and asked her to be photographed with Malenkov "in a friendly pose."

She Noticed A Cadillac The Reds then opened their campaign to bring Malenkov and the actress together. Gifts — including crates of wine and vodka — poured in to her home on Summerfield Road in Ealing, West London. Anita still said "No" The Russians upped the date bait.

"I began to notice a shiny Cadillac left standing empty for hours on end beside the pavement outside
