Nik Predicts Reds To Defeat Capitalism

BERLIN (UPI)—Soviet Premier Nikita Khrushchev predicted today the Western allies soon will lose their rights in Berlin and that communism will defeat capitalism "without war, without war."

Khrushchev made the confident predictions during a brief courtesy visit to East Berlin's Communist-run City Hall where he scribbled in the guest book: "I express the belief that in no distant time all Berlin will be free of the remnants of the occupation regime."

Then in a short formal speech he predicted the eventual triumph of communism "without war." He had called a few hours before for "peace, peace and again peace," but it was a peace on his own rigid terms.

Informed Communist sources said the Soviet leader would present his plan for peace at any future East-West conference on Berlin but that he would not back down in his determination to turn West Berlin's access routes over to the East German Communists. Khrushchev met today with Erich Ollenhauer, leader of the West German Socialist Party, in an apparent attempt to win him over the Soviet viewpoint and to undermine the authority of West German Chancellor Konrad Adenauer.

Ollenhauer has opposed many of Adenauer's policies in the past but has sharply rejected Khrushchev's views on making West Berlin a "free city" surrounded by Communist territory.

Pope's Chapel Continues Revival Services

It has been announced by Rev. C. H. Parker, pastor of Pope's Chapel Free Will Holiness Church that the revival being conducted by Rev. Benny Allen of Fayetteville will be continued for another week. Services are beginning at 7 o'clock each night.

There will be more special music from visiting groups and Rev. Allen and his wife who are competent musicians vocally and instrumentally will render more of their numbers.

He will live and have his headquarters at Springfield, Missouri.

On Sunday, at the close of the morning service, Rev. Palmer disclosed his plans and submitted his resignation. It will be effective April 19.

A week later he will start the first of a series of revivals already planned. On April 26, he is slated to appear in Fayetteville, Arkansas.

Report Says Rebel Capital Is Bombed

BEIRUT, Lebanon (UPI)—The North Iraq revolt exploded into civil war today.

A government radio broadcast from Baghdad said Iraq air force planes bombed the rebel capital at Mosul. A rebel broadcast from Mosul claimed an insurgent victory over government ground forces and said that revolutionary troops were marching on Baghdad.

No details were available on either the bombing or the reported ground battle. Outsiders were totally dependent on rival radio broadcasts and sparse diplomatic dispatches.

But these made it appear that the uprising in Iraq's rich north-eastern oilfield area led by Arab nationalist sympathizer Col. Abdel Wahab Shawaf against the regime of leftists Premier Abdel Karim Kassem was head for a bloody showdown.

Opposing Claims — The Baghdad radio said loyalist fighter-bombers attacked Mosul at midday. But a broadcast from Shawaf's rebels declared that "the bombardment will only make us (Continued on Page Two)

Black Lace Adds Sexy Look To Legs

NEW YORK (UPI)—Black lace, the universal symbol of sex appeal, is the hosiery industry's latest's latest addition to the leg show.

"Women's legs too long have been uniform, anonymous and uninteresting," said hosiery designer Helen Sisson, not waiting for us to check the men in the office to see whether they agreed.

With that statement, she launched into a description of what else is new for our underprivileged under-pinnings.

It seems there's plenty for the boys, such as black lace.

"Also, egg-shell colored lace,"

MELBOURNE, Australia (UPI)—Evangelist Billy Graham told 30,000 persons jammed in Melbourne's showgrounds Sunday night that the "Communists are putting us to shame" by cleaning up the Soviet Union's morals.

Graham said that violence, lawlessness and revolt against authority exists in a Noah's day thousands of years ago.

"The Communists... are trying to clean up Russia morally, but right now people in the United States are debating the worth of a new book, 'Getting Married,' in which intelligent men say moral laws should be broken down as in Noah's time.

"More time is spent in theaters than in churches. With so many authorities saying the world could come to an end, people still spend no time on spiritual things."

Miss Sisson, who is one of the old-timers at launching new leg coverings. "And textured jacquards for country clothes. Shadow stripes, checks and even prints. The lace, naturally, is for late day and evening wear.

"It's time to emancipate the leg," said the designer. "It's an architectural form to be treated with respect.

Give Legs New Look — "We haven't made stockings interesting since the turn of the century. And then, when there were all those beautiful jacquards and embroideries-museum pieces really—we women hid them under long skirts."

Miss Sisson's firm Phoenix Hosiery, is just one of several manufacturers determined to give our props a different look this summer.

"White stockings for a London spring," said a story in Women's Wear Daily, the trade publication. The story added that the maker, Howard Ford and Co., Ltd., expected to sell the whites to the same young customers who bought black all winter long.

Vanette is reversing the scheme — showing black stockings for wear with white shoes. And Burlington plans to introduce stripes yet.

Colored Stockings Up Sales — This "emancipation" began last year when the hosiery industry decided it was time to get us women out of classic beige — if the (Continued on Page Four)
