Armed Robbery
Roy K. Moore, special agent in charge of the FBI's Charlotte office, said Smith had been charged with the armed robbery of the central office branch of the First Citizens Bank and Trust Co. in Raleigh.

The bank was held up by a lone gunman wearing a white mask and horn-rimmed glasses. He fled after a polite "thank you" to two frightened employees, Manager Harold B. Wall and teller Joyce Jones.

Wall said the bandit seemed to know what he was doing. "At least it seemed that way to me. I only tried to get him out of here as quickly as possible."

Springs, Mrs. Smith went to Meredith College, became a lab technician at Rex Hospital and then, in 1952, joined her husband in Japan.

At that time, Dr. Smith was surgeon and pathologist in the U.S. Army Medical Corps. In both Korea and Japan the couple from Chaybeate Springs were able to observe missionary work.

Returning to the U.S. in 1953, they made a home in Winston-Salem and recently have been studying, to prepare for missionary duties, at Southeastern Baptist Seminary at Wake Forest.

Dr. Smith is a member of the staff at Duke University and has duties at Veteran's Hospital in Durham, too.

Mrs. Janice Farthing, Sr., chairman of the Eunice Smith Circle, which is sponsoring the talk here, said this will be one of a number of appearances crowding Mrs. Smith's calendar prior to the June departure date.

But he added, "If they do operate, the period probably will be extended by at least another three weeks."

Doctors will decide about the second operation on the basis of the three-hour examination this week, which included injections, X-rays, blood and urine analyses.

Hall said they found no evidence of a tumor, nor anything to lead them to expect such a finding. He said some residual infection was located however, which could delay his release from the hospital.

Hall was elected from North Carolina's 12th District last year to replace Rep. George Shuford, who stepped down because of declining health.
