front passenger compartment has been eliminated, greatly improving ease of exit and entrance. The luggage compartment has 24 1-2 cubic feet of space — nearly twice the space of the two top imported cars combined. The new overhead-valve, water-cooled Falcon engine has a piston displacement of 144 cubic inches and a 3 1-2 inch bore with 2 1-2 inch stroke — giving it a bore-stroke ratio greater than that of any other engine now being produced. The block is made of cast iron for durability and reliability. Aluminum is used in the flywheel housing, transmission extension and other parts where it cuts weight without sacrificing strength.

Other Falcon features include a redesigned front suspension for improved ride and handling; a new type of brake system which features nine-inch brakes — largest in the industry for this size of car — and reduced pedal effort to compare with that of power brakes; 13-inch wheels; a 12-volt electrical system, and large, parallel-operating windshield wipers.

Saudi Arabia conferred for one hour and 45 minutes in their second round of private talks here Wednesday. Details of the meeting were kept secret.

10-Year-Old

(Continued From Page One) girl in separate daylight incidents.

A gang of hoodlums beat the 19-year-old girl's soldier companion into semi-consciousness after accessing the couple in Fairmount Park Monday. Half the gang dragged their screaming victim into the bushes where her clothes were torn off, while the other half beat the soldier.

The gang fled when the soldier and some motorists he had asked for help rushed to the girl's aid. In the other incident, the little girl told police she was leaving a store when a sandy-haired man about 30 years old stopped her and pointed to a weedy lot, saying he had a package there and would she retrieve it.

When the child refused, police said, the man pulled a knife, placed it against her throat and forced her into a vacant house. After repeated assaults, the man fled after warning his victim to get out of the house.

Beauties Sink Their Teeth Into Melon

ATLANTIC CITY, N.J. (UPI) — Fifty-four American beauties sank their teeth into slices of Arkansas watermelon today to set off the annual Christmas in September exchange of gifts at this Miss America pageant.

Miss Arkansas, 19-year-old Suzanne Jackson of North Little Rock, had 1,000 pounds of jumbo Arkansas watermelons shipped to the pageant.

The melons arrived a week ahead of schedule, but were put in cold storage until this morning, when they were carved and consumed between rehearsals for contest judging, which begins tonight.

Suzie provided every girl with a special bib and salt and pepper to season the melons, donated by the Hope, Ark. Junior Chamber of Commerce.

This burst of southern generosity launched an exchange of gifts so extensive that many of the 54

Car Takes Skid Into Moving Train

Robert C. Gauldin, 43, was admitted to Betsy Johnson Memorial Hospital today after his '55 Plymouth skidded into a Durham and Southern engine headed for Erwin.

The front of his car crumpled like a toy, on contact with the railroad engine, but Gauldin may have escaped serious injury.

Highway Patrolman Black Leonard, who said the Coats, Route 1, resident would be charged with failure to yield right of way, talked to him at the hospital.

Gauldin, he said, had chest injuries and a hurt left arm but did not appear to be badly hurt. Ninety feet of skid marks, from the point where Gauldin hit the brakes, indicated a driving speed of 50 to 55 miles per hour, said Leonard.

The accident occurred at the second railway crossing past the Bien Jolie garment factory near Dunn.

Dunn Brown, a flagman who

Miss N. C. Gives Leotards, Hose, Cigs, Etc.

contestants are likely to have heavy freight bills by the time they get home.

Judy Lynn Klippel, Miss North Carolina, came loaded with "loot" to give to other contestants in the Miss America beauty pageant.

It is a practice of contestants to give other girls gifts from their home states.

Miss North Carolina's gifts included a pair of leotards, three pairs of hose, a sewing kit, a blouse, two packs of cigarettes and a lighter and a nylon slip.

From Miss Indiana, Barbara Kummer, of Valparaiso, West Virginia's Janet M. Hill, of Nitro, provided earrings made of West Virginia coal. Miss Michigan, Ann P. Marston, of Wyandotte, a champion archer, promoted her favorite sport by passing out full-size sets of bows and arrows.

The contestants and their At-

Ike To Address Nation Thursday Nite On His Trip

WASHINGTON (UPI) — President Eisenhower's radio-televised address to the nation Thursday night is expected to set the stage for next week's visit of Soviet Premier Nikita Khrushchev.

Administration officials said the President probably would explain the reasons for his invitation to Khrushchev and caution against expecting any dramatic developments or sudden solutions of cold war problems.

It also was considered likely that Eisenhower would request that American people to receive Khrushchev politely and correctly as he visits the head of state, no matter how strong their antipathies to the system he represents.

Eisenhower was meeting this morning with the American ambassador to the United Nations, Henry Cabot Lodge, who will escort the Soviet leader on his 12-day tour around the United States.

Average Heads Up Again For Local Tobacco

Average price paid yesterday, a Dunn's two big tobacco warehouses, was \$58.39 per hundred pounds for a total of 129,626 pounds.

Monday's leaf brought \$75,791.20, swelling sales for the season to \$2,119,384.44. The average paid yesterday was nearly identical with the average for the season as a whole, now computed at \$58.44.

Sales supervisor Ned Champlin said Dunn would hit the four-million pound mark soon. Through yesterday, some 3,626,400 pounds had moved from the floors of

Southerland Returns To Police Force

James Southerland, handsome young policeman who said goodbye to the force last March, may have watched too many Drag-net shows.

Anyway, he's decided to come back. Chief of Police Alton Cobb, pleased that Southerland will re-join the force, said: "He told me he just didn't enjoy himself the same way — he said he missed being a policeman."

And Southerland, the chief com-

Manager-Trainee Assigned By CP&L

William V. (Bill) Coley, Jr., of Fayetteville has been employed by Carolina Power & Light Company as manager-trainee and assigned to the company office at Dunn, District Manager Robert N. Hadley has announced.

Coley holds a bachelor's degree in electrical engineering from N. C. State, where he was graduated in 1958. He worked during several summers with the Florida Power & Light Company in Miami prior to joining CP&L. He is a Navy veteran with four years' service and was discharged with the rank of electrician's mate first class.

While at State, Coley became a member of Tau Beta Pi, engineering society; Phi Kappa Phi, honorary scholastic society; and Eta Kappa Nu, honorary electrical engineering society. He is also a member of the American Insti-

Mayor Promises Instant Action On Rural Fire Alarm Cails

Mayor George Franklin Blalock said he has given explicit instructions that trucks should proceed on the double to rural fires in the Dunn area.

He said he didn't want "credit checks or holdups" while the city assured itself that it would be paid for sending out its firefighters.

"That's no time to talk about money," he said, "when a house is burning down."

Blalock stated that fire chief

Abortion Club In Jersey Is Smashed

PATERSON, N. J. (UPI) — Police today rounded up the women members of a "pregnancy prevention" club run by a 62-year-old housewife who is charged with abortion.

Mrs. Emma Claeys, a 200-pound, grandmotherly-looking woman, was arrested Tuesday in her home and charged with abortion. She was released in \$2,000 bail.

Details of her "pregnancy prevention" practices with a steady clientele of about 14 married and unmarried women were turned up when police entered Mrs. Claeys' home. A question her about an abortion, police said they were rounding up her clients but would

Mysterious Death Of Couple Probed

VICTORVILLE, Calif. (UPI) — Police today probed the mysterious deaths of a man and a woman, both about 30, who were fatally shot in a lonely southern California desert area near here.

Two men last seen with the unidentified couple were sought while police and sheriff's deputies attempted to learn the names of the two victims.

Their bodies were found Tuesday about 15 miles north of here along U.S. 395. Both were well dressed but identifying cards and papers apparently had been removed from their bodies.

Deputies said the woman was shot in the head. The man was shot in the head and groin. No weapons were found in the area.

Near their bodies were up to 50 empty shells from .32 and .45-caliber revolvers and a number of broken soda pop bottles, indicating someone had been target practicing, said Sheriff Frank Blalock.

An Adelanto grocery clerk who was believed among the last persons to see the couple alive said

FLORIDA PHYSICIAN ADDRESSES ROTARY CLUB — Dr. Walter Winchester of Dunedin, Fla., close personal friend of Thomas R. Hood of Dunn, addressed Dunn Rotarians last night on the subject of "The Third Greatest Killer—Highway Accidents." He approached the subject from the standpoint of a physician, expressed belief that compulsory safety belts may be the partial answer. After the meeting, Mr. and Mrs. Hood held Open House at their home in honor of Dr. Winchester. Pictured left to right are Mr. and Mrs. Earl H. Mahone, Dr. Winchester, and Mr. and Mrs. Hood. Mr. Hood is former district governor and director of Rotary International. He is the former president of the Dunn club, organized the Dunedin club and served as its first president and only this week was made an honorary member of the Florida club. (Daily Record Photo.)

Chamber Prexy, Mayor Outline Plan For Action

By TED CRAIL, Managing Editor

Two officials here who have their eye cocked on the nationwide competition for industry made a joint statement today, claiming that Dunn has reached a significant crossroads in its economic development.

Carl Fitchett, Jr., president of the Dunn Chamber of Commerce, and Mayor George Franklin Blalock, Dunn's leather-throated mayor, made a clear call for concerted action by the town.

"We've reached a point where we either go ahead or we go back," Blalock said.

With Fitchett, he outlined an increasingly awkward future for Dunn unless it is ready to jump into the industry hunt with the same vigor that has inspired Governor Luther Hodges in his pro-

Coed Charged In Slaying

BOSTON (UPI) — A 21-year-old Boston college student faced a rainstorm today in the fatal shooting of his sweetheart, a Boston University coed from Cuba.

Police said they intended to ask the court to determine whether Barry Shulman, of Brookline, Mass., should be charged with murder or manslaughter. Shulman, now employed as a garage man, was also accused of carrying a gun without a permit.

Weeping almost hysterically, Shulman told police that the slaying of Carmen Rosa Gomez, daughter of prominent Havana anesthesiologist Dr. Evaristo Gomez, was an accident.

The girl died 30 minutes after the shooting Tuesday as physicians performed emergency surgery in an effort to save her life.

To Fashion Models Lulong Will Lecture Here

A former runnerup for the Miss America crown, Lulong Ogburn Medlin, will be in Dunn tonight to conduct a short course on modeling.

With Billie Cooke of Raleigh, a

former actress in New York stage productions, she will instruct those who are to appear in the upcoming Fall fashion show sponsored by the local Business and Professional Women's Club.

Lina Emenis said the session will start at 7:30 in the Community Room of Home Savings and Loan and will be followed, by a second session.

The fashion show has been scheduled for September 25. Stores are selecting their own models to show off unusual or beautiful items from their Fall clothing stocks.

Janet Sutton, Miss Dunn of 1959, will be among the models. Many others are slated to take part. BPW members as well as those who will actually appear in the Fashion Show, will attend the two glamor sessions with Lulong.
