Action Delayed In Death Case

State Trooper L. R. Hawley said today that it would probably be next week before he would be able to talk with any of the three Hobson students who survived an auto-ambulance collision in front of the high school building on February 8. "I am waiting until the physicians who are treating the boys tell me if it is okay to talk with them," Hawley said. "So far I have not been advised that it is all right to contact them." Hawley indicated that until he does talk with the survivors he will not carry his investigation of (Continued on Page Four)

Group To Emphasize New Areas

Dunn Gets Feeder Pig Mart

The Capital Area Development Association will put special emphasis on the organization of new communities during 1962. The agreement to put special emphasis on new communities was agreed on at the first meeting of the officers, county directors, committee chairmen this week. County farm and home agents also attended the meeting. W. D. Reynolds, community development chairman, said the

number of participating communities could be easily doubled. Jon D. Mackle, chairman of the agricultural committee, asked for more projects that would help raise income in the area. It was announced that a feeder pig market will be started in Dunn. Cliff Ammons, Harnett County Farm Agent, termed this one of the greatest things that has happened for agriculture in Eastern North Carolina in a long

time. He pointed out the high corn production in the area. He also said corn brings a low price in the fall which would make the feeder pig program doubly welcome. A meeting of county chairmen will be held in February to work out further plans for the CADA organization, especially in the increased membership drive field. The chairman then will return (Continued on Page Two)

Revaluation Is Discussed By Officials

Henry Lewis of the Institute of Government conferred with the Harnett County commissioners and mayors of the incorporated towns Monday night about property revaluation techniques. Harnett must start its revaluation in 1964. Commission Chairman Lofton Tart presided and mayors present were Ralph Hanna, Dunn; C. J. Turlington, Coats; Jack Barnes, Jr., Angier; J. A. Senter Lillington.

Lillington and Dunn it was reported have maps that show property lines. Coats is mapped, but not with property lines. Angier has insufficient mapping said Mayor Barnes.

Tax payers and town board members from all parts of the county joined in the discussion. All members of the commission were present.

MOLOTOV TAKES WALK

MOSCOW (UPI) — Former Foreign Minister Vyacheslav M. Molotov, who was hospitalized Jan. 24 with influenza, was seen Saturday taking a walk in the Kremlin gardens, a Western diplomat said Monday night.

The diplomat said the 72-year-old Molotov was alone and looking at the new Palace of Congress Building. It was in that building last October that Molotov was severely criticized for his Stalinist activities.

Erwin PTA Will Hear Henderson Monday Night

Congressman David Henderson will speak at the Erwin P. T. A. meeting Monday night at 7:30. This is Henderson's first appearance in Erwin and a large turnout is expected. Following the meeting a social hour will be held giving Harnett residents an opportunity to meet the new congressman from the third district. Folks from over the county are invited to attend. The meeting will be held in the Erwin School.

New Policy Covers Labor

Mr. Farmer of Harnett County. Beginning in 1962, the USDA Federal Crop Insurance is a completely new and greatly simplified program. On tobacco, the new insurance has (1) complete protection against quality loss (2) the greatly increased insurance guarantee covers cash and labor investment in dollars (3) claims can be paid immediately.

In 1962 for the first time, the tobacco farmer has guaranteed protection against a poor quality crop regardless of average market price and at such a high level of protection as to cover all expenses including his labor.

On cotton, the guarantee has been increased and the premium reduced.

Just a few pounds of average tobacco or cotton produced and sold will pay the premium cost per acre for protection with Federal Crop Insurance. If a claim for loss is due, premium cost can be deducted from the claim and pay (Continued on Page Four)

State Chief Says Precinct Hour Should Be Publicized

Party Rules Tightened

The State Democratic Executive Committee has tightened up on rules governing operation of party affairs and on party discipline as well.

Gone perhaps are the days when a precinct chairman could stage a precinct meeting at a time and hour best suited for his convenience and that of his supporters.

And often, it is reported, other Democrats residing in the precincts never knew what time the precinct meeting was to be held or that it had been held.

There has been criticism that sometimes if enough Democrats opposed to the incumbent chairman showed up, the chairman would merely postpone the meeting until he could round up enough of his supporters to assure re-election.

NOT IN HARNETT?

Some party leaders say such a thing has never happened in Harnett County, of course, but it has been reported in some places.

State Chairman Bert Bennett told the State executive committee at an important meeting in Raleigh that precinct officials should be "extremely careful...to give wide publicity" to the time of precinct meetings.

"Don't play into Republican hands...don't let them accuse us of having unfair meetings," Bennett said.

Precinct meetings this year will be held May 5. County conventions follow a week later on May 12 and the State convention has been set for May 12.

On April 29, 1960, a notice was published in county newspapers calling on Democrats to attend the precinct meetings.

The note stated: "Democrats of Harnett County are hereby notified that precinct meetings will be (Continued On Page Six)

REV. TOM M. FREEMAN

Accepts First Baptist Church Pastorate

Freeman Will Begin Duties On April 15

The Rev. Thomas Moten Freeman of Baltimore, Md., 47-year-old native of Hickory, N. C., has accepted the pastorate of the First Baptist Church in Dunn and will begin his new duties here on April 15.

Members of the church, largest in a three-county area, Sunday morning voted unanimously to extend a call to the Rev. Mr. Freeman, who spoke here on February 7.

News of his acceptance to day was greeted with enthusiasm and members of the pulpit committee, headed by Chairman W. E. (Bill) Cobb, described the new pastor as "ideally suited for our church, just the man we had been looking for."

The long search to fill the town's largest pulpit began last July 1 when the Rev. Ernest P. Russell announced his resignation after 12 years to accept the pastorate of the McGill Street Baptist Church in Concord.

Recognized as a pastor "on his way up" in the ministry, the Rev. Mr. Freeman is now pastor of the Middle River Baptist Church at 610 Middle River Road in Baltimore, a large church with a membership of more than 2100.

In coming to Dunn, the Rev. Mr. Freeman is returning to his native State, where he served two pastorates before going to Baltimore in 1958.

OUTSTANDING RECORD

His first pastorate after receiving his Th. M. degree at Southern Baptist Seminary in Louisville in 1942 was the Kenly-Pine Level-Thanksgiving field of churches in Johnston County from 1942-1947. He then served as pastor of Hocutt Memorial Baptist Church in Burlington from 1947 to 1958.

He is coming to Dunn with an

For Injuries When Hit By Car

Sandlin Is Awarded Verdict Of \$6,625

A jury in Harnett Superior Court this morning awarded damages totaling \$6,625 to seven-year-old Robert Roscoe Sandlin of Dunn as the result of injuries received when struck by an automobile in front of the Wayne Avenue School on May 26, 1959.

Riley Butler of Dunn, Route 3, driver of the car, was defendant in the suit. The Sandlin boy, who was only four years old at the

Kennedy Pins Medal On Hero Astronaut

CAPE CANAVERAL (UPI) — President Kennedy clasped John H. Glenn Jr.'s hand and pinned a medal on his coat today to climax a frenzied welcome-home for America's first man in orbit. The freckle-faced Marine, wearing his 40 years lightly, claimed credit for his magnificent three-orbit leap around the world on Tuesday. He said, "This is not a one-man show; it is a team effort."

But this was John Glenn's day, and the President made it official by flying here from Palm Beach to award him the National Aeronautics and Space Administration's Distinguished Service Medal.

Glenn flew back to this spaceport three hours before from Grand Turk Island, Bahamas, where he had reported to scientists every detail of his 81,000-mile, four-hour and 56-minute space flight.

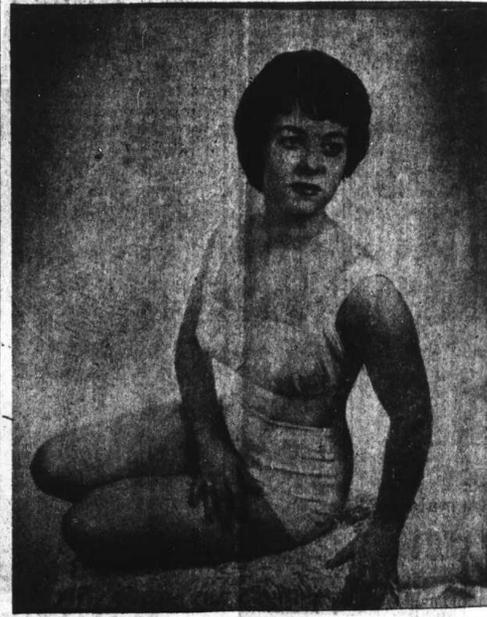

Awaiting him he found his wife Anna, radiant in an all-red suit and red pillbox hat. The first thing he did on leaving his plane was to throw his arms around her.

Cheering Welcome A huge crowd assembled at the Patrick Air Force base landing field cheered and shouted and surged toward the astronaut, whose next embraces were for his children, 16-year-old David and 14-year-old Carolyn. Then his father and mother, and his in-laws, Dr. and Mrs. H. W. Castor, all of New (Continued on Page Eight)

Erwin Pre-School Clinic Tuesday

On Tuesday, February 27, 1962 at 9:30 A.M., the Erwin Public Schools will hold its annual Pre-School Conference in the elementary school auditorium.

After a welcoming address by N. F. Jones, the principal, a representative of the Harnett County Health Department, and the first grade teachers will talk to the parents of school beginners about health requirements, the first grade program, emotional adjustments, and physical needs.
