## DAR Plans July 4 Program

Mrs. Nathan M. Johnson, Sr., regent of the Cornelius Harnett Chapter, N. C. Society Daughter of the American Revolution, Dunn, announced today the chapter's activities on the 187th birthday of the Declaration of Independence, July 4 (Thursday). The day's program has been planned by Mrs. Johnson and the chapter flag chairman, Mrs. J. Perry Jones. The first part of the program will be from 2:00 to 2:05 p.m., The Ringing of the Bells, Daylight saving Time (Phila. Time). The entire town, county and area are urged to ring their church bells, and school bells, ring any kind of bell you have during this five minutes which is a part of the national program, Let Freedom Ring. In the Harnett County area, (EST) the bells will ring from 1 to 1:05 p.m. Bells will be rung by citizens of all ages in this area. When you hear them ring, recall that the Liberty Bell will also be ringing at Independence Hall in Philadelphia, as it rang on the afternoon of July 4, 1776, when it proclaimed the signing of the Declaration of Independence, which document, when adopted, marked the birth of our country as a free and independent nation. From 5:10 to 5:25, the chapter will give the following program over Radio Station WCKB: discussion of the Declaration by Mrs. LeRoy C. Paul; reading of the historical Declaration of Independence and the U.S. Flag, Mrs. Nathan Johnson, Sr.; the Star Spangled Banner. Mrs. Jones will preside at the program. John G. Thomas, news director for the Dunn station, will give spot announcements and remarks about the Declaration of Independence over the radio throughout this week. Merchants and individuals are asked to fly their flags on Thursday.

**Bettie Pleasant Marries Saturday**  
Miss Bettie Sue Pleasant and Larry Daniel Honeycutt of Angler were married Saturday in the Johnson Memorial Baptist Church of Benson. The Rev. Julian D. Nesbroad officiated. Right after cotton emerges, it is especially vulnerable to thrip and fleahopper damage. Guthion M-E, used at lowest recommended rate and volume per acre, gives outstanding control that prevents damage immediately and at low cost per acre. And when used on a schedule, Guthion M-E also controls aphids and mites. If overwintering weevils are a problem, Guthion M-E—the standard of excellence for boll weevil control gives you the best protection possible. And because this early control is so positive, you get maximum protection against later broods. Remember that Guthion M-E is your answer to boll weevil problems at any time of the year . . . even for highly resistant strains that are developing today.

NEW METHYL-ETHYL GUTHION

Aphids • Mites • Thrip • Boll Weevil • Bollworm • Fleahopper

NEW METHYL-ETHYL GUTHION

NEW METHYL-ETHYL GUTHION

Unmatched for Bollworm . . . And this year, when bollworm shows up, you can keep right on using Guthion M-E. You can use it for bollworm two ways—at the low boll weevil rate with DDT added, or use Guthion M-E alone at the higher recommended rate. Guthion M-E gives you new two-way control of bollworm in cotton fields. It is very effective as an ovicide—kills eggs before the bollworm emerges. And Guthion M-E is extremely effective against worms, killing those that do hatch. This new dual-control of these pests gives unmatched effectiveness. It reduces reinfestation and heads off bollworm troubles later in the season. Long Residual Control . . . Guthion M-E stays on the job, even in showery weather, because it is absorbed into the plant. This makes the killing power part of the plant and extends residual effect for 5 to 7 day protection. You make fewer applications per season. Take the advice of Chemagro's Practical Cotton Program . . . watch your fields closely and don't spray unless you have to. Then when you must spray, use the best—use Guthion M-E. Your dealer has complete details. See him today.
