Lands 106-Pounder

Mrs. Bob Leak of 1209 Erwin Road, Dunn, is proving to be the champion fisherwoman of the entire area, if not the State. She made the catch off Paradise Pier, using a 6/0 Perin Reel, 40-pound test Trilene monofilament line. She used live bluefish on a single hook with a boat rig.

It took an hour and 45 minutes to land the fish, which was beached a quarter mile north of the pier. The prior record at Topsail was 82 pounds, caught by Mike Swoden, a teenager from Jacksonville last year, at the same pier. Mrs. Leak, whose husband is a member of the Dunn staff of Carolina Power & Light Co., has

Traffic Toll Mounting Rapidly

By United Press International The National Safety Council hoped today it could scrap its predictions of a possible record for highway death over the Independence Day weekend.

Despite perfect driving conditions and heavy holiday traffic in almost all sections of the country the traffic fatality count was running behind expectations.

Close to 200 persons had died since the start of the 102-hour weekend. But barring a deadly spurt on the highways, it appeared the safety council's pre-holiday estimate of 550 to 650 traffic

deaths by midnight Sunday would not be reached. It was even possible that the total would fall below 500.

The traffic death record for a summer holiday was set last Memorial Day weekend when 525 fatalities were counted. The high mark for an Independence Day weekend is 509, set in 1961.

A United Press International count at 1:30 p.m., EDT, showed 188 traffic fatalities since 6 p.m. Wednesday.

Now Asst. County Supt.

Gray Is Named To School Post

Chairman Bob Baggett of the Harnett County Board of Education today announced the appointment of Robert A. Gray, 35-year-old veteran principal at Boone Trail School in Western Harnett to serve as assistant superintendent of Har-

nett's schools. He becomes a full-time aide to County Supt. Glenn T. Proffit, who has held the post for many years and has proven to be an extremely popular school administrator.

Beamon Kelly has served as assistant to Proffit for a number of years. Gray's appointment ended speculation over the job which included the names of Principal Joe Hawley of Coats and C. P. Stewart, manager of the Harnett ASCS office.

Gray had just enrolled for summer classes at UNC when the appointment was made. He canceled the courses immediately.

Supt. Proffit said Gray will assist in general administrative duties. Kelly has been in charge of instruction.

A native of Stokes in Pitt County, Gray became principal at Boone Trail seven years ago. He is a graduate of East Carolina College, where he received a BS in math and science and later his M. S. degree.

He first served as principal at the Magnolia School in Duplin County, later was principal at Faison three years before coming to Harnett to assume the Boone Trail post.

Mr. and Mrs. Gray and their children, Robert, Jr., 12, and Diane, 4, reside now at the Boone Trail teacherage. The family will move to Lillington, but she will continue teaching at Boone Trail. Gray's successor at Boone Trail has not been named by the district committee there.

Negroes Get Advice From Nisei Paper

SAN FRANCISCO (UPI) — A Japanese-American newspaper editor has called upon local Negro leaders to "do a little soul-searching" of their own and "make a concentrated effort sincerely to better themselves."

"We have yet to hear any Negro voice 'blaming' themselves for their social maladjustment," said Howard M. Imazeki, English editor of the Hokubei Mainichi in an editorial in the Nisei newspaper.

"We feel it is difficult indeed for us Nisei to really appreciate the suffering and agony of our Negro Americans," Imazeki said, adding that Japanese-Americans faced discrimination the same as Negroes.

"I'll Go Back On A Slab"

MILWAUKEE, Wis. (UPI) — It was a tableau of despair.

The son said he would go back to prison "on a slab."

Michael Weston, 22, almost got his wish Thursday when he was shot twice in an Eastside tavern by two police officers. He was in critical condition.

Police said Weston, an escapee from a prison farm five days ago, admitted he shot and killed Theodore Adams, 19, early Thursday and tried to lose himself in a huge crowd that poured into downtown Milwaukee to see a circus parade.

Reception For Chinese Reds Very Chilly

MOSCOW (UPI) — Soviet and Chinese Communist leaders, locked in an all-out ideological battle for leadership of the Communist world, today held their first meeting in their showdown Moscow talks.

The Chinese delegation got a chilly reception when it arrived in an atmosphere electrified with hostility by a last-minute exchange of bitter charges.

The Chinese Communists and a high-level Soviet delegation went behind closed doors several hours later and met for an hour and 45 minutes.

The first meeting was held in the modernistic House of Receptions in the Lenin Hills section of Moscow, where it was understood the Peking delegation will be staying during the negotiations.

Chief Soviet delegate Mikhail Sholov, the Kremlin's senior ideologist, had suggested to the Chinese on their arrival that the first meeting be held late this afternoon, but there was no announcement where it would be held.

Newsmen, however, finally spotted the delegates arriving at the House of Receptions and clocked them out an hour and 45 minutes later.

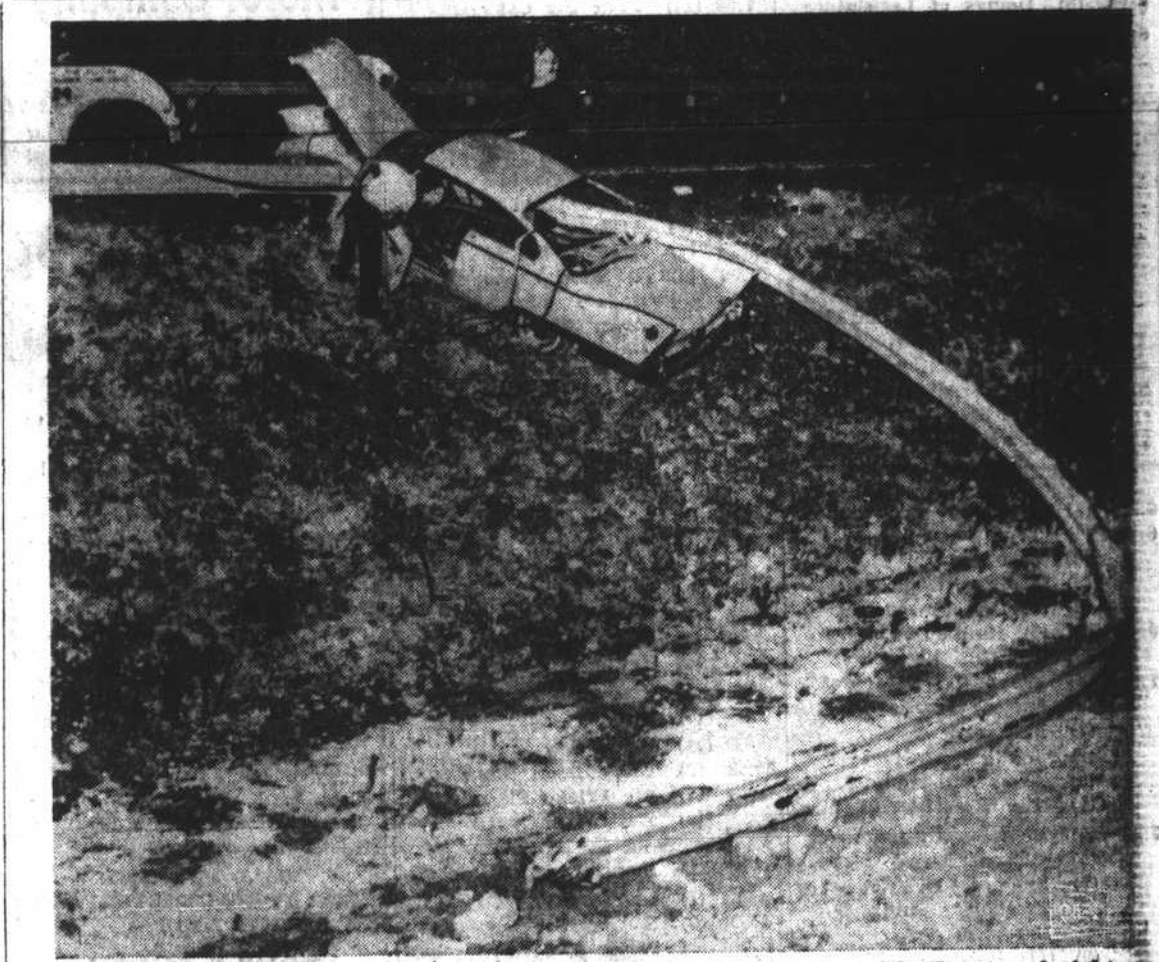

ARRIVAL IGNORED The Chinese negotiating team flew in by special plane from Peking and was met at the airport by Suslov.

The Russian press ignored their arrival altogether. Neither the official radio, the Tass news agency or the government newspaper Izvestia announced the arrival. Izvestia's edition rolled off the press four hours after the Chinese arrived.

It was believed today's meeting was devoted largely to procedural and protocol matters and the delegates would get down to business Saturday.

Kennedy Replies To Mr. K

HYANNIS PORT, Mass. (UPI) — President Kennedy told Soviet Premier Nikita S. Khrushchev today that he shares the Russian leader's expressed desire to "move forward with understanding" toward solution of East-West problems.

"The world has long passed that time when armed conflict can be the solution to international problems," Kennedy told the Soviet leader.

His remarks in a message cabled to Khrushchev Thursday, and made public by the vacation White House today, was a reply to the premier's message to Kennedy congratulating the United States on its July 4 celebration of the 187th anniversary of independence.

"The American people are grateful for your message of good will," the President told Khrushchev.

Ethel Has A Baby, Joan's Sore Throat

BOSTON (UPI) — Mrs. Ethel Kennedy, wife of Atty. Gen. Robert F. Kennedy, and their eighth child, a 6-pound 14-ounce boy, were in "good" condition today at St. Elizabeth's Hospital.

The child, the couple's fifth son, was delivered at 6:48 p.m. Thursday by Caesarean section by Dr. Roy J. Heffernan. The baby was about a week ahead of schedule and was born 88 minutes after a frantic helicopter flight from Cape Cod.

The newest arrival is President Kennedy's 13th nephew. He also has six nieces. It was not known immediately whether the President, who arrived at his summer home on Squaw Island Thursday only a few minutes after Ethel had left, would visit the hospital. The attorney general, who showed the red-eyed and weary signs

of "most expectant fathers, joyfully announced to newsmen, "They tell me he was the best looking child ever born at St. Elizabeth's."

Among the first he called was his father, former Ambassador Joseph P. Kennedy, at the Kennedy compound at Hyannis Port.

"I told my father he looked just like him. He's got a strong face, just like his grandfather — a lot of character. He's a very good looking baby. And, oh, he's got black hair," Kennedy said.

HYANNIS, Mass. (UPI) — Mrs. Joan Kennedy, wife of Sen. Edward M. Kennedy, D-Mass., had a sore throat today but otherwise was in good condition following surgery for an abscess. (Continued on Page Two)
