Durham School Board Rejects Court Proposal

The Durham City School Board Monday night spurned a federal judge's proposed court order calling for complete and total integration of the city's elementary and junior high schools. By a vote of 6-1 the board turned down the suggested order by Middle District Court Judge Edwin M. Stanley proposed during a school integration suit hearing last week in which Negro parents are opposing the board plan of gradual integration. Stanley's proposed order would have given every elementary and junior high school student in the city the right to attend the school of his choice. The judge did not sign the order but requested both sides study it and said he hoped they would agree. If not, he said, he would continue the hearings in the current suit against the board's gradual integration plan. The only board member voting for the order was its only Negro member, Eric Moore. A white board member termed the proposed order "silly, ridiculous and confusing."

Board chairman H. A. Rhinehart termed the order "rigid, restrictive and imposingly harsh." The board however, did not vote to appeal the proposal since its attorney, Marshall Speaks, advised that it was still unsigned and not yet subject to appeal.

Satterwhite Remains On Committee

Dunn Group Meets Tonight

The Human Relations Committee recently appointed by Dunn Mayor George Franklin Blalock will hold its first meeting Tuesday night at 7:30 o'clock at the City Hall to begin working out the town's racial problems. Chairman D. K. Stewart, prominent Dunn attorney, heads the committee. Mayor Blalock announced today that he had replaced Harry Satterwhite as one of the Negro leaders on the committee on the basis of misinformation. The mayor said he appointed the Rev. M. F. Ward, president of the Royal Citizens Club, to replace Satterwhite after receiving information that Satterwhite would be out of the city and unable to serve. He said today that he had learned Satterwhite would not be away but would be able to serve and said he would continue on as a

member of the committee instead of the Rev. Mr. Ward. OTHER MEMBERS Other members are: former mayor Ralph E. Hanna, Ellis Barbour, Louis Baer, W. H. (Bill) Twyford, Sr., and Rev. Thomas Freeman of the First Baptist Church. Negro leaders on the committee are the Rev. B. B. Felder, president of the Dunn NAACP chapter; Satterwhite, Mrs. C. B. Gorington and Walter Dafford. Blalock said today that he would not attend the meeting but is leaving the matter up to the committee. All of these citizens are well familiar with the problem and what needs to be done, he said. "Neither side will be intimidated," said Blalock. "People who operate businesses have rights. And what constitutes first class citizenship and practices that do not also deserve consideration."

Rocky Seeks To Block Goldwater

WASHINGTON (UPI) — The camp of Sen. Barry Goldwater, R-Ariz., today view Gov. Nelson A. Rockefeller's attack on the "radical right" as notice that Rockefeller is a presidential candidate. The New York governor's statement also was considered in some quarters as the forerunner of a stop-Goldwater movement by other presidential hopefuls in the Republican party. A spokesman for Goldwater Monday night quoted the Arizona conservative as saying the Rockefeller statement amounted to the governor's "formal declaration of candidacy" for the GOP nomination. Although Goldwater has never acknowledged that he is a presidential aspirant himself, his stock has boomed in recent months following his victory in the Arizona primary. (Continued on Page Six)

Untied Leaf Can Be Sold First 7 Days

By C. P. STEWART Harnett ASCS Manager The Department of Agriculture has announced that the experimental program of limited price supports on untied tobacco of lugs, cuttings, and nondescript grades thereof in the traditional tied areas will be continued during the first 7 sale days in 1963. Price support will be available simultaneously for tied tobacco of all grades during the same period and throughout the season. Tied and untied tobacco will be graded separately on warehouse floors and untied tobacco will be graded first during the first 7 days of sales. Price supports on tied tobacco will be 6 cents per pound higher than for untied tobacco for each grade. A total of 1176 Harnett County farmers volunteered to become partners with Uncle Sam last year in conservation work on their farms. That's the number of farms that took part in the Agricultural Conservation Program. They received cost-sharing amounting to \$71,890.00. Preliminary reports on the 1963 ACP show that 369 farmers in this county have filed requests for cost sharing and, if they complete the practice, requested, will receive \$41,768.42 in Federal cost-shares. Much of this money has already been put into circulation in establishing conservation practices on the farm through the use of purchase orders. These payments are made to vendors — folks who sell trees and grass seed, or contractors who sell services like bulldozing, law leveling, earth moving, and ditching. So, this money directly boosts our local economy. There are still farms with conservation problems that are not participating in the ACP. Committee members urge them to file a request for cost-sharing very soon. The initial measurement of allotted crops and diverted acreage has been completed. We now have about 30 reporters doing re-measurement and disposition work.

He said it was a very delicate, ticklish matter and predicted that both sides would have to give and take, that the matter will take time and cannot be rushed.

She Loses 131 Pounds In 6 Months

LOS ANGELES (UPI) — Mrs. Elaine Johnson, 39, who walked into Wadsworth Veterans Administration hospital six months ago weighing 315 pounds, walked out Monday weighing 184 pounds. "I feel great," said Mrs. Johnson who existed for 117 days on liquids and vitamin pills. Since May 25 when the extreme diet was abandoned, Mrs. Johnson has existed on 300 calories a day. Now, she is up to 500 which is the equivalent of one poached egg, a slice of toast and tea for breakfast, a small piece of meat, tablespoon of vegetable, lettuce salad and tea for lunch, and two poached eggs, bouillon and tea for dinner. But Mrs. Johnson emphasized the battle wasn't over yet. "It never will be because I'm a foodaholic."
