# RED-LOVERS ARE THROWN OUT

## Against Integrated Schools In Ala.

### White Students Demonstrate

**BIRMINGHAM, Ala. (UPI)** — About 300 chanting white students from a newly-integrated high school formed a caravan of flag-draped cars today and demonstrated at several schools, trying to whip up support for a boycott of classes.

The students from West End High School gathered across the street from Phillips High, still all-white, before classes and chanted the familiar slogan: "Two, four, six, eight — we don't want to integrate."

The demonstration was noisy but orderly. About six policemen were on hand. Officers did not permit the students to congregated near West End, or at Ramsay High, also newly integrated.

Police routed their caravan of cars, festooned with Confederate flags, around the integrated school. The student caravan was one of several that roamed the city protesting integration of three Birmingham schools.

#### Attendance Better

Official reports from the three integrated schools stated that attendance had increased slightly at two, and remained about the same at the third.

West End had 46 more students than Thursday. Ramsay had only one more and Graymont elementary had 12 more students.

One of the motorcades roaming the city was made of 100 cars driven mainly by adults. Banners on the cars called for a boycott of the desegregated schools.

**JUST BEING HIMSELF**—Gene Barry is just one of the gorgeous gals Gene Barry will meet in his role as Amos Burke, an independently wealthy homicide detective, in a new television series. He'll dispense "Burke's Law" in the usual fashion—Barry playing Barry. Says Barry.

### Boy On Bike Hit By Auto

Ted Barbour, Jr., 15, of Route 3, Benson, suffered a fractured thigh when the bicycle he was riding was struck by a car Sunday at 12:30 p. m. on rural paved road 1319 six miles north of Benson.

Barbour was taken to Rex Memorial Hospital in Raleigh where his condition Monday was described as "satisfactory."

Highway Patrolmen Sam Collins and D. M. Cole made the investigation.

Patrolman Collins said the car involved was a 1955 Pontiac driven by Jimmy Morrison of Route 3, Benson, 35-year-old Negro who was charged with drunken driving.

The patrolmen reported that Barbour was driving the bicycle down a dirt road when he entered the rural paved road in front of the car. The front of the car struck the bicycle and carried the boy and bike some 60 feet, the officers said.

Property damage was estimated at \$15 to the car and \$30 to the bicycle.

### Bank Held Up In Counce, Tenn.

**COUNCE, Tenn. (UP)** — Two men escaped with about \$5,000 today robbing a branch bank in this small West Tennessee community, authorities said.

The two men entered the Citizens Branch about 9:15 a. m. and pulled a gun on Mrs. Jane Sharp, a 48-year-old teller. Mrs. Sharp said she was the only person in the bank at the time.

### Presbyterians Plan Campbell Day

The First Presbyterian Church of Dunn will observe "Campbell College Day" at the morning worship service this Sunday. The Presbyterian students at Campbell will be the special guests of the church for the worship service and dinner afterwards.

On Thursday evening, September 19, at 7:00 o'clock, the Men and Women of the church will honor the Presbyterian students, Presbyterian faculty members and others at Campbell at a steak dinner in the fellowship hall of the church. The Presbyterian students who attend Campbell from the local church will also be special guests at the dinner.

Dr. G. L. Hooper, a ruling elder of the church, is general chairman of the Campbell Observance. The following committees are preparing for the day: arrangements for meals on Sunday, Mrs. Bruce Brown, chairman, Mrs. Leon Mc-

Kay; transportation for Sunday and Thursday, Robert C. Bryan, chairman, Bruce M. Brown, Eugene Bracey; Thursday evening dinner, Women of the Church chairman, Mrs. W. W. Cunningham, Mrs. Marvin Godwin; Men of the Church chairman, W. A. Gilbert; Roy Tew and Mickey Rouse; hospitality, Frank L. Bejote, chairman, Mrs. E. P. Davis, Jr., Mrs. E. C. Pridgen, Mrs. C. W. Byrd, Mrs. Mac Turlington, John Gray; ticket sales, Gerald Mann; program, Dr. Hooper and the Rev. Leslie C. Tucker.

At this dinner brief talks will be made by Dr. Frank L. Weyer and Dr. Paul Yoder of the Campbell faculty and a devotional conducted by the minister of the church. The congregation of the First Church plans to be on hand to greet the students and faculty members.

### UNC Leader Witness At Hearing Today

**WASHINGTON (UPI)**—Kicking and screaming students demonstrators were dragged wholesale from the U.S. Capitol today when they bolteriously protested a House investigation into illegal travel to Communist Cuba.

Also slated to testify today was Larry Phelps of Burlington, N. C., one of the leaders in the Progressive Labor Club at the University of North Carolina.

Phelps, who has declared that he is even further to the left than the Communist Party of the U. S., was among the students who defied the U. S. government and went to Cuba, Phelps has been loud in his praises of Fidel Castro, and reportedly among those who cheered a movie showing the shooting down of an American plane.

Phelps activities at UNC have been defended by UNC President Bill Friday and Chancellor Wm Aycock, who say Communists should be allowed to speak freely at State institutions.

Just yesterday, Friday protested bitterly because the former editor of a Communist newspaper in London cannot appear at UNC under the new speaker ban law. "Phelps graduated at UNC this spring."

Six of the demonstrators were ejected from the morning session of the House Committee on Un-American Activities on order of Chairman Edwin E. Willis, D-La., who stood shouting to police: "Throw them out."

This episode, a revival of Thursday's violence, was quickly followed by another flareup at the afternoon session began.

Youths of both sexes were standing in a long line waiting admission. As the line approached the caucus room, police singled out certain youths and refused to let them enter.

**Couple Ejected**  
A young man and a girl wearing sweaters, were grabbed by police after they got inside the room. A struggle started with the man screaming: "Leave my wife alone."

Police carried him down to the (Continued on Page 6)

**THERE'S MEANING IN THEIR SMILE** — Pictured here wearing big smiles are Mr. and Mrs. Leo McNease of Spartanburg, S. C. Owners of the big Palmetto Shows now playing the Four-County Fair here, their smiles no doubt resulted from the big crowds flocking to the local exposition, which will continue through tomorrow. This is their second year at the local fair. (Daily Record Photo by Russell Bassford.)

### At Banner Still

### Two Men Arrested

Local treasury agents and Johnston County deputy sheriffs in a surprise raid Thursday morning arrested two Four Oaks men, confiscated a 1953 Ford and destroyed a 701 gallon submarine type still.

The outfit was located in Johnston County in Banners Township. Leo Massengill, 37 of Route 3, Four Oaks, and Elwood Allen, 26, of the same address, were arrested and released without bond pending their appearance before U. S. Commissioner Abe Elmore on Monday.

Art Bryant, agent in charge of the local post, said 1450 gallons fermenting mash, and miscellaneous distilling equipment and materials were also destroyed at the scene.

The raid was made by Bryant, Raymond Harrison and Raymond Moore and deputies Dalley Stewart, Charlie Lewis and Glenn Cobb.

**GUEST REVIVALIST**  
The Reverend Charles B. Howard, noted and beloved evangelist, a native of Sampson county, will be the guest speaker during an area-wide revival beginning Monday night, September 16, at 7:30 o'clock, in the Roseboro Tabernacle. This evangelistic crusade is sponsored by a group of churches in the West Sampson area. W. A. West will have charge of the music. The public is cordially invited.

### Dr. Howard and Dr. Peck Appointed

### College Fills Two Posts

Dr. C. Edward Howard of Clinton has joined the science faculty of Campbell College as assistant professor of geology.

Campbell has also announced the appointment of Dr. Marylyn Van Leer Peck to the position of associate professor in its department of mathematics.

Dr. Howard attended Campbell in 1950-51, and completed his undergraduate work in geology at Duke University in 1953. He received the M. S. degree in geol-

ogical engineering at N. C. State College in 1955, and this year graduated from Louisiana State University with the Ph.D. degree in geology. He taught geology at the university while studying for the doctorate.

Dr. Howard was a teaching assistant at State College during his study there, and he served as geologist in the North Carolina Department of Conservation and Development in 1952-54. He was mining engineer for the Tungsten Mining Corporation at Henderson in 1955-57.

His professional memberships include Sigma Xi, American Institute of Mining Engineers, and the American Association for the Advancement of Science. Son of Mr. and Mrs. Hubert R. Howard of 509 Woodrow street, Clinton, he is married to the former Evelyn Kline Baker of Henderson.

Dr. Peck has studied chemical engineering and mathematics at Vanderbilt University and at the University of Florida, from which she has the Ph.D. degree. Her most recent professional assignment (Feb. 1961-Feb. 1963) has been research engineer for the Rocketdyne Division of North American Aviation, in California. Earlier, she had research and teaching assistantships at the University of Florida and at George

Institute of Technology; and she had lectured in chemistry and mathematics at Georgia State College.

Dr. Peck's membership in professional societies includes the Society of Women Engineers, of which she was national vice-president in 1962. In San Diego last year, she received the Golden Plate of Achievement award of the Academy of Achievement; and in a special issue of Life magazine (Continued on Page 6)

### Call Girl Must Appear Oct. 2

## Christine Makes Court Appearance

**LONDON (UPI)** — Call girl Christine Keeler made a two-minute appearance in Magistrate's Court today on charges she conspired to obstruct justice in the assault trial of Jamaican jazz singer Aloysius Lucky Gordon, one of her discarded lovers.

The 21-year-old redhead, whose amours set off the sensational Profumo scandal, and three co-defendants were ordered to appear Oct. 2 for a pre-trial hearing.

All four were permitted to remain at liberty under bail posted after their arrest last Friday.

Mrs. Keeler wore a dark brown check suit and high-heeled black shoes when she stepped from a limousine at great Marlborough Street court with two co-defendants, her roommate Paula Hamilton-Marshall, 23, and their housekeeper, Mrs. Olive Brooker, 56.

The fourth defendant, West Indian Rudolph Fenton, 39, arrived on his own while extra police held back a crowd of several hundred persons.

All four defendants stood briefly in the prisoner's dock while the formalities of continuing their bail were concluded and a date set for the hearing which under British law determines whether a

### Ammunition Aboard Plane That Ripped Apart

## Says Pilot Carried Arms

**NEW HAVEN, Conn. (UPI)** — The pilot in a mystery-shrouded airliner crash, caused by an explosion, owned a gun shop and frequently carried arms and ammunition on his flights between Miami and New York, it was charged in federal court today.

Some of the arms were sold to Cuban exiles, according to charges made by an attorney involved in insurance litigation.

The plane crashed on Jan. 6, 1960 in North Carolina, killing 34 persons, including Julian Frank, 52, Westport, Conn., businessman whose life had been insured a few months earlier for \$1 million, and pilot Dale H. Southard, Miami, of

National Airlines. The plane, a DC6B, was ripped apart in the air by the explosion and plunged into a marshy area near the town of Bolivia, N. C. three days later Frank's mutilated body was found in the surf of Kure Beach on the Atlantic Ocean, about 16 miles from the crash site.

**CLAIMED SUICIDE**  
The Occidental Insurance Company of California, which held \$500,000 of Frank's policies, claimed that Frank committed suicide by blowing up the plane. In opposition to this, the charge filed today said:

"... There are indications that

gun-powder was being carried aboard the National Airlines DC6B being piloted by Mr. Southard that crashed at Bolivia, N. C."

Some time ago, the insurance company started civil action against Frank's widow seeking a judgment that it would not have to pay the \$500,000. The policy contained a provision that if the insured died by suicide, the company's liability would be limited to the amount of the premiums paid, in this case \$2,757.50.

Frank's widow, former blonde model Janet Frank, who now is Mrs. Joseph F. Rafferty of San Francisco, has taken court action to collect the money.

### Brothers Named In Counterfeit Case

**CHARLOTTE (UPI)** — A three state counterfeiting ring, involving at least 11 men, has been broken up by the Secret Service after years of investigation.

Vernon D. Spicer, special agent in charge of the SS office here, reported that agents arrested four more men, each accused of passing \$20 bills in bogus money.

This brought to 11 the number arrested in the case since May. Spicer said he believed a few more arrests would close the case but that the investigation would continue "until every link is in place."

Warrants have also been issued for the arrest of two brothers, both formerly of Dunn. They are Gene Autry Dennis, age 23, and

Joseph Garland Dennis, 24, who now reside in Norfolk, Va.

All 11 men accused of passing the counterfeit money in North Carolina, Virginia and Tennessee. Spicer said an untold amount of the money is still in circulation and that "several thousands of dollars" has been confiscated.

He identified the latest four arrested as Ralph C. Winsted of Merritt; Billy Ray Johnson, 27, a Dunn carpenter; Jacob McKinley Stewart, 33, a Dunn painter and printer Robert Williams of WIL-

liams, who was ordered held under \$10,000 bond, is a parolee on a North Carolina murder conviction. (Continued on Page 6)
