POSTPONES MOVIE

ATHENS, Greece (UPD) — The Greek government has persuaded representatives of Universal Pictures to postpone showing the movie "The Ugly American" in Athens on the ground that it might lead to demonstration during the restive pre-election period.

formal announcement will be made by club President Dan Topping at noon EDT during a press conference at the Savoy-Hilton Hotel.

Berra's salary is expected to be \$80,000 a year — 100 times what he received when he signed his first contract with the organization in 1943.

Then Berra — a far cry from the shy kid who told St. Louis fans honoring him with a "night" in 1947: "I want to thank everybody who made this night necessary" — will take the microphone and outline his plans for rallying the Yankees from their four-straight disaster at the hands of the Los Angeles Dodgers in the World Series.

Berra is expected to reveal that he rejected several managerial offers from other clubs because he had been tipped by the front office that he was to become the new manager of the Yankees.
