Something Special

Someone Special

Give Better... *Electrical!*

Interested in a one-stop shopping list for Christmas? It's easy to make this holiday something special for every member of the family. A visit to a nearby electric appliance dealer will help you select gifts that are both practical and appreciated.

For Mother there are scores of timesaving, small appliances to brighten her holiday as well as save her time, steps and effort for years to come. For Dad, you'll find power tools or perhaps an electric razor. And for the children, there are electric toys as well as more practical gifts.

Why not solve your family gift problem with a one-stop shopping trip to a nearby appliance dealer? When you give better electrically, you're sure to please that "someone special."

CAROLINA POWER & LIGHT COMPANY

Here's why you'll tell other people you like it.

Wide-Track, for instance. Wide-Track is what does away with tilting your way around turns. Pontiac's smoother, quieter ride is another thing you might point out: A big 389-cubic-inch Trophy V-8 is standard in each and every Pontiac. You get to choose from 34 engine/transmission teams to harness all that power. (Happy choosing.)

Now then—on to more of the things that make the '64 Pontiac so thoroughly likeable. Frankly, we couldn't think of anything radical to do with this car. Oh, we made the styling even more stylish, as you can plainly see. We lavished even more care on the interiors. We even improved the light bulbs. But as for more vital things, why change? Improve, refine, sharpen—yes. Change—no. And you can tell that to your friends.
