Chairman Tart Stresses Need For Facilities

The largest group of men and women devoting their time to a single community project will gather tonight at 8 o'clock in the Wayne Avenue school cafeteria to begin the final push in the bond issue campaign for a badly-needed new hospital in Dunn.

"If the tidal wave of volunteers who will be asking Dunn to build for a greater tomorrow is a sign of a new day, then shortly our community will be able to boast of medical facilities second to none for a town this size," said leaders of the campaign.

An amazing number of 314 local residents are participating in the move to take the town's need for a modern, efficient, specialized medical center to the voters of Dunn. That's the number of campaigners who will meet tonight before they begin the task of calling on every voter before the March 28 election.

These campaigners, a citizens' committee representing persons in every walk of life, have the task of presenting the need for a hospital on a person-to-person basis, to make sure that no person in the future shall be deprived of proper medical care here due to lack of adequate facilities.

"They are giving unselfishly of their time and energy to insure that every voter is made fully aware of the need for a hospital." (Continued on Page 5)

BINGO CANCELED

Russia Blocking Aid For Airmen

WIESBADEN, Germany (UPI) — The Russians today blocked American efforts to find and help three American airmen shot down over East Germany Tuesday despite a demand for their prompt return by the U. S. Army commander in Europe.

Gen. Paul L. Freeman made his request in a letter sent Wednesday night to Gen. I. I. Yakubovich, the Soviet commander in Germany, saying he wanted the three U.S. Air Force officers "re-

turned as soon as possible." It was announced at U. S. Army European Headquarters in Heidelberg that three "search parties" were sent to the scene where the RB66 twin-jet reconnaissance bomber was shot down by a Soviet fighter when it strayed into East Germany. But a spokesman at the U.S. Embassy in Bonn said: "As far as we are aware, the teams have not yet been permitted." (Continued on Page Five)

Says Kennedy Trying To Destroy Union

CHATTANOOGA, Tenn. (UPI) — Teamsters President James R. Hoffa today was sentenced to eight years in federal prison for trying to bribe a jury that heard conspiracy charges against him.

"I stand here today and state I am innocent," the 51-year-old president of the nation's largest labor union solemnly told Federal District Judge Frank Wilson, who sternly rebuked Hoffa in handing down the sentence.

Hoffa drew four years on each of two counts of jury tampering and was fined \$10,000.

His attorneys already have announced plans to appeal the conviction by a 12-member federal jury last week all the way to the Supreme Court if necessary. Hoffa is expected to remain free under \$75,000 bond pending the appeals.

Others Sentenced

Three of Hoffa's fellow defendants in the case, which was heard during a marathon seven-week trial here, were sentenced to three years by Wilson. They were not fined.

They were former Nashville teamsters local president Ewing King; Detroit teamsters official Larry Campbell; and Nashville Negro handyman Thomas Ewing Parks. Each had been convicted on one count of jury tampering and could have been sentenced to five years and fined \$5,000.

After court adjourned, Hoffa spoke to reporters on the steps of the courthouse.

"I have never witnessed anything such as I have witnessed in Chattanooga, Tenn., during the past eight weeks," he said.

He said he had told members of his union, "The zeal of Atty. Gen. Robert Kennedy will be to destroy you unless you give in. I urge you not to give in." Hoffa said.

Ruby Trial Nears End

DALLS (UPI) — A \$350 a day New York psychiatrist today capped the defense effort to save Jack Ruby from the electric chair with testimony that he was mentally ill and legally insane when he shot Lee Harvey Oswald.

hand up in a Marxist salute. "Joe get that thing out of here," ordered Judge Joe B. Brown. Dr. Walter Bromberg, the defense "ambush" witness, maintained that Ruby instinctively and automatically shot the accused assassin in a "blackout."

Ruby looked haggard but calm as he sat listening. There was speculation the slay-

MIAMI PASTOR AT CAMPBELL — Out for a bit of sun between assembly periods at Campbell College Wednesday, Rev. Charles Stanley, left, speaker of the morning, chats with Rev. Don Bowen, pastor of Lillington Baptist Church and a trio of coeds from Florida. The Rev. Mr. Stanley, pastor of the First Baptist Church of Miami, is speaking nightly through Sunday at the Lillington church.

Miami Pastor Addresses Campbell Students

"Don't Be Dead Fish," He Advises

By Philip Kennedy
The Rev. Charles Stanley from Miami, on a preaching mission at Lillington this week, made a side trip to Bules Creek and the Campbell College assembly Wednesday.

But he didn't come, he told the college students, to preach them a sermon. His purpose was to tell them some of the simple facts of a free life.

Freedom, Stanley showed, is a thing that everybody wants; those that have it; those who do not have it — "red and yellow, black and white." But freedom is not free; it has a price. The price is duty. To be free and stay free, people must be able and willing to take on and handle the responsibilities of free men.

Stanley spent some time in Russia last summer; and he came back, he said, convinced that America's don't know how well off they are. The Russians, he showed, are a disciplined people, partly because they are afraid not to be. In a police state everybody spies on everybody else, and people do what they are told to do or take the drastic consequences. Stanley thinks that Americans, because of irresponsibility and indifference, are heading fast in this direction.

"Let me say this to you," he told the students. "You and I have got wonderful liberty and freedom today that we don't have any guarantee we're going to have tomorrow."

Most Crucial Time
College students in particular, he said, cannot go on thinking as their parents have thought — that they can leave the dirty work to somebody else and "leave the government to our congressmen."

Calling the present time "the most crucial time in the history of our nation since the Civil War," Stanley told the Campbell students that no generation of students has ever had more personal responsibility than they have. Saying that young people all over

the world want to study in American colleges, he pointed out that every student has more influence on the shape of things to come than most students realize. "Students around the world are conscious," he said, "that you are setting the example for them and for their lives."

American young people are under examination; and the Miami minister fears that they may be flunking the test. Too many college students, he said, are floating down stream.

"A dead fish can do this," he said. (Continued On Page Five)

Candidate Faces Busy Schedule Here On 24th

Preyer Visit Plans Made

Gubernatorial candidate L Richardson Preyer of Greensboro will return to Harnett on Tuesday, March 24 for a busy day and night of campaigning that will include a civic club speech, person-to-person campaigning, a barbecue supper and other appearances to be climaxed by a mammoth county-wide rally at 3:30 that afternoon in the county courthouse at Lillington.

Plans for Judge Preyer's visit were disclosed in a joint announcement made today by his Harnett

co-managers, Johnnie Wilbourne of Lillington and Attorney Robert C. Bryan of Dunn.

Mrs. Preyer, once voted "Miss Personality" in Greensboro High School, will accompany her husband to Harnett but will travel the county separately on a tour arranged by Chairman Dot Snipes of the Ladies-for-Preyer committee and will be honored from 4:30 to 6 p.m. at a reception in the Woman's Club in Dunn.

This will be Judge Preyer's second visit to Harnett. He appeared here briefly for a coffee hour last month and received a warm reception from a large and enthusiastic crowd that turned out to greet him. Judge Preyer is regarded by many as the front-running candidate for the State's top office and his county managers said today the Preyer tide is rising rapidly in a county which previously was practically conceded to one of his opponents.
