

### 'Anything Dad Can Do, I Can Do...'

The catcher's mitt is Mike Brumley's most important piece of equipment with the Washington Senators, so it's only natural that his son, Mike Jr., should begin to learn the business at an early age.

### Tax Rate Cut From \$1.60 To \$1.40

## Angier Has Budget Totaling \$83,665

The Angier town board is calling for an \$83,665 expenditure budget for the 1964-65 fiscal year. Angier Street department will get the bulk of the expenditure allocations — \$12,200.

The figures are in a tentative budget adopted by the board of commissioners and will be given a public hearing July 23.

The tentative budget is based on a tax rate of \$1.40 per \$100 evaluation, a decrease from the \$1.60 rate in the 1963-64 budget.

Mayor Jack Marley said the figures were approximate and may be changed when the final rates are received from the county tax office.

The revenue sources include \$50,000 expected in the general fund. This comes from taxes, car licenses, privilege licenses, the Powell Bill, building permits, etc. The water department supplies another \$26,300.

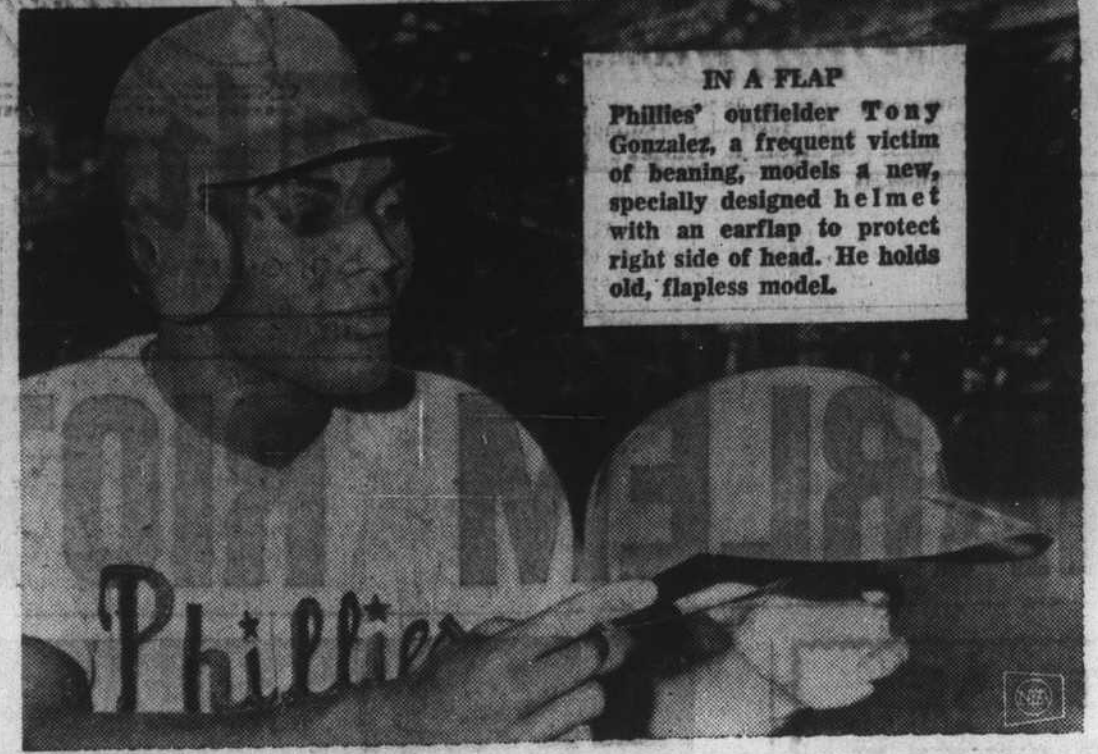

The 1964-65 tax evaluation for the town of Angier is an estimated \$2,800,000, compared with the 1963-64 evaluation of \$2,230,000.

"This increase in evaluation of only \$570,000 signifies that property owners in the town of Angier have been, in the past, receiving a fair tax evaluation," Marley said.

As for town expenditures, Marley said in the fiscal years 1962-63 to 1963-64 there was a \$12,000 increase in expenditures, with only an anticipated \$2000 increase in the expenditures for 1964-65.

Marley said "The town of Angier at this time is in the best financial condition of any town I know."

"Also this year, we asked the local government to set up a set of books as they recommended. We now have the best bookkeeping system in the state," the mayor said.

### New Violence Breaks Out

## More Demonstrators Arrested In Miss.

GREENWOOD, Miss. (UPI) — White-helmeted police today arrested dozens of civil rights demonstrators, several of whom kicked and screamed when officers dragged them to a bus to haul them to jail.

One young Negro girl, her hair dyed blonde, was dragged by one arm about 30 yards to a black bus with wire mesh over its windows.

Two busloads of demonstrators were hauled to jail.

The demonstrators were taking part in a "Freedom day" drive to register Negro voters. Similar drives were held today in two other Mississippi Delta cities, Cleveland and Greenville.

A long line of Negroes waiting to register to vote here was not bothered by police.

### Two Hospitalized After Accident

A 1963 Rambler, driven by Blanch Simmers O'Donnell, went out of control and overturned on Interstate 95 near Benson. According to the highway patrol report, both Mrs. O'Donnell and her passenger, Renee O'Donnell, were admitted to Dunn Hospital for treatment.

According to the Highway Patrol, Mrs. O'Donnell, a resident of Miami, Fla., was traveling south on Interstate 95 and lost control of the vehicle in a slight curve. The car crossed the median into the north-bound lane and overturned. The investigator for the Highway Patrol estimated two thousand dollars damage to the vehicle. There were no other cars involved.

### Summer Jobs Prove Scarce

If the experience of Campbell College students is typical, this is a lean year for college young people seeking summer jobs along the Eastern Seaboard.

According to Robert King, director of admissions, the extra-heavy attendance at the Campbell College summer session this year is partly explained in the fact that winter time undergraduates have failed to find work and have returned to the campus rather than to waste the summer.

In the first session ending this Friday, Campbell had a record registration of over 700; and a similar enrollment is expected for the second six-week registration Monday morning.

Traditionally Campbell has been a good barometer of the employment situation in Eastern North Carolina. "Our students always feel the pinch in poor crop years," Dean King said. The summer job shortage won't affect Campbell's attendance roster next year, since the dormitories are already substantially committed for the fall. But it will mean, Dean King thinks, that more students in the Southeast are going to need help if they aren't to be squeezed out of college by lack of cash.

He suggests that this is a good summer for individuals, churches, and civic groups to consider turning idle cash into scholarships for the bright youngsters of their neighborhoods who are good community investments and who need a financial lift.

Express columnist Robert Pittman said, "so-called liberal thinkers... call Goldwater an extremist. Yet even the London Times which is leading the present fashionable hysteria against him, admits that the ordinary voter may well elect him president."

"By this definition, the average man is the extremist and the man at the extreme is the moderate."

### Express Thinks Barry Can Win

LONDON (UPI) — The London Daily Express said today that Sen. Barry Goldwater may well be elected president.

Express columnist Robert Pittman said, "so-called liberal thinkers... call Goldwater an extremist. Yet even the London Times which is leading the present fashionable hysteria against him, admits that the ordinary voter may well elect him president."

"By this definition, the average man is the extremist and the man at the extreme is the moderate."

### Benson Town Clerk Resigns

Mrs. Loys Raynor, Benson's town clerk for the past 2 years, has resigned.

Mrs. Raynor told the board that she will soon be moving to Rocky Mount where her husband is employed as a license examiner with the State.

Mrs. Raynor has been employed at the town office since 1959 and was appointed town clerk in 1962, when Town Clerk Joe Norris resigned to accept the management of the local branch of Raleigh Savings and Loan Association.

Her husband who was formerly employed at Banner Motor Co. here, has been employed by the State as a license examiner since December of last year, with Rocky Mount as his permanent station.

The town board accepted Mrs. Raynor's resignation with expressions of regret and commended her for her efficient and faithful service since taking the office.

The board has made no announcement of plans to hire another town clerk to replace Mrs. Raynor after her resignation becomes effective on August 1.

The board voted to table action on the appointment of a town clerk to replace J. B. Phillips, who also is moving out of Benson. Mr. Phillips, who was employed at Overby Funeral Home here, has a position in Smithfield. This appointment is scheduled to come up at the next meeting.

mologist Norman Rasmussen said the quake was centered between Beaufort and the Chesapeake border.

He said it had a reading of 5.5 on the Richter scale.

CO-STARS Hayley Mills and Peter McEnery add youth, looks and talent to Walt Disney's first suspense-mystery, "The Moon Spinners." Eli Wallach and Pola Negri also star in the Technicolor feature. Released by Buena Vista. Opens Wednesday at your Stewart Theatre.

### QUAKE RECORDED

SEATTLE, Wash. (UPI) — An earthquake was recorded in northwestern Washington Tuesday. However, no damage was reported. University of Washington seismologist Norman Rasmussen said the quake was centered between Beaufort and the Chesapeake border.

## ATTENTION..... FOR A MONEY MAKING MANEUVER ----

March your cash into a savings account at Home Savings & it will earn from the first.

Loan by the tenth of each month and it's a sure fire solution to better your savings aim; earnings are computed from the first of any month when savings are added by the 10th. At our high rate of return --- the difference is in your favor.

JAPAN'S BEAUTY — When Naoko Matsui, 19, an office worker from Kyushu, was crowned Miss Japan of 1964, she just smiled demurely. With the crown, Naoko earned the right to represent her country at an international beauty contest in Long Beach, Calif.

### Benson Water Is Improved

Water that is milky in appearance and a little off in taste has troubled Benson residents in the past few weeks, but it looks as if the problem may be licked, Town Manager William Pierce told the town board at its meeting Monday night.

With the help of experts from the State Board of Health, the town has traced the trouble to iron deposits in the water system.

The cure is to feed very small amounts of chlorine into the water system, Pierce said. The chlorine "eats up" the iron by combining with it chemically.

The situation seems to be under control now, Pierce reported. The chlorine treatment will be continued until all of the iron is out of the pipes.

### TO SUMMER QUARTERS

VATICAN CITY (UPI) — Pope Paul VI left for the summer papal residence at Castel Gandolfo Wednesday, the Vatican said.

The Pontiff left the Vatican City late in the afternoon, first stopping at the Church of St. Mary in Trastevere before driving the 18 miles to Sastel Gandolfo. He was expected to remain there until early September.

### Head Librarian, Reference Librarian

## Husband And Wife Team At College

A husband-wife team has joined the staff as the library of Campbell College continues expansion in support of the school's recent change to senior-college status.

Serving as head librarian is James D. Sistrunk of Monticello, Mississippi, who assumed the post June 1. Newly appointed as reference librarian is his wife, Helen Anna Sistrunk, native of El Paso, Texas.

To accept the headship at Campbell, Sistrunk left a library position at Southeastern Seminary in Wake Forest. He is a graduate of Baylor University and of Southwestern Baptist Theological Seminary, where he received the B. D. degree in 1957. He qualified for the B. S. degree in 1957. He qualified for the B. S. degree in library science at North Texas State University in 1959; and he has since done further professional study at the University of North Carolina.

Mrs. Sistrunk, also a graduate of Baylor, has worked in progress at the University of North Carolina toward the degree in library science. In Wake Forest she served for one year as librarian of the public library.

The Sistrunks have two sons — Richard, 14, and James, 20.

### Dunn Boy Hurt, Faces Charges

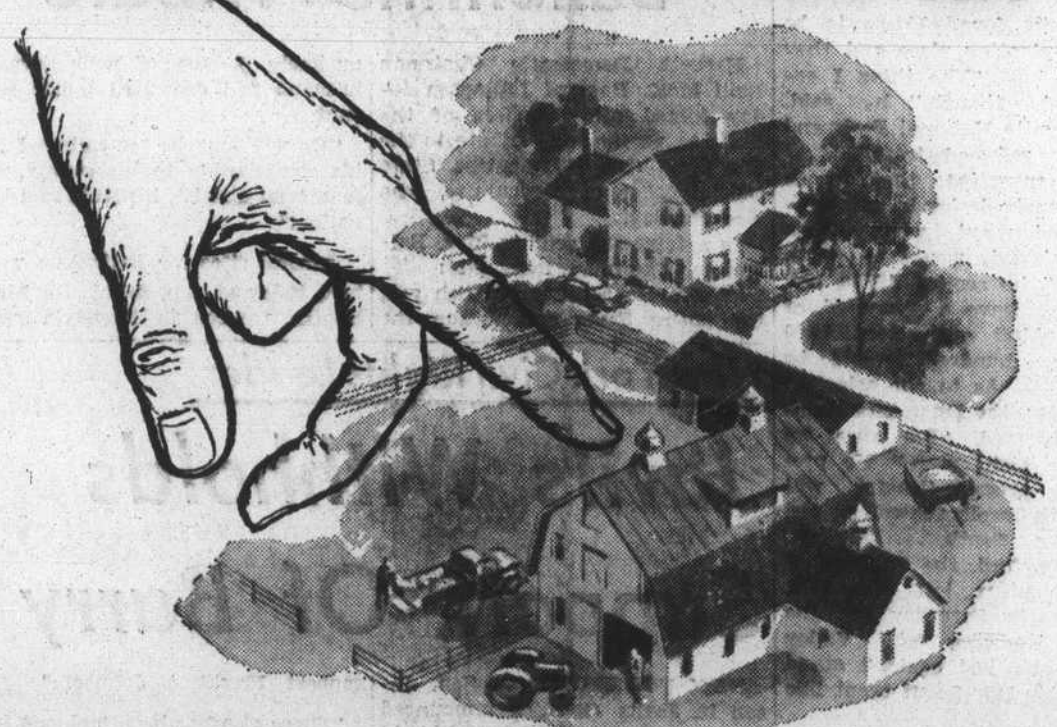

A Dunn youth, John William Gore, 16, was charged by policeman John R. Crissman for following too closely in a Friday accident which occurred in Sanford.

Crissman reported that Gore's automobile struck the rear of another driven by Myette Bule Lucas, 48, of Rt. 1, Broadway, which had stopped in a lane of traffic to make a turn. Both vehicles had been heading north on Lee Ave. when the Gore car failed to stop in time to avoid the collision.

Damage amounting to \$125 was reported for the Lucas auto, with another \$200 estimated for the Gore car.

Gore was reportedly slightly injured, but was not admitted to Lee County Hospital.

## KEEP IT SAFE

## NATIONAL FARM SAFETY WEEK - JULY 19-24

MR. FARMER: DON'T DEPEND ON LUCK

Make sure your equipment is in safe operating condition. Make certain all guards and safety devices are in place. Always stop the machine before unclogging, oiling or adjusting. Equipment should be well marked with flags and properly lighted.

Take Safety Seriously - Everywhere - All The Time
