Goldwater Says Peace Will Be A Major Issue

WASHINGTON (UPI) — Republican presidential nominee Barry Goldwater singled out "peace through preparedness" as a major campaign issue today and charged the Johnson administration with an "utter disregard for new weapons" that he said could cut American's "deliverable nuclear capacity" by 90 per cent in the next decade.

In his first major speech since the GOP national convention, the Arizona senator charged the administration and its defense officials with an attitude toward new weapons that "will not serve the cause of peace" but will "merely tempt the forces of aggression."

"We Americans have gone to war only when our enemy has judged us too weak to fight," Goldwater, a major general in the Air Force Reserve, said.

He said World War II might not have been necessary if the United States had been prepared and the Korean war need not have been fought if the United States had not "blithely announced" that Korea was "outside the U. S. perimeter of interest."

Of the present fighting in Viet Nam, Goldwater said that, too, "would not have occurred" if our enemy had really believed that we would move in.

Goldwater repeated his support of President Johnson's action in ordering retaliation against PT bases in North Viet Nam which mounted raids against U.S. destroyers.

"But I must point out that it was just that, a response — an incident, not a program or a new policy; a tactical reaction, not a new winning strategy," he said.

He said World War II might not have been necessary if the United States had been prepared and the Korean war need not have been fought if the United States had not "blithely announced" that Korea was "outside the U. S. perimeter of interest."

BOYS EXHIBIT ANIMALS — Chuck Thomas, left, and Mark Johnson are shown displaying an array of animals at Dunn High School Saturday. Chuck is the son of Mr. and Mrs. J. I. Thomas and Mark's parents are Mr. and Mrs. A. B. Johnson (Record photo by Russell Bassford)

Prowl In High School Auditorium

Wild Animals Shown Here

By Jennie Lee S. Marks
Too young to invade the jungles, capturing Boa Constrictors, Wild Oats and other animals, Mark Johnson and Chuck Thomas did the next best thing. They collected specimens of wild life from Earl Baker, Route 1, Dunn, and put them on exhibit in the Dunn high school auditorium.

Interested visitors on Saturday viewed a collection of wild life valued at some \$2,000.00. There was a North American Bob Cat, a Wild Cat from Germany, a 12 foot Boa Constrictor and a 20 pound Jungle Rat who measures two feet in length. All of these animals were owned by Mr. Baker.

Boys Display Own Collection
Chuck and Mark gave a running account of their own animals. "Chiquita is a two year old cinnamon ringtail monkey." "Wart is a big yellow dog. Moon Doggie is an oversized beagle hound who weighs in at 50 pounds." Five rabbits, four turtles, a hamster named Butch II, guinea pigs and cats completed the collection.

Second James McDougald Murdered

Another Slaying

Ulysses Stewart, 24, of Lillington, is being held in the Harnett County jail without privilege of bond in the slaying of James Robert McDougald, 25, also of Lillington. McDougald was shot to death about 5 o'clock Saturday morning at a night spot operated by Garfield Smith, just north of the county seat.

By coincidence, McDougald is the second resident of Harnett with the same name to be slain during the past eight days. James McDougald of Dunn was one of two elderly Dunn Negroes slain on July 31.

For Violating Sentences

Defendants Must Serve Road Terms

Charles Naron Wilder of Lillington, Route 1, fined \$500 and put under suspended sentence at an earlier court term for driving drunk, has been ordered to serve the 18 months for violating terms of the suspended sentence. Judge Robert Morgan ruled in Harnett Recorder's Court that Wilder had violated terms of his probation by excessive drinking. He will begin serving the term Aug. 17.

Toby Dewar, Angier, who had been given 12 months suspended and placed on probation at March 26 term of court for receiving stolen goods (meat from Nordan Estate) for 3 years on regular condition and special condition he pay into court \$10 for Nordan Estate, and pay a fine of \$25 and cost, was ordered committed to roads when he pleaded guilty to having whiskey in his possession in violation of (Continued on Page Six)

Woman's Death Held Accidental

A Harnett coroner's jury has exonerated Robert Bryant of Erwin in the death of Miss Lucille Bell, 49, in an automobile accident on Friday night.

Miss Bell, member of a well-known Dunn Indian family, was struck on the Dunn-Erwin highway near the James Chiropractic Clinic Friday night about 8 o'clock.

Mr. Bryant testified at the inquest that he was meeting an approaching car, whose lights almost blinded him, and he did not see Miss Bell until it was too late to stop.

It was not known whether the woman, who had been crippled for years, was crossing the highway or walking along it. She died almost instantly with a broken neck.

State trooper W. T. Harris, the investigating officer, was the only other witness who testified at the inquest conducted by Coroner Bill Warren and Assistant Coroner Danny Watkins.

Members of the jury were D. E. Brewer, John J. Tew, Jr., Edward Boyette, Billy Barfield, James E. (Continued on Page Six)

Don't Like His Foreign Policy or Civil Rights

Charlotte Barbers Trim LBJ

CHARLOTTE — President Johnson is in trouble in Charlotte's barber shops.

The man with the clippers is a captive audience for his customers, some of whom reveal things they wouldn't tell their wives.

And downtown barbers say their customers don't want Mr. Johnson.

"My customers like (Arizona Sen. Barry) Goldwater," said D. W. Freeman, 60, who clips at the Victory Barber Shop, 408 W. Trade. "Many of them have made up their minds."

"They say that Mr. Johnson has pushed for civil rights too fast," said Mr. Freeman of 2140 Shenandoah Ave. "And they think that the President is just trying to carry out President Kennedy's program, instead of trying something new of his own."

Ned Harkey, 61, said his customers at the Barringer Hotel Barber Shop, 426 N. Tryon, are "talking about Goldwater a lot. They don't like Mr. Johnson's foreign policy. They think he's moving too fast on civil rights and spending too much money."

Mr. Harkey, of 122½ W. Fifth St. said his customers think "It's time to get rid of the Democratic administration and try something new."

The customers who sit for B. E. Smith in the Smith and Cranford Barber Shop, 212 S. Tryon St., say they are against the civil rights law. They also think the economy is strong and will get better.

"We hear support for both candidates," said Mr. Smith, 77, of 2108 Belvedere Ave. "But there is more support for Goldwater. Many of our customers blame the administration for the trouble in Viet Nam," he said. "They think (Continued on Page Six)

Report Troops Landing On North Coast

NICOSIA, Cyprus (UPI) — A reported raid by Turkish planes and charge that Turkish troops were landing on the north coast threatened today to upset a shaky Cyprus truce.

Cyprus accepted a United Nations plea for a cease-fire, and Turkey said it would too, if Greek Cypriots withdrew from certain areas of the embattled island.

Despite these concessions the outlook remained grim.

Turkish planes were reported to have raided the Greek Cypriot village of Polis this morning. Cyprus was said to have told the United Nations Security Council president that Turkey was landing men and supplies on the island's north coast. Cyprus demanded another meeting of the council to hear the charges.

Although denying an attack on Polis, Turkey admitted its planes flew over the area before they could be advised of the cease-fire.

BOTH SITES OK

Mayor George Franklin Blalock said today that William Henderson of the State Medical Care Commission has informed him that either of the two new sites inspected last week would be satisfactory for location of the town's new \$2,070,000 hospital. No restrictions were placed on the site owned by Miss Flora McKay but Henderson specified that a paved road would have to be provided for the site owned by Alsey Johnson and Mrs. Susan Tart.

Seeking Jobs To Pay Debts

Family Needs Work

Claude Dunn, well-known resident of 103 W. Divine St., said today that his family is badly in need and made an appeal for employment for himself, his son, Glenn, 23, and two daughters, Mary Elizabeth, 20, and Patricia Ann, 19.

Mr. Dunn said the family has accumulated numerous debts since he has been out of work since last September.

He said his son is also overdrawn at the bank and has a 1955 Dodge he is willing to sell for \$125 in order to get funds to pay off the debts.

"Nobody wants to pay his debts worse than I do," said Mr. Dunn. (Continued on Page Six)

Nine Left Homeless, Bloodhounds Catch Suspect

Man Jailed For Burning House

David Jones Haire, 38, Broadway, Rt. 1, has been charged with arson and is lodged in the Harnett county jail, it was reported today by

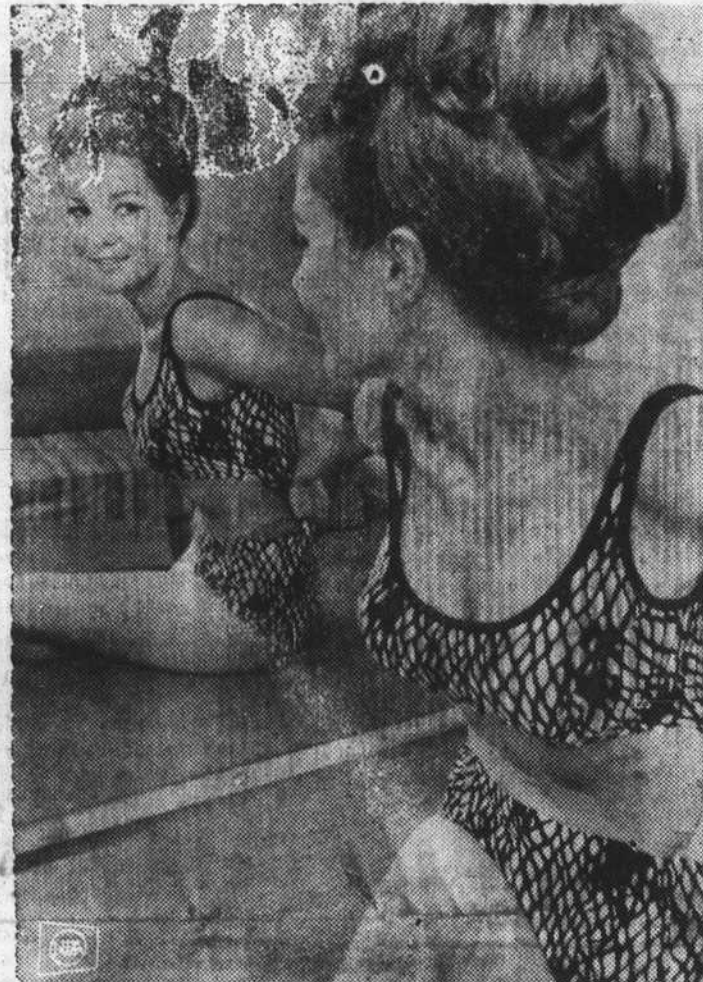

Chief Harnett Deputy B. E. Sturgill. Haire is charged with burning the house in which his brother,

Clifton Haire, Mrs. Haire, and seven children ranging in ages from 3 to 14 were living.

The frame house burned to the ground late Thursday, Deputy Sturgill said witnesses said David Haire stuck a piece of lighted paper in a closet and set the house afire.

David Haire was captured by sheriff's officers after a chase with bloodhounds in the woods between Swann Station and Broadway Thursday shortly after the fire was reported.

Meantime, donations of clothing or furniture for the Clifton Haire family were being taken by Mrs. W. F. Cooper at Broadway.

PARTIAL ECLIPSE — As more than 80 contestants gathered in Long Beach, Calif., for the Fifth International Beauty Pageant, Miss Austria (Erika Augustin) managed to get her name in the papers by complaining she was not allowed to wear the revealing swimsuit she had been planning to use. His Public Service Spans Decades

Herbert Hoover 90 Years Old Today

NEW YORK (UPI) — Herbert Hoover, the 31st president of the United States, enters the 10th decade of his life today, frail and ailing, but old enough to see himself in history and to see his place in the hearts of his countrymen.

He will be known as an orphan who befriended orphans, a President and a servant of presidents, a humanitarian and a historian and an historic scapegoat.

Herbert Hoover was once scorned as "an American President since Abraham Lincoln had been scorned."

But, born four months earlier than Winston Churchill, Hoover

today, if he chose, could paraphrase Churchill and say: "I did not become President to preside over the dissolution of those American ideals for which I have always stood."

History now takes a more generous view of Hoover than his contemporaries of 1933, a bitter year, were able to take.

It will be one of history's enduring ironies that Hoover won the presidency on the strength of his reputation as a humanitarian who had fed a starving Europe and left the presidency denounced and dishonored on the charge of having failed a starving American.

Thomas Hyson Member of Dunn Rescue Squad

Dunn Soldier Acclaimed Hero

"I was just in the right place at the right time," were the words of SP5 Thomas J. Hyson, a Technician at the Dependent Dental Clinic, Dental Detachment U.S.A.G. when he was asked to explain how he helped in saving the life of a fellow soldier the evening of July 22.

The young hero is a member of the Dunn Rescue Squad and is also a member of the Harnett Skin Divers Club.

He married the former Miss Mildred Raynor, daughter of Mr. and Mrs. Albert Raynor of 602 E. Broad St., Dunn. SP5 Hyson and Mrs. Hyson reside at 607 E. Broad St. He is the son of Mr. and Mrs. Erwin Hyson of Manchester, Conn.

"We're sure proud to have him as a member of our Rescue Squad," declared F. Wesley Coates, one of the soldier's good friends here. Two Ft. Bragg soldiers, driving a sports car on Knox Street, about a half mile from the south gate of the installation, were injured when their car ran out of control, swerved off the road and overturned.

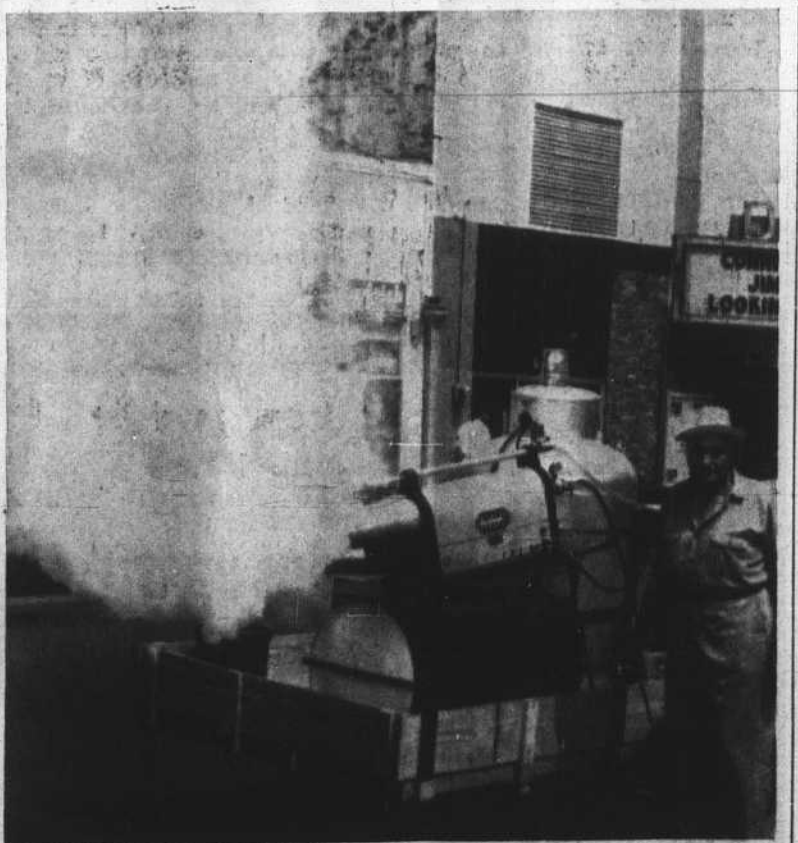

Both men were thrown clear of the wreckage. PFC Robert J. McFeeley, of Headquarters Company

of the car received multiple cuts, brain concussion and was in a state of shock.

Arriving at the scene of the accident only minutes after it occurred, SP5 Hyson, sensing an emergency, drove around the backed up traffic to get to the injured victims and went into action.

His first attention was given to PFC McFeeley, who was just beginning to stir following the mishap. A bystander said "the other one is in serious condition." The corpsman noted the eyes of Crouse as they were dilated, a difficulty in breathing had developed, and a definite state of shock and overcome him.

After a brief examination, Hyson realized mouth to mouth resuscitation must be given at once. Louise Webb, a private nurse, arrived at the scene of the accident about (Continued on Page Six)

NEW MACHINE GOES INTO OPERATION — Town employee Joe Turner Jackson is shown with Dunn's new fogging machine now in operation in the fight against mosquitoes. Bought from the new budget just adopted, City Manager A. B. Uzzle said the machine should control mosquitoes and their breeding places here. Mr. Turner covered the town early this morning with the machine, Uzzle said, and most residents should be able to tell a difference tonight. (Record Photo by Russell Bassford)
