## REDS MOVE JETS INTO VIET NAM

**KHRUSHCHEV INSPECTS FARMS** — As the international turmoil went on, Russian sources reported Soviet Premier Khrushchev continuing his tour of collective farms. This Tass picture showed him in discussion with N. E. Nosov, chairman of the Rossiya collective farm. (NEA Radio-Telephoto)

### Turkey Sends Recon Planes Over Cyprus

WASHINGTON (UPI) — Red China has moved "a number" of old-type Mig jet fighters into North Viet Nam since last Thursday, the Defense Department announced today.

Assistant Defense Secretary Arthur Sylvester told newsmen the planes were MIG 15's and MIG 17's, both subsonic fighters of Russian manufacture. They are not considered a match for the types of fighters the United States has deployed aboard carriers in the South China Sea and at bases in South Viet Nam.

Sylvester also said that "to the best of my knowledge" there had been nothing like a "confrontation" between American and Red Chinese planes over the Gulf of Tonkin.

This was an official denial of a published report from Saigon Monday which said American planes have "scrambled" to intercept Red Chinese planes operating out of the island of Hainan.

ANKARA, Turkey (UPI) — Turkey sent more jet fighters on reconnaissance flights over Cyprus today and warned of danger if current "grave conditions" there continue.

#### VOLUNTEER FOR LBJ

Miss Dolly Peay, 15-year-old daughter of Mr. and Mrs. Hubert Peay of Dunn, is one of eight N. C. girls appointed to serve as volunteers for Johnson at the Democratic National Convention in Atlantic City. Her selection was announced today by Bert Bennett, former State party chairman. Bessie Sanford, daughter of Gov. and Mrs. Sanford, is one of the seven other Tar Heel volunteers for Johnson.

#### Dunn Cover Girl

A former Dunn woman, Mrs. Jimmy (Rosemary) Peay and her two-year-old daughter, Sissy, are on the cover of the August issue of Redbook magazine, now on local newsstands. Mrs. Peay and her daughter lived in Dunn until last November, and is well known here. Just recently Glamour magazine had two pages of pictures of Mrs. Peay, modeling high-fashion clothes.

### Two Injured In Accident

Two Coa's residents, Mrs. Frank Howard and Ray Wood, were hospitalized Sunday night as the result of an auto accident three miles east of Coats on N. C. 27.

According to State trooper John Dunkley of Lillington, Mrs. Howard's husband, driving a 1960 Ford truck, was attempting to make a left turn into a driveway when a 1960 Ford, driven by Phil Wood, approached from behind and rammed the Howard vehicle.

Mrs. Howard was riding with her husband and Wood was riding with his brother. Investigation has not been completed.

Says He'll Block Project Before Approving "Least-Favored" Site

## Mayor: It's Westside Or No Place Soon For New Hospital

### Blalock Says Threats Made Against Him

Mayor George Franklin Blalock said today in no uncertain tones that Dunn's new \$2,070,000 hospital is "definitely going on the west side of town or it may be a long time before it goes anywhere."

"That's where at least 80 or 90 per cent of the people want it located and I intend to do everything in my power to see that the will of the people is carried out," said Blalock.

"I don't intend to let a few people ram down the throats of the people a location which not only is undesirable, but inaccessible and the one least favored of all."

He also lashed out at members of the Dunn hospital board who, he charged, "have attempted to make me a public whipping boy," and said he's ready to take them on, "in public debate, individually or collectively to let the people of Dunn know just what's been going on."

The mayor charged a conspiracy had been attempted "at secret meetings between certain members of the hospital board and three members of the city council right after the bond election in an attempt to defeat me and prevent the hospital from being operated like a public hospital, but it didn't work."

#### Can Block Project

As mayor, he pointed out, he has the power to block the whole project simply by refusing to sign necessary papers in connection with the issuance of bonds, and made it clear he intends to do exactly that.

"But nobody can point a finger at George Blalock and say the mayor is holding up this project," he continued. "The blame will go to those few people who think it can be erected on just one piece of

**NOT KIDDING** — Toni Lee Shelley found out that topless bathing suits aren't all for laughs. She got a lot of publicity when she was arrested wearing one on a Chicago beach. Toni asked for a jury trial on the indecent exposure charge and said she hoped for an all-male jury. The actual jury—including six women—found her guilty. Toni's appealing.

### Agri-Business Group Named

Those named to the Agri-Business Development Commission Friday night at a special meeting of the Harnett County Board of Commissioners were:

District 1, George F. Blalock, Mayor of Dunn; Paul Perry, president of Dunn Chamber of Commerce and Guyton Smith of Dunn; District 2, H. Douglas Moore, Rt. 1, Erwin, Carson Gregory, Rt. 2, Angler; Thomas Godfrey Beasley of Coats; District 3, D. W. Denning, Jr., member of the Angler Chamber of Commerce, Jack Marley, Mayor of Angler, Larry Barnes, President of the Angler Chamber of Commerce, Melvin Thurlington, Lillington; District 5, Thurman F. Nace, Rt. 6, Sanford, Lloyd Stewart, Rt. 3, Lillington.

Official Report Is Received

## McKay Site Termed As Satisfactory; Other Is Rejected

Chairman Myres Tighman of the board of trustees of Betsy Johnson Memorial Hospital today received from the State Medical Care Commission its appraisal of two sites on the west side of town inspected here last week by two of its representatives.

The letter was from Bruce K. Jones, architect, who was here with William F. Henderson, executive secretary of the commission.

This report expressed opinion the Flora McKay property "appears to be a most satisfactory site assuming subsoil conditions are adequate."

It said it would approve the site "on the condition that the strip of land between the property and the highway is made a part of the site."

Mrs. Henry Shell, owner of the strip mentioned, reportedly has offered to donate it for that purpose.

#### REASONS GIVEN

The Medical Care report advised against the site owned by Alsey Johnson and Mrs. Susan Tart because of the close proximity of an abattoir and a cemetery.

"Because of these conditions of environment, it is believed the local authorities might wish to consider other sites that have been offered," recommended Medical Care.

Mayor Blalock announced yesterday that both sites had been approved by Medical Care. This was before receipt of the written findings and the mayor said today he apparently misunderstood the officials in his conversation with them.

#### COST IS CITED

A member of the hospital board

pointed out today that the McKay site would cost \$10,000 while the Lakeside location would be donated absolutely free.

He also pointed out that the Lakeside site already has adequate water and sewerage facilities without any cost.

On the other hand, he said, the lines would have to be run for a distance of about 2,500 feet from the McKay property to connect on the old Dunn-Erwin highway at an estimated cost of \$14,000.

The McKay site would also necessitate the installation of a lift station, estimated to cost from \$10,000 to \$12,000 plus maintenance.

Following is the complete text of the report received by Chairman Tighman from Medical Care:

William F. Henderson and Bruce K. Jones conferred at Dunn on August 6, 1964 with representatives of the Town Board and Betsy Johnson Memorial Hospital Board of Trustees to discuss possible participation by the Commission in a proposed hospital to be sponsored by the city and to inspect additional sites proposed for location of the project. The following sites were viewed:

1. MCKAY PROPERTY — This is a cultivated tract of land on Highway 421 west of Dunn. The property is rolling and well-drained. It was reported acceptable municipal water and sewer facilities could be extended to the site. Any 20 acres of the tract could be made available for the hospital site including a separate tract comprising a narrow triangular strip of land between the site and

For President Prote of Senate

## Sen. Morgan Picks Up More Support

State Sen. Robert B. Morgan of Lillington has gained the support of influential Senate veterans in his race for president pro tempore of that body in its 1965 session.

State Sen. Thomas J. White of Kinston last week abandoned any ambitions he may have had for the position and said he will support Morgan — one of the top strategists in the conservative Democratic faction headed by Dr. I. Beverly Lake.

Today State Sen. Ralph Scott of Hawfields said if he is re-elected to the Senate in November he intends to support Morgan, a personal friend.

Morgan, the 1960 campaign manager of Dr. I. Beverly Lake in the latter's first race for governor and a top Lake strategist in Lake's second losing attempt, was getting support from outside his own political faction. Sen. Morgan was one of the Lake supporters who came into the camp of the Democratic gubernatorial nominee Dan K. Moore in the second primary battle.

His two remaining opponents for president pro tem of the Sen-

ate are Dallas Alford of Rocky Mount and State Sen. Hector McLean of Lumberton.

Scott said that he and Morgan "always have worked well together" in the Senate while they have differed on some issues.

The fact that they had been on opposite sides in the Governor's race wouldn't prevent his supporting Morgan, he said.

Actually both Alford and McLean more nearly fit into the statewide political forces with whom Scott has been aligned in the governor's race. Both have worked well with the Sanford administration.

But Scott said he doubted the contest for president pro tempore will revolve around any old alignments. So few of the senate's Democratic nominees are returning veterans that the president pro tem's race won't be determined by old friendships formed in the Senate itself. Observers expect the race may narrow to two candidates, instead of three, at least by the time the November election is finished.

Juicy Political Plum Goes To White House

## Anti-Poverty Bill Passes

WASHINGTON (UPI) — The Senate, handing President Johnson a juicy election year victory, today passed and sent to the White House his sweeping \$947.5 million "war on poverty" program.

The legislation, an essential element in the President's election plans, will embark the government on a broad program of financial assistance to areas

where pockets of poverty persist amidst general prosperity. A key provision will establish youth camps to train young men and women in new skills and give them outdoor conservation experience. The bill also will provide aid to small businessmen and farmers to underwrite local anti-poverty projects.

It is certain to be an issue in the presidential election campaign. Sen. Barry Goldwater, the Republican nominee for President, opposed the bill when it first

For Next President

## Sen. Jordan Heads Inaugural Committee

WASHINGTON (UPI) — Sen. B. Everett Jordan, D-NC, announced Monday he had been elected chairman of a joint committee which is already laying plans for the inauguration of the next president in January.

Jordan said William B. Whitley, a member of his staff, would act as executive assistant and "take over active management and coordination" of inaugural ceremonies at the Capitol.

"Even now, there is a lot of planning needed to avoid last-minute chaos," Whitley noted.

He said bids for construction of a contract awarded, invitations must be printed and ushers must be hired.

Whitley will be aided by a fellow North Carolina native — William S. Chatham — the administrative assistant to the Senate's ser-

geant at Arms. Chatham has helped plan every inauguration since Herbert Hoover became president.

Other members of the committee are Sen. John Sparkman D-Ala., Sen. Leverett Saltonstall, R-Mass., House Speaker John McCormack, D-Mass., Rep. Carl Albert, D-Okla., and Rep. Charles Halleck, R-Ind.

Jordan noted that it is traditional for rules committee chairmen to head the inaugural committee and said that under another tradition he would yield the chairmanship to Saltonstall if Sen. Barry Goldwater wins the presidency.

Jordan said the committee agreed at a recent organizational meeting to request a \$265,000 appropriation — \$10,000 above the 1960 figure because of increased costs of lumber and labor.

Named Asst. Supt. of Pentecostal Board

## Rev. J. Doner Lee Honored Returned To Dunn Church

Two pastoral changes were made in the Fayetteville District, North Carolina Conference, of the Pentecostal Holiness Church during the final conference session at Falcon Sunday night.

The Rev. H. E. Johnson was transferred from Mt. Carmel to Sanford. He was replaced at Mt. Carmel by the Rev. T. B. Henry.

A new pastorate was established at North Fayetteville with the Rev. Harry B. Correll of Washington, D. C. as executive pastor.

#### Dunn Pastor Named

On the state conference's official board the Rev. J. Doner Lee of Dunn was named assistant superintendent, succeeding the Rev. T. O. Todd of Goldsboro.

Conference officials returning for another year are Bishop J. A. Flannan, residing bishop; W. Eddie Morris, superintendent; O. T. Howard, secretary; Ralph R. Johnson, treasurer; and H. D. Marshburn, Clayton Guthrie and W. E. Thompson, board members. Pastors returning to the Fayetteville District are as follows: The Rev. Ralph W. Jernigan, Benson; the Rev. C. E. Hester, Camden Road; the Rev. David

Casey, Casey Chapel; the Rev. Marvin R. Whitfield, Clinton; the Rev. A. B. Howard, Culbreth Memorial; the Rev. Garland Murray, Garland; the Rev. Linwood F. Conner, Goshen; the Rev. J. Doner Lee, Gospel Tabernacle.

Also the Rev. Perry C. Autry, Holland's Chapel; the Rev. Mrs. C. R. McCartney, Johnson Memorial; the Rev. Robert E. Hawkins, Marners; the Rev. Tony Trogden Oak Ridge; the Rev. W. Harvey Morris, Person Street; the Rev. Ralph W. Lambert, St. Matthew; the Rev. J. H. Norton, Shiloh;

Also the Rev. Kenneth H. Tart, Stewman; the Rev. Forest L. Daniels, Sharon; the Rev. Paul Jackson, Tyndal Grove; the Rev. Mrs. I. M. Huggins Westarea; and the Rev. Evander Parnell Woodland Avenue.

Whiteville District — The Rev. Eric D. Vernelson, Elizabethtown; the Rev. B. C. Lewis; the Rev. H. Willard Watson, Oliver (Penn.) (Continued on Page Six)

REV. J. DONER LEE

Mrs. Rosa Wells of Dunn Is First

## Farmers Receiving ASC Grain Checks

Mrs. Rosa Wells of Rt. 3, Dunn was the first feed grain grower in Harnett County to receive her final 1964 feed grain payment.

Mrs. Wells was at the head of the line when the local ASCS office opened Monday morning. Her check was for \$93.93. It was for diversion of three acres of corn. At the time she signed up, she received an advance payment of \$53.92.

A. F. Jones of Rt. 1, Bunnlevel was second in line. He left with a check for \$348.93.

Harnett farmers will receive final payments amounting to some \$180,000. Advance payments in the amount of \$165431 were made at

the time farmers signed up in early spring.

A total of 984 Harnett farmers signed up to divert 10,712 acres of feed grains. In North Carolina, more than 59,000 farmers signed to divert more than 645,000 acres of feed grains. Total payments in North Carolina will be some \$20 million.

In addition to the diversion payments, each farmer participating in the 1964 feed grain program will be eligible for price support on his feed grains. The price support rate for North Carolina is 94 cents for barley, \$1.89 for grain sorghum and \$1.26 for corn.

## News Roundup

WASHINGTON — A Special House committee set up last August to see where all the research money was going said nobody keeps a handy list of all the hundreds of thousands of current study projects. It recommended that Congress start keeping such a file on its own.

WASHINGTON — Senate Democratic leaders hoped today to overcome a final loyalty oath roadblock and complete congressional action on President's sweeping "war on Poverty".

WASHINGTON — Senate leaders were reported near agreement today on a compromise amendment — on state legislative reapportionment — designed to remove a major threat to the administration's foreign aid bill. (Continued on Page Six)
