Sales Average \$60.14 Last Week

Dunn Market Near \$3 Million

With a naverage of \$60.14 for last week's sales Dunn's tobacco market neared the three million pound mark in season's sales today after only nine sale days.

The market had a big break of good quality tobacco this morning.

First sale Tuesday will be at the Planter's Warehouse, second at the Big Four.

Last week, though there were only two sales days because of the sales holiday Dunn's market sold 789,512 pounds for \$474,803.37, a \$60.14 average.

The week's average boosted the season's average, kept down the first seven sales days because of sale of untied tobacco, to \$53.23 a rise of some \$8.00 a hundred above the first week.

Thru Friday total season's sales were 2,625,343 pounds for \$1,397,463.82.

There was a good chance sales would go over the 3,000,000 pound mark today.

Sales thru last Friday were over a half million pounds ahead of the same period of sales in 1963 and over a quarter million dollars.

Friday's sales average \$58.81 for 362,592 pounds for a total of \$213,231.98.

Won't Testify, Goes To Jail

Mrs. Hubert W. Bass of 703 E. Pope St., who indicted her husband for assault and then refused to testify against him, was given ten days in jail today by Judge Woodrow Hill in the Dunn court.

Evidence disclosed that when Policeman Bruce Massengill went to arrest Bass on the warrant sworn out by his wife, she told him he wasn't home. It turned out he was home.

Judge Hill ordered her to pay the court costs. She didn't have the money so he gave her ten days in jail. Later, however, the judge agreed to release her so she could raise the money.

Bass was convicted in another case of disposing of mortgaged property, a television set he bought from G. S. Tucker Furniture Co. He was given 90 days on the roads, suspended on payment of court costs and \$80 to the Tucker firm. He was also put on probation for two years.

J. T. Kane, 23, was convicted of driving drunk and another traffic violation and on a third charge of driving after license had been revoked. He was given six months for driving after revocation, fined \$100 and costs and put on probation. He was also given eight months in each of the other two cases, fined \$100 in each, court costs and put on probation for a total of 22 months and \$300 fine.

Howard Thompson, 22, charged with assaulting Bobby Parker, was given 30 days suspended on payment of court costs and the conditions that he stay away from Parker's service station and violate no laws for 12 months.

LBJ Called Turncoat

The remark most often heard among the Democrats who made no bones about the fact they're supporting Goldwater for President, was:

"I didn't leave the Democratic Party. The party left me and other Democrats are believe in the basic principles of the Democratic Party"

They branded President Johnson as "a turncoat who fought the Civil Rights bill as hard as anybody else until he became President and is now its chief advocate."

Gubernatorial candidate Bob Gavin, who toured the county with Gardner and other GOP candidates earlier in the day, addressed the crowd briefly and then left for another rally at Goldston.

Parents Picket Integration Plan In N. Y.

NEW YORK (UPI) - White parents opened a two-day boycott of the nation's largest school system today in protest against an integration plan that forced some students to transfer to schools outside their neighborhoods.

Protesting parents threw up picket lines at a number of schools, but an attempt to enroll a token group of 14 students at a Queens Junior High School in defiance of the school board transfer orders failed.

The principal said he could not accept the students who were assigned to a predominantly Negro school a mile and a half away.

More than one million students were expected to enroll when the schools opened on a rainy, emotion - fraught first day of the fall semester. But the number was reduced substantially by the boycott. It was invoked by the irate white parents in a determined fight against the integration plan, which brought about the city's first involuntary transfers in history to help faculty integration.

Leaders of the boycott predicted in advance as many as 300,000 might stay away.

Preliminary reports from school officials said 87 per cent of the students were absent at one Queens school and 42 per cent at another.

Gates To Open Tonite At 6; Gala Events

The grand opening of Dunn's Four-County American Legion Fair, rained out Saturday night by Hurricane Dora, will be held tonight at 6 p. m. at the fairgrounds on Jonesboro Road.

Fair managers Alvis Carver and Lewis Whittenton said this afternoon that everything is in readiness for the gala opening of the gala exposition and a large throng is expected tonight and every day and night throughout the week.

Thousands of people were disappointed over the fact that rains prevented opening of the fair Saturday night. There was a steady stream of traffic along Jonesboro road.

But the weather was clear today and the big fairgrounds took on a festive air as exhibits were completed in the arena and as workmen finished erecting the big David B. Endy Attractions on the midway.

It is the largest carnival company ever to play in Dunn and has so many rides, shows and other attractions that it had to be crowded to get on the midway. There are a total of 25 rides and shows.

Both fair managers Whittenton and Carver expressed delight with the Endy carnival company. There will be no ceremonies at the opening.

"We just want people to come on in and enjoy themselves seeing the exhibits and the other great attractions," said the fair managers.

GOP gubernatorial candidate Bob Gavin will visit the fair on Tuesday and will speak briefly. Harnett GOP Chairman Bill Godwin announced today.

History Would Never Forgive

Voting For Barry Unpardonable "Sin"

SPRINGFIELD, Mo. (UPI) - Democratic vice presidential nominee Hubert H. Humphrey said today that history would never forgive the American people if they elect Sen. Barry M. Goldwater president.

"Federal assistance in urban redevelopment and housing programs could be ended," and "the social and economic achievements of the past three decades could be in grave jeopardy," Humphrey said.

"All this could happen if we let it," he said. "If we do, history will not forgive us - if, indeed, there are people left with the ability and the heart to avenge it."

In remarks prepared for delivery here after a flight from Santa Fe, N. M., the Minnesota senator urged party members to recall former President Harry S. Truman's surprise victory in 1948.

"It should be a solemn warning never to let ourselves fall victim to complacency - or to be so confident of victory that we do not . . . do our damndest to win," he said.

Humphrey launched a five point attack on Goldwater charging that a victory by the Republican presidential nominee would mean a voluntary Social Security system and a regressive income tax.

"His finger - or the finger of some field commander, as he has advocated - could be on the nuclear trigger," Humphrey said.

The Tennessee Valley Authority could be sold and farm supports abolished if Goldwater won in November, he said.

Moore, Gavin Due This Week

Democratic gubernatorial nominee and his opponent, Republican Bob Gavin, will both visit Harnett County this week for political appearances.

Gavin, who was here just a few weeks ago, will spend Tuesday afternoon and night in Dunn.

Moore will visit Lillington Saturday afternoon as part of an eastern bus tour. Complete details of Moore's visit to Harnett have not yet been announced.

Harnett County Democrats gave the "Mountain Man" one of the biggest majorities of any county in the State in the runoff. He carried all but one of Harnett's 21 precincts and lost that one by only a slight margin.

Harnett GOP Chairman Bill Godwin said today that Mr. Gavin will leave Senator Barry Goldwater in Winston-Salem tomorrow morning after his appearance there and come directly to Dunn. He is expected to visit H. P. Cannon, Bien Jolie, Wellons Can-

dy Co. and various other industrial plants here and also various stores, offices and business firms.
