### 4-H'ers Observes National Week

About 200 4-H Club members in Harnett will observe National 4-H Club Week, September 26 to October 3. The head-heart-hands-health youth are among 2 1/2 million members of 94,700 clubs in urban, suburban, and rural areas throughout the 50 States and Puerto Rico. With the goal of "4-H for more in '64," current emphasis is on the program's flexibility -- club projects and activities adaptable to fit needs of youth from any background or circumstance.

A major local and national aim of this year's 4-H Week observance will be to recognize the 50th anniversary of the Cooperative Extension Service, of which the 4-H youth program is a significant part. In 1914, when the Smith-Lever Act authorized the Extension Service, the same federal legislation provided funds for 4-H Club work. For this reason, 4-H also celebrates a Golden Anniversary.

Other local and national aims of this year's 4-H Week observance are to: Stress career exploration and the importance of wise vocational choice; encourage capable youth-minded men and women to become volunteer 4-H leaders; and provide opportunity for clubs to honor their local 4-H friends and express appreciation for their valued assistance.
