L. B. Johnson

in advance by Johnson for broadcast Wednesday night.

Goldwater said that Johnson "ran through a virtual shopping list of disproved charges, fear images, and fantastic interpretations of history."

"He took credit for all that is good in the world. Then, by innuendo and without any honest regard for the facts of the world as they are today, he blamed all who oppose him for everything that possibly could be bad."

"He pointed to the past 30 years as the only ones in our history that have produced worthy results, ignoring the principles that have supported all of our history."

"He did not seek to enlighten, but only to frighten."

Town To
rate drops to 17.6 per thousand for the biggest users. "We have always enjoyed the very finest relationship," said the mayor, "and we dislike the idea of having to increase the water rates. But since Dunn citizens are having to pay for the plant, we feel it only fair and equitable that they help us with it."

City Manager Archie Uzzle was instructed to arrange a meeting with Manager C. W. Howell and other company officials to work out an equitable and agreeable increase in rates.

Sam Miriello, representing the Dunn Sertoma Club, appeared and asked that the town assume responsibility for the new Rescue Squad truck. City Attorney Max McLeod advised against the town assuming such responsibility and suggested that the Sertoma club incorporate and then purchase insurance.

The board granted beer licenses to the Toot & Take Store on East Broad, Lee's Grill and the Town Grill.

A number of other routine matters were disposed of.
