These Little Things

The most popular campaign ditty when Jackson ran was:

"Ma, Ma, There's My Pa,
"Going to the White House,"
"Ha, Ha, Ha!"

It was said of another President, John Adams, we believe it was, that he married a woman who had not been legally divorced and that he was "living in sin and adultery." The talk was so vicious his wife died before he could be sworn into office. He always blamed the campaign tirades for her death.

DON'T LIE FOR GROVER

When the Maine statesman, James G. Blaine, ran against Grover Cleveland for the White House, the slogan of the opposition was, "James G. Blaine, the fool from Maine."

At the peak of that campaign, Grover Cleveland, the winner, was the object of the most vicious sort of scandalous attacks.

His opponent seif - righteously proclaimed that Cleveland had engaged in wicked, adulterous affairs with two or more women and had given one of them an illegitimate child.

His campaign managers were indignant, said they could produce the top leaders of the day who could swear and prove beyond doubt that the vicious attack was nothing more than a lie and political smear. A man in such high position can always find thousands ready to rush to his defense, to lie, if necessary.

But Grover Cleveland showed more real character than his attackers.

"No man has to lie for Grover Cleveland," he wired back to his campaign headquarters. "Tell them the truth. Tell them Grover Cleveland admits the report is true, the child is mine."

Needless to say, the fact didn't hurt him. He won by a sizeable majority.

People still respect the truth and fair play.

So nobody should get too upset over the charges flying today. They are expected in every campaign. Voters nearly always have the intelligence and good sense to make up their own minds.

POTTER RITES HEID

Mrs. Raymond Newsome of Benson is among the surviving daughters of Mrs. Effie Mitchell Potter, 72, of Selma. Funeral services were held Sunday.

OF BIRDS AND HUBERT
TULSA, Okla. — Former Vice President Richard Nixon told a cheering crowd at Tulsa, "Lyndon is no bargain, but add Hubert and that is just too much."

"I was told in Texas that the people there think of the administration as 'of the birds, by the birds, and for the birds.'"
"..... and they're calling Humphrey 'mocking bird'."

J. A. Senter, Mayor of Lillington and well-known Harnett farmer, introduced a motion at the Farm Bureau go on record in support of the proposed \$100 - million dollar state school bond issue on November 3. The group promptly endorsed Senter's motion.

A barbecue dinner was served to about 300 Farm Bureau members and their families prior to the meeting.

Car, Truck Stolen

Coats reported a 1958 Chevrolet stolen from S. Railroad Ave. where he had parked it. It was stolen about 9 pm and about 1 am. Policemen J. L. Jones and Sherrill Allen spotted it on N. Railroad Ave. and gave chase.

As they approached the car, the driver, a Negro man, got out and fled. He got away, but they recovered the car.

Hospital

Casper Tart property as the site. However, a move is reportedly underway to seek a recall election to void the Dunn bond vote.

Mayor Blalock and the doctors point out that a county hospital could be built large enough to provide adequate facilities for the entire county at a cost of only a few pennies to taxpayers spread over the county instead of the smaller Dunn hospital which the mayor says would increase taxes here at least 51 cents per hundred and possibly more.

A member of the county board said today that commissioners are aware of the Dunn hospital situation but felt that a request from a majority of doctors warranted the meeting to fully explore the county hospital idea.

Chairman Myres Tilghman of Betsy Johnson said last week his office was not interested in a county hospital and there were indications today that members of his board will decline to attend the meeting.

Meanwhile, Mayor Blalock said the idea of a county hospital is receiving more and more support locally and he has been deluged with phone calls agreeing with his position that operation of a hospital is too big a project for the town. Only one other town in the State operates a hospital.

Johnson

er port of Florida's Goldwater country, Johnson said America's strength has flowed, "from the fact that our great political parties have always represented varied interests and the broad common judgement of the American people."

He declared: "These are the most radical proposals ever made to the American people. They would destroy the foundation of our prosperity and our hopes for future growth."

"There is now only one course. We must crush this threat to American life. We must get on with the work of building America."

Johnson spoke at a shopping center rally in Orlando, a haven for retired people, to start his full day of stumping the South.

Trick or Treat

Just 15 years ago, a few Sunday School pupils decided to ring doorbells on behalf of the United Nations Children's Fund for the first time. "This year, we expect over three million American youth to follow that example in every state of the Union," a report said.

In Dunn the program will be organized by the Methodist Youth Fellowship of Divine Street with all church Senior High youth being invited to participate. "Specially prepared Halloween collection cartons will be at their disposal, as well as posters and other materials," Rev. Wallace Kirby said.

Children go to bed hungry every night in Asia, Africa, Latin America and the Middle East. "For our own youth," Rev. Kirby added, "it is a joy and a source of gratification to share their Halloween 'treats' with them in the form of coins which will provide desperately needed food and medicine."

Will you have your money ready to share with the young people of our town on Saturday night? When they knock on your door.
