BELGIAN AIRLINER SHOT DOWN

Hopes Dimmed For Rescue Of 500 Hostages

LEOPOLDVILLE, The Congo (UPI) — A chartered Belgian airliner Sunday night crashed and burned during a takeoff from Stanleyville Airport, it was reported today. There were conflicting reports of the death toll.

In Brussels, the Belgian government Institute for Information and Documentation (INBEL), said the plane was shot down by rebel gunfire and that 44 persons were believed to have been killed.

Reports received here said seven crewmembers and passengers aboard the four-engine DC4 were killed. Other sources said 33 persons were killed and seven injured. The reports said the plane had a crew of four-three Belgians and Congolese steward.

One report identified one of the injured as a Col. Leigeois, Belgian commander of a white mercenary unit.

The plane had transported ammunition and supplies to Congolese army troops in Stanleyville. It was owned by the Belgian International Air Service (BIAS) and chartered by the Congolese government.

The plane crash report came as hopes dimmed for saving more than 500 white hostages in rebel-held territory. New bloodbaths were feared.

Admitted Three Rape-Killings; Accused In Four Other Rapes

Boy, 16, Gets Three Life Terms

CLEARWATER, Fla. (UPI)—Steve Washington, 16, was sentenced Monday to three life terms in state prison, the terms to run consecutively.

The young St. Petersburg Negro had pleaded guilty to three counts of first degree murder in the rape-strangulation deaths last year of three elderly white women.

Judge Allen C. Anderson told the husky youth that he made the sentences consecutive "to exclude the possibility that you will ever be paroled."

Washington, who also was accused of four other rapes, sat

silent and motionless through the morning-long hearing. When asked by Judge Anderson if he had anything to say before being sentenced, Washington shook his head.

"Your answer is no?" Anderson asked. "Yes," the youth whispered in a barely audible tone.

Sunday AM Raid Pays Off

Liquor Still Found Woman Arrested

Carrie McLean, 40, Buie's Creek Negro woman, is facing trial in Harnett Recorder's Court at the Dec. 10 session for possession of a whiskey distillery and a sizeable amount of whiskey.

She was arrested during a raid conducted Sunday by Rural policeman Lemuel Gregory, Carson Hall, and Sherwood West and Dunn Constable Lonnie Jackson.

The officers said they found a very complete liquor plant set up in an abandoned dwelling house owned by the McLean woman and located just a short distance from her home.

Apparently in operation for four or five months, the four-barrel distillery was well concealed and the smoke from the plant was piped out the chimney of the house to avoid suspicion. Water for the distillery was piped in from an outside well.

Liquor Is Smashed Officers said there was a well-trod path leading from the McLean home to the liquor plant. The woman said she was puzzled as to how the liquor still happened

to be located on her property. Officers said her husband, Dave McLean, has a record for dealing in whiskey.

A sizeable quantity of bootleg whiskey was found in sacks hidden in bushes near the home. It was smashed at the site. About 250 gallons of fermented mash found inside the distillery house was also poured out.

State Solons Will Meet With City Council

Recreation Director Sought

Chairman Melvin Bass and other members of the Dunn Recreation Commission will appear before Dunn's city council Wednesday night at 7:30 o'clock to request funds to employ a full-time recreation director for the town.

Harnett's two legislators, Senator Robert Morgan of Lillington and Rep. Carson Gregory of Angier, will also meet with the city officials to discuss legislation favored by the town and the N. C. League

of Municipalities. Other matters will also come before the board.

City Manager Archie Uzzle said today the town is now allocating \$9,500 annually to the recreation commission. Of this amount, \$7500 comes from ABC store funds and \$2,000 from beer and wine taxes.

Legally, pointed out Mr. Uzzle, "the town can't spend a dime for recreational purposes since State law provides that only accumulated

surpluses can be spent for such items as libraries and recreation and that the town has "no accumulated surplus."

In addition to the \$9,500, the recreation commission also receives any profits accrued from operation of the swimming pool. Members of the recreation commission feel that a full-time director is one of the town's important needs.

Charles Turnage, a member, pointed out today that local recreation officials felt embarrassed during the weekend when the town played host to a midweek football team from South Plainfield, New Jersey. He said a comparison between the recreation program of the two towns made it look bad for Dunn. He pointed out that equipment of the visitors was much superior to that of the local players. It was reported, however, that funds in South Plainfield are secured by public subscription.

The theft occurred last July 15 on one of Mr. DeMal's farms. DeMal charges that McDonald took the tractor from his farm and damaged the vehicle before it was recovered. He said McDonald had agreed to pay for damages to the Allis-Chalmers tractor but had not done so.

A hearing has been set for Thursday.

Operator Held For Driving Drunk

Mrs. Ethel Butler Is Struck By Car

Mrs. Ethel Butler, 71, of N. Magnolia Ave., longtime resident of Dunn, was seriously injured Sunday night as she stood beside the curb near the N. Clinton Avenue Baptist Church.

Police Chief Alton Cobb said Ernest G. Clifton, 45, of Benson, Route 2, driver of the automobile, was arrested and charged with driving drunk.

Mrs. Butler was treated at Betsy Johnson Hospital in Dunn and then transferred to Rex Hospital at Raleigh for surgery. The full extent of her injuries was not determined immediately. Chief Cobb said Mrs. Butler and

Mrs. K. M. Fail were standing beside the curb, right up against it, engaged in conversation when the car operated by Clifton careened and struck her.

He said witnesses who had been driving behind the Clifton car reported he had been doing "some bad driving." They will appear to testify against him when the case comes to trial Dec. 7 in the Dunn court.

Chief Cobb said Mrs. Fail was so emotionally shaken up by the accident that she also required treatment. Mrs. Butler is a member of a well-known Dunn family.
